Application requirements

An application for a new consent location must include:

- A plan of the proposed area you wish to trade from, and
- Photographs of the vehicle, stall, barrow or similar that you wish to trade from.

Submitting your application

This application form must be fully completed and returned to the licensing team:

- by email to LicensingAdmin@redcar-cleveland.gov.uk
- or by post to Redcar & Cleveland House, Kirkleatham Street, Redcar TS10 1RT

Once we have received your application, it will be sent to various responsible authorities who will be able to view the application and make comments if they choose to do so.

If the proposed location is on council land, the council's Strategic Assets team may contact you to discuss and agree terms, including fees, for using the land in question.

Once we have consulted with responsible authorities, if there are no objections to the application, we will contact you and request payment for the street trading consent. Once we have received payment, the consent will be granted.

If there are objections to your application, you will be given the option of applying for a different location or attending the council's licensing committee who will determine the application.

Please be advised that a street trading consent does not give you permission to use land and you should always request permission from the owner of the land that you wish to trade.

How to pay

Payments can be made:

- online at www.redcar-cleveland.gov.uk (select the 'Pay for it' option then follow the instructions until you see a list payment types, select 'Licensing' then enter your payment details),
- in person at Seafeld House, Kirkleatham Street, Redcar, TS10 1RT,
- by telephone on 01642 774774 (select option 4 to speak to one of our Customer Service representatives)

When making a payment you will need to provide your licence reference.

How we collect and use information

The information collected on this form and from supporting documentation will be used by the council to process your application. We may also share your information with other bodies for the purposes of assessing your application or continuing fitness to hold a licence.

This authority is under a duty to protect the public funds it administers. We may share information internally and externally with other organisations responsible for auditing or administering public funds, or where undertaking a public function, to prevent and detect fraud, including data to be used as part of the National Fraud Initiative.
