

Redcar & Cleveland Historic Environment Record

Mission Statement

Redcar & Cleveland HER seeks to inform the management and enjoyment of the historic environment by providing an information service for colleagues within Redcar & Cleveland Borough Council, external archaeological contractors and consultants, members of the public (including community and local heritage groups), students and others engaged in academic research, developers, land-agents and managers and national and regional agencies.

The HER is the primary information service for the historic environment within Redcar & Cleveland Borough Council. It is managed in accordance with national standards of good practice and aims to continue its development as an accurate, comprehensive and actively maintained resource.
