

Apprenticeship Levy monitoring

Figure A The number of employees whose employment in England by the body began in the reporting period in question.

1 April 2019 to 31 March 2020

327

Figure B The number of apprentices who began to work for the body in that period and whose apprenticeship agreements also began in that period.

1 April 2019 to 31 March 2020

Apprentices - total	Apprentices	Higher level apprentices
---------------------	-------------	--------------------------

74

57

17

This includes employees who were already working for the body before beginning their apprenticeship, as well as new apprentice hires.

Figure C The number of employees employed in England that the body has at the end of that period.

31-Mar-20

2331

Figure D The number of apprentices who work for the body at the end of that period.

31-Mar-20

94

Public bodies are also required to provide two percentages in order to give context to the other figures. These percentages do not reflect the progress a public body has made towards the target:

Figure E Figure B expressed as a percentage of figure A.

22.63%

Figure F Figure D expressed as a percentage of figure C.

4.03%

If the public body is in their first reporting period they must also provide:

Figure G The number of apprentices who worked for the body immediately before that period.

31-Mar-19

74

In addition, the Apprenticeship Activity Return (Return Section 2) requires public bodies to send the following figures, which will help identify their progress towards meeting the target, to the Department for Education. Public bodies could also consider providing these figures in the Data Publication:

Figure H Headcount on the day before the first day of each reporting period in the target period; and

31-Mar-19

2409

Figure I Figure B expressed as a percentage of figure H

3.07%
