

REDCAR ADULT LEARNING SERVICE

# SAFEGUARDING

Safeguarding is **everyone's** responsibility.

Everyone who comes into contact with children, vulnerable adults and their families has a role to play.

Some learning environments with RACALS are within settings such as primary schools, family hubs and within Redcar and Cleveland College where non-RACALS learners are under the age of 18.

Learner badges must be worn at all times so that other learners and staff are aware that learners are enrolled with RACALS.
