Part 1 - Summary and Explanation

Summary and Explanation

The Council's Constitution

Redcar and Cleveland Borough Council has agreed a constitution which sets out how the Council operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. Some of these processes are required by the law, while others are a matter for the Council to choose.

The Constitution is divided into 16 articles – which set out the basic rules governing the Council's business. More detailed procedures and codes of practice are provided in separate rules and protocols at the end of the document.

What's in the Constitution?

Article 1 of the Constitution commits the Council to provide clear local leadership through partnership, efficiency, accountability, creativity and transparency. Articles 2 – 16 explain the rights of citizens and how the key parts of the Council operate.

These are:

- Members of the Council (Article 2).
- Citizens and the Council (Article 3).
- The Council meeting (Article 4).
- Chairing the Council (Article 5).
- Overview and scrutiny of decisions (Article 6).
- The Cabinet (Article 7).
- Regulatory and other committees (Article 8).
- The Governance Committee (Article 9).
- Neighbourhood Action Partnerships (Article 10).
- Joint arrangements (Article 11).
- Officers (Article 12).
- Decision making (Article 13).
- Finance, contracts and legal matters (Article 14).
- Review and revision of the Constitution (Article 15).
- Suspension, interpretation and publication of the Constitution (Article 16).

It should be noted that, within this document, references to any legislation include subsequent legislation which amends or varies the legislation stated.

How the Council operates

The Council is composed of 59 councillors elected every four years. Councillors are democratically accountable to residents of their ward. The overriding duty of councillors is to the whole community, but they have a special duty to their constituents, including those who did not vote for them.

Councillors have to agree to follow a code of conduct to ensure high standards in the way they undertake their duties. The Governance Committee trains and advises them on the code of conduct.

All councillors meet together as the Council. Meetings of the Council are normally open to the public. Here councillors decide the Council's overall policies and set the budget each year. The Council makes the appointments to the Cabinet, the Scrutiny Committees, the regulatory and Governance committees etc. It also makes the policy of the Council and hosts a public question time.

How decisions are made

The executive is the part of the Council which is responsible for most day-to-day decisions. The executive is made up of a Cabinet of the Leader and between two and nine elected members appointed by the Leader each with a portfolio from time to time determined by the Leader. When major decisions (called 'key decisions') are to be discussed or made, these are published in the Cabinet's forward plan in so far as they can be anticipated. If these major decisions are to be discussed with council officers at a meeting of the Cabinet, this will generally be open for the public to attend except where personal or confidential matters are being discussed. The Cabinet has to make decisions which are in line with the Council's overall policies and budget. If it wishes to make a decision which is outside the budget or policy framework, this must be referred to the Council as a whole to decide.

Overview and Scrutiny

Overview and scrutiny supports the work of the Cabinet and the Council as a whole by holding the Cabinet to account for its decision making and also by allowing citizens to have a greater say in Council matters by holding inquiries into matters of local concern. These lead to reports and recommendations which advise the Cabinet and the Council as a whole on its policies, budget and service delivery. The Corporate Resources and Governance Scrutiny and Improvement Committee and other Scrutiny and Improvement Committees manage the process, commissioning Scrutiny Panels to conduct the inquiries and directly holding the Cabinet to account for its decisions and the performance of the Council against its objectives. The Overview and Scrutiny function can 'call-in' a decision which has been made by the Cabinet but not yet implemented. This enables it to consider whether the decision is appropriate. It may recommend that the Cabinet reconsider the decision. It may also be consulted by the Cabinet or the Council on forthcoming decisions and the development of policy. The Regulatory Committee also has an overview and scrutiny mode for commenting on the Development Plan and planning policies.

In order to give local citizens a greater say in council affairs, Neighbourhood Action Partnerships have been created and will be responsible for executive

functions/advising on matters of concern locally. They will involve councillors for each particular area and will be held in public.

Neighbourhood Action Partnerships

In order to allow Members to oversee the work of area based environment and community safety teams and community safety initiatives, and to give local citizens a greater say in Council affairs 24 Neighbourhood Action Partnerships have been created. They involve Councillors from each particular area and are held in public. The purpose and composition of the Neighbourhood Action Partnerships are set out in more detail in Article 10.

The Council's Staff

The Council has people working for it (called 'officers') to give advice, implement decisions and manage the day-to-day delivery of its services. Some officers have a specific duty to ensure that the Council acts within the law and uses its resources wisely. A code of practice governs the relations between officers and members of the council.

Citizens' Rights

Citizens have a number of rights in their dealings with the Council. These are set out in more detail in Article 3. Some of these are legal rights, whilst others depend on the Council's own processes. The local Citizens' Advice Bureau can advise on individuals' legal rights.

Where members of the public use specific council services, for example as a parent of a school pupil or as a council tenant, they have additional rights. These are not covered in the Constitution.

Citizens have the right to:

- vote at local elections if they are registered;
- contact their local councillor about any matters of concern to them;
- obtain a copy of the Constitution;
- attend meetings of the Council and its committees except where, for example, personal or confidential matters are being discussed;
- petition to request a referendum on a mayoral form of executive;
- participate in the Council's question time and contribute to investigations by overview and scrutiny;
- find out, from the Cabinet's forward plan, what major decisions are to be discussed by the Cabinet or decided by the Cabinet or officers, and when;
- attend meetings of the Cabinet where key decisions are being discussed or decided;
- see reports and background papers, and any record of decisions made by the Council and Cabinet;
- complain to the Council about the delivery of Council services;

- complain to the Ombudsman if they think the Council has not followed its procedures properly. However, they should only do this after using the Council's own complaints process;
- complain to the Monitoring Officer if they have evidence which they think shows that a councillor has not followed the Council's Code of Conduct; and
- inspect the Council's accounts and make their views known to the external auditor.
- Petition the Council in relation to local issues

The Council welcomes participation by its citizens in its work. For further information on your rights as a citizen, please contact the Governance Section by telephoning on 01642 774 774 to receive a statement of your rights. We will also try to answer your questions.

A community governance review is a review of the whole or part of the council's area for the purpose of making recommendations on a parish. This recommendation may be about the naming of parishes, the merging, de-grouping or abolishing of parishes and a change in the electoral arrangements for parishes. A review can also be triggered if a valid petition is presented to the council which asks for a review to be undertaken.

Schedule 1: Description of Arrangements

The following parts of this Constitution constitute the executive arrangements:

1. Article 6 (Overview and Scrutiny committees) and the Overview and Scrutiny Procedure Rules;
2. Article 7 (The Cabinet) and the Executive Procedure Rules;
3. Article 10 (Neighbourhood Action Partnerships);
4. Article 11 (Joint arrangements);
5. Article 13 (Decision making) and the Access to Information Procedure Rules;
6. Part 3 (Responsibility for Functions).

Part 3 – Responsibility for Functions

Responsibility for Functions

Preamble

This part of the Constitution explains who is responsible for the various functions of the Council. The overall principle is that the Cabinet runs the Council, making all the “in year” decisions. However, its decisions have to be in accordance with the budget and policy framework, which only the Council can set. Usually the Cabinet will propose the budget and policies to the Council for consideration. As a check and balance to the Cabinet’s wide powers that they have so that they are able to run the Council properly, the Overview and Scrutiny function has powers to arrange for Cabinet decisions to be “called in”. This is to ensure that the Cabinet acts in accordance with the Constitution.

Where the business being transacted is not about running the Council but granting or withholding a benefit (e.g. a licence or planning permission), where there is requirement for procedural fairness, these decisions cannot be taken by the Cabinet.

So it is important to know who is responsible for the various functions of the Council so that Councillors and the public can tell whether the Council is acting constitutionally.

The responsibility for carrying out all functions are governed by regulations (“the functions regulations”) which have been made (and will from time to time be added to and amended) under powers contained in the Local Government Act 2000. At the time of writing the Regulations are:

- The Local Authorities (Functions and Responsibilities) (England) Regulations 2000.
- The Local Authorities (Functions and Responsibilities) (England) (Amendment) Regulations 2001.
- The Local Authorities (Functions and Responsibilities) (England) (Amendment) Regulations 2004.

The responsibility for functions in this Constitution are as described by the functions regulations. Functions fall into three categories.

1. Non-Executive Functions

These are functions which, under the law, may not be the responsibility of the Cabinet. In some cases, such as adopting the Council’s budget or the policy framework, only the full Council meeting may take the decision. In other cases, the Council may delegate the responsibility for the decision to a Committee or an Officer. Annex A sets out which non-executive functions will be exercised by the full Council and which will be delegated to specified committees or officers. Where functions are being exercised by full Council, they will normally appear on the Council Meeting Agenda either as:

- Minutes of the Cabinet expressed to be for determination by the Council
- Reports from Committees, including Scrutiny and Improvement Committees arising as a result of “call-in” or as “Select” Committee activity
- Reports from Officers or others (e.g. the District Auditor).

2. 'Local Choice' Functions

There are some functions which the Council may treat as being the responsibility of the Cabinet (in part or whole) or as being non-executive, at its discretion. Again these functions can be delegated to officers. Annex B shows who is authorised to take the decision.

3. Executive Functions

All other functions are "executive" functions. Decisions on these functions will be taken by the Cabinet unless they are dealt with under joint arrangements or delegated to an officer. The details of these arrangements are set out in Annex C.

4. Neighbourhood Action Partnerships

- 4.1 Article 10 of the Constitution provides for the provision of Neighbourhood Action Partnerships including delegations under this part of the Constitution. Subject to the overall supervision of the Council's executive (referred to as the Cabinet), the Neighbourhood Action Partnerships shall have such delegated authority as is needed to discharge their responsibilities for overseeing the work of the area based environment and community safety teams within the delegated budgets for community safety initiatives and local environment maintenance and improvements within their area.
- 4.2 These delegations are subject to such conventions and protocols from time to time adopted by the Council including in particular those required by legislation to prevent a Neighbourhood Action Partnerships from making a decision which significantly affects a part of the Council's area in respect of which that partnership does not have functions and other matters as may be detailed in the convention or protocol.

5. Rules Relating to Delegations

The following rules relate to delegations:

- (i) The body or person to whom a delegated power is given may (subject to any legal requirement to the contrary) delegate further and for the avoidance of doubt any officer to whom any power or function is delegated may authorise another officer to exercise those powers or functions in his name.
- (ii) Where any function is delegated to a Committee or any other body, or to an officer, the body or person that delegated the function may direct that in any particular case that the delegation is not to apply, and may determine the matter himself/herself/itself.
- (iii) A Committee or other body, or an officer to whom any function is delegated, is not obliged to exercise that delegation and may report to the Council or to the Cabinet (as the case may be) or to any other appropriate body on any delegated matter.

- (iv) The exercise of delegated powers in relation to matters of significance under this Part of the Constitution shall be recorded in writing and reported as soon as is practicable in the Cabinet Business Papers.
- (v) Functions delegated by reference to job titles or posts which have changed will continue in force and shall be exercised by officers whose duties include or most closely correspond to the duties of the post originally referred to.

6. Scheme of Delegation to Officers

This Scheme sets out the powers that have been delegated to officers. They cover functions from all three categories described above. The details of the scheme are set out in Annexe D. Additions and amendments to the Scheme are deemed not to be amendments to the Constitution.

ANNEXE C – RESPONSIBILITY FOR EXECUTIVE FUNCTIONS

Preamble

The Leader determines the scheme of delegation for the discharge of the executive functions of the Council. Subject to this, the Cabinet is responsible for fulfilling the following functions –

- to lead the Community planning process and the search for best value, with input and advice from overview and scrutiny, Neighbourhood Action Partnerships and any other person, as appropriate
- to lead the preparation of the local authority's policies and budgets
- take in-year decisions on resources and priorities, together with other stakeholders and partners in the local community, to deliver and implement the budget and policies decided by the full Council; and
- to be a focus for forming partnerships with other local public, private, voluntary and community sector organisations to address public needs

Roles, Responsibilities and Delegations

The functions which are the responsibility of the Cabinet can be discharged collectively or individually by members of the Cabinet. In Redcar and Cleveland's Constitution, the members of the Cabinet appointed by the Leader have a portfolio for which they are responsible and have delegated authority under this Constitution to decide any matter within their respective portfolio subject to the provisions of this Annexe.

In the event of any disagreement between Cabinet Members as to whether any particular item falls within their portfolios, the Leader of the Council will determine the issue following consultation with the statutory officers and the relevant Director(s) after considering the views of the Cabinet Members whose portfolios are affected.

The Leader of the Council will then give written notice to the proper officer (the Monitoring Officer) of his decision. The proper officer will then notify in writing the Cabinet Members and publicise the decision in the same manner as executive decisions are published. Such decisions are not subject to call-in.

The delegations to Cabinet Members do not derogate from the Scheme of Delegation to Officers which is detailed in this part of the constitution and is subject to the rules set out herein.

Joint Arrangements

Table 4 below describes briefly those executive functions that are delegated to a joint committee or arrangement with details of any advisory joint committee set up to advise the authorities concerned (and/or their executives) on the discharge of such functions.

Further information on the exact nature of the delegated functions is contained in the relevant legal agreement.

10. QUESTIONS BY THE PUBLIC

10.1 General

Members of the public may ask questions of members of the Cabinet at ordinary meetings of the Council.

10.2 Order of questions

Questions will be asked in the order notice of them was received, except that the chair may group together similar questions.

10.3 Notice of questions

A question may only be asked if notice has been given by delivering it in writing or by electronic mail to the Chief Executive no later than midday 10 calendar days before the day of the meeting. Each question must give the name and address of the questioner and must name the member of the Council to whom it is to be put. In order to comply with the requirements of the Freedom of Information Act 2000, a questioner submitting a question more than 20 working days before the meeting in question will be given the opportunity to have it dealt with by officers rather than waiting for the meeting to take place. The Mayor may exercise discretion to accept a question submitted after the 10 day notice period.

10.4 Number of questions

At any one meeting no person may submit more than 3 questions and no more than 3 such questions may be asked on behalf of one organisation.

- is defamatory, frivolous or offensive;
- is substantially the same as a question which has been put at a meeting of the Council in the past six months; or
- requires the disclosure of confidential or exempt information.

The Chief Executive will enter each question in a book open to public inspection and will immediately send a copy of the question to the member to whom it is to be put. Rejected questions will include reasons for rejection.

Copies of all questions will be circulated to all members and will be made available to the public attending the meeting.

10.7 Asking the question at the meeting

The chair will invite the questioner to put the question to the member named in the notice. If a questioner who has submitted a written question is unable to be present, they may ask the chair to put the question on their behalf. The chair may ask the question on the questioner's behalf, indicate that a written reply will be given or decide, in the absence of the questioner, that the question will not be dealt with.

10.8 Supplemental question

A questioner who has put a question in person may also put one supplementary question without notice to the member who has replied to his or her original question. A supplementary question must arise directly out of the original question or the reply. The chair may reject a supplementary question on any of the grounds in Rule 10.5 above.

10.9 Written answers

Any question which cannot be dealt with during public question time, either because of lack of time or because of the non-attendance of the member to whom it was to be put, will be dealt with by a written answer.

10.10 Reference of question to the Cabinet or a committee

Unless the chair decides otherwise, no discussion will take place on any question, but any member may move that a matter raised by a question be

referred to the Cabinet or the appropriate committee or sub-committee. Once seconded, such a motion will be voted on without discussion.

5. ACCESS TO AGENDA AND REPORTS BEFORE THE MEETING

The Council will make copies of the agenda and reports open to the public available for inspection at the designated office at least five clear days before the meeting. If an item is added to the agenda later, the revised agenda (where reports are prepared after the summons has been sent out, the designated officer shall make each such report available to the public as soon as the report is completed and sent to councillors) will be open to inspection for the time the item was added to the agenda.

The Council will make available copies of the following for six years after a meeting:

- (a) the minutes of the meeting or records of decisions taken, together with reasons, for all meetings of the Cabinet excluding any part of the minutes of proceedings when the meeting was not open to the public or which disclose exempt or confidential information;
- (b) a summary of any proceedings not open to the public where the minutes open to inspection would not provide a reasonably fair and coherent record;
- (c) the agenda for the meeting; and
- (d) reports relating to items when the meeting was open to the public.

8.1 List of background papers

The Chief Executive will set out in every report a list of those documents (called background papers) relating to the subject matter of the report which in his/her opinion:

10.2 Exempt information – discretion to exclude public

The public may be excluded from meetings whenever it is likely in view of the nature of the business to be transacted or the nature of the proceedings that exempt information would be disclosed.

Where the meeting will determine any person's civil rights or obligations, or adversely affect their possessions, Article 6 of the Human Rights Act 1998 establishes a presumption that the meeting will be held in public unless a private hearing is necessary for one of the reasons specified in Article 6.

10.3 Meaning of confidential information

Confidential information means information given to the Council by a Government Department on terms which forbid its public disclosure or information which cannot be publicly disclosed by Court Order.

10.4 Meaning of exempt information

Information is exempt from public disclosure if it falls into one of the 7 categories below, subject to a public interest test.

Public interest has been described as “something which is of serious concern and benefit to the public”. It has also been held that public interest does not mean what is of interest to the public but what is in the interest of the public. When applying this exemption, it must be considered whether, in all the circumstances of the case, the public interest in disclosing the information is not outweighed by that in maintaining the exemption. If the two are evenly balanced, the presumption should always be in favour of disclosure.

(NB: Paragraph numbers of the categories mirror those contained in Part 1 of Schedule 12A, as amended of the Local Government Act 1972.)

12. **APPLICATION OF RULES TO THE CABINET**

Rules 13-24 apply to the Cabinet and its committees.

The forward plan will contain matters which the chair has reason to believe will be subject of a key decision to be taken by the Cabinet, a committee of the Cabinet, individual members of the Cabinet, officers, or under joint arrangements in the course of the discharge of an executive function during the period covered by the plan. It will describe the following particulars in so far as the information is available or might reasonably be obtained:

- (b) the proper officer has informed the chair of a relevant Scrutiny and Improvement committee, or if there is no such person, each member of that committee in writing, by notice, of the matter to which the decision is to be made;
- (c) the proper officer has made copies of that notice available to the public at the offices of the Council and published it on the Council's website;
- (d) as soon as reasonably practicable after compliance with the preceding requirements of this Rule, the proper officer has made copies of a notice available to the public stating why compliance with Rule 14.2 is impracticable and also published this on the Council's website.
- (e) at least 5 clear days have elapsed since the proper officer complied with (b) and (c).

Where such a decision is taken collectively, it must be taken in public.

16. **SPECIAL URGENCY**

- 16.1 If by virtue of the date by which a decision must be taken Rule 15 (general exception) cannot be followed, then the decision can only be taken if the decision taker (if an individual) or the chair of the body making the decision, obtains the agreement of the chair of a relevant Scrutiny and Improvement committee that the taking of the decision cannot be reasonably deferred. If there is no chair of a relevant Scrutiny and Improvement committee, or if the chair of the relevant Scrutiny and Improvement committee is unable to act, then the agreement of the Mayor or in his/her absence the Deputy Mayor will suffice.
- 16.2 As soon as reasonably practicable after agreement has been obtained under Rule 16.1 that the making of the decision is urgent and cannot reasonably be deferred, the proper officer must make copies available to the public of a notice setting out the reasons that the meeting is urgent and cannot reasonably be deferred and publish that notice on the Council's website.

17. REPORT TO COUNCIL

17.1 When a Scrutiny and Improvement committee can require a report

If the Corporate Resources and Governance Scrutiny and Improvement Committee thinks that a key decision has been taken which was not:

- (a) included in the forward plan; or
- (b) the subject of the general exception procedure; or
- (c) the subject of an agreement with a relevant Scrutiny and Improvement committee chair, or the Mayor/Deputy Mayor of the Council under Rule 16;

it may require the Cabinet to submit a report to the Council within such reasonable time as it specifies. The power to require a report rests with the Corporate Resources and Governance Scrutiny and Improvement Committee, but is also delegated to the proper officer, who shall require such a report on behalf of the Corporate Resources and Governance Scrutiny and Improvement Committee when so requested by the chair or any 5 members. Alternatively the requirement may be raised by resolution passed at a meeting of the Corporate Resources and Governance Scrutiny and Improvement Committee.

17.2 Cabinet's report to Council

The Cabinet will prepare a report for submission to the next available meeting of the Council. However, if the next meeting of the Council is within 7 days of receipt of the written notice of the resolution of the committee, then the report may be submitted to the meeting after that. The report to Council will set out particulars of the decision, the individual or body making the decision, and, if the Leader of the Council is of the opinion that it was not a key decision, the reasons for that opinion.

17.3 Quarterly reports on special urgency decisions

In any event the Leader of the Council will submit quarterly reports to the Council on the Cabinet decisions taken in the circumstances set out in Rule 16 (special urgency) in the preceding three months. The report will include the number of decisions so taken and a summary of the matters in respect of which those decisions were taken.

18. RECORD OF DECISIONS

After any meeting of the Cabinet or any of its committees, whether held in public or private, the Chief Executive, or, where no officer was present, the person presiding at the meeting, will produce a record of every decision taken at that meeting as soon as practicable. The record will include a statement of the reasons for each decision and any alternative options considered and rejected at that meeting.

19. CABINET MEETINGS RELATING TO MATTERS WHICH ARE NOT KEY DECISIONS

The Cabinet will decide whether meetings relating to matters which are not key decisions will be held in public or private.

20. NOTICE OF PRIVATE MEETING OF THE CABINET

This notice will include details of any representations received about why the meeting should be open to the public and a statement of response to any such representations.

21. ATTENDANCE AT PRIVATE MEETINGS OF THE CABINET

- 21.1 a) All members of the Cabinet will be served notice of all private meetings of committees of the Cabinet, whether or not they are members of that committee.
- b) All members of the Cabinet are entitled to attend a private meeting of any committee of the Cabinet.
- 21.2 a) The head of the paid service, the chief financial officer and the monitoring officer, and their nominees are entitled to attend any meeting of the Cabinet and its committees. The Cabinet may not meet unless the proper officer has been given reasonable notice that a meeting is to take place.
- b) A private Cabinet meeting may only take place in the presence of the proper officer or his/her nominee with responsibilities for recording and publicising the decisions.

22. DECISIONS BY INDIVIDUAL MEMBERS OF THE CABINET

22.1 Reports intended to be taken into account

Where an individual member of the Cabinet receives a report which he/she intends to take into account in making any key decision, then he/she will not make the decision until at least 5 clear days after receipt of that report.

22.2 Provision of copies of reports to Scrutiny and Improvement

On giving of such a report to an individual decision maker, the person who prepared the report will give a copy of it to every relevant Scrutiny and Improvement chair as soon as reasonably practicable, and make it publicly available at the same time. This does not require the disclosure of exempt or confidential information or advice from a political assistant.

22.3 Record of individual decision

As soon as reasonably practicable after a Cabinet decision has been taken by an individual member of the Cabinet or a key decision has been taken by an officer, he/she will prepare, or instruct the proper officer to prepare, a record of the decision, a statement of the reasons for it and any alternative options considered and rejected. The provisions of Rules 7 and 8 (inspection of documents after meetings) will also apply to the making of decisions by individual members of the Cabinet. This does not require the disclosure of exempt or confidential information or advice from a political or mayor's assistant.

23. OVERVIEW AND SCRUTINY ACCESS TO DOCUMENTS

23.1 Rights to copies

Subject to Rule 23.2 below, any Scrutiny and Improvement committee or scrutiny panel will be entitled to copies of any document which is in the possession or control of the Cabinet or its committees and which contains material relating to:

- (a) any business transacted at a public or private meeting of the Cabinet or its committees or
- (b) any decision taken by an individual member of the Cabinet.

23.2 Limit on rights

An Scrutiny and Improvement committee or scrutiny panel will not be entitled to:

- (a) any document that is in draft form;
- (b) any part of a document that contains exempt or confidential information, unless that information is relevant to an action or decision they are reviewing or scrutinising or intend to scrutinise; or
- (c) the advice of a political adviser.

24. ADDITIONAL RIGHTS OF ACCESS FOR MEMBERS

24.1 Material relating to previous business

All members will be entitled to inspect any document which is in the possession or under the control of the Cabinet or its committees and contains material relating to any business previously transacted at a private meeting unless either (a) or (b) below applies.

- (b) it contains the advice of a political adviser.

24.2 Material relating to key decisions

All members of the Council will be entitled to inspect any document (except those available only in draft form) in the possession or under the control of the Cabinet or its committees which relates to any key decision unless paragraph (a) or (b) above applies.

24.3 **Nature of rights**

These rights of a member are additional to any other right he/she may have.

Budget and Policy Framework Procedure Rules

1. The framework for Cabinet decisions

The Council will be responsible for the adoption of its budget and policy framework as set out in Article 4. Once a budget or a policy framework is in place, it will be the responsibility of the Cabinet to implement it.

2. Process for developing the framework

- (a) The council will publicise by including in the forward plan a timetable for making proposals to the Council for the adoption of any plan, strategy or budget that forms part of the budget and policy framework, and its arrangements for consultation after publication of those initial proposals. The chairs of Scrutiny and Improvement committee(s) will also be notified.
- (b) At the end of the consultation period, the council will then draw up firm proposals having regard to the responses to that consultation. If the overview and scrutiny function wishes to respond to the Cabinet in that consultation process then it may do so. As the Corporate Resources and Governance Scrutiny and Improvement Committee and Scrutiny and Improvement Committees have responsibility for fixing their work programme, it is open to them to investigate, research or report in detail with policy recommendations before the end of the consultation period. The Cabinet will take any response from the overview and scrutiny function into account in drawing up firm proposals for submission to the Council, and its report to Council will reflect the comments made by consultees and the Cabinet's response.
- (c) Once the Cabinet has approved the firm proposals, the proper officer will refer them at the earliest opportunity to the Council for decision.
- (d) In reaching a decision, the Council may adopt the Cabinet's proposals, amend them, refer them back to the Cabinet for further consideration, or in principle, substitute its own proposals in their place.
- (e) If it accepts the recommendation of the Cabinet without amendment, the Council may make a decision which has immediate effect. Otherwise, it may only make an in-principle decision. In either case, the decision will be made on the basis of a simple majority of votes cast at the meeting.
- (f) The decision will be publicised in accordance with Article 4 and a copy shall be given to the Leader of the Council.
- (g) An in-principle decision will automatically become effective 5 days from the date of the Council's decision, unless the Leader of the Council informs the proper officer in writing within 5 days that he/she objects to the decision becoming effective and provides reasons why;

- (h) In that case, the proper officer will call a Council meeting within a further 5 days. The Council will be required to re-consider its decision and the Leader of the Council's written submission within 5 days. The Council may
 - (i) approve the Cabinet's recommendation by a simple majority of votes cast at the meeting; or
 - (ii) approve a different decision which does not accord with the recommendation of the Cabinet by a simple majority;
- (i) The decision shall then be made public in accordance with Article 4, and shall be implemented immediately;
- (j) In approving the budget and policy framework, the Council will also specify the extent of virement within the budget and degree of in-year changes to the policy framework which may be undertaken by the Cabinet, in accordance with paragraphs 5 and 6 of these Rules (virement and in-year adjustments). Any other changes to the policy and budgetary framework are reserved to the Council.

3. Decisions outside the budget or policy framework

- (a) Subject to the provisions of paragraph 5 (virement) the Cabinet, committees of the Cabinet, individual members of the Cabinet and any officers, Neighbourhood Action Partnerships or joint arrangements discharging executive functions may only take decisions which are in line with the budget and policy framework. If any of these bodies or persons wishes to make a decision which is contrary to the policy framework, or contrary to or not wholly in accordance with the budget approved by full council, then that decision may only be taken by the Council, subject to 4 below.
- (b) If the Cabinet, committees of the Cabinet, individual members of the Cabinet and any officers, Neighbourhood Action Partnerships or joint arrangements discharging executive functions want to make such a decision, they shall take advice from the monitoring officer and/or the chief financial officer as to whether the decision they want to make would be contrary to the policy framework, or contrary to or not wholly in accordance with the budget. If the advice of either of those officers is that the decision would not be in line with the existing budget and/or policy framework, then the decision must be referred by that body or person to the Council for decision, unless the decision is a matter of urgency, in which case the provisions in paragraph 4 (urgent decisions outside the budget and policy framework) shall apply.

4. Urgent decisions outside the budget or policy framework

- (a) The Cabinet, a committee of the Cabinet, an individual member of the Cabinet or officers, Neighbourhood Action Partnerships or joint arrangements discharging executive functions may take a decision

which is contrary to the Council's policy framework or contrary to or not wholly in accordance with the budget approved by full Council if the decision is a matter of urgency. However, the decision may only be taken:

- (i) if it is not practical to convene a quorate meeting of the full Council; and
- (ii) if the relevant Scrutiny and Improvement chair agrees that the decision is a matter of urgency.

The reasons why it is not practical to convene a quorate meeting of full Council and for the consent of the relevant Scrutiny and Improvement chair to the decision being taken as a matter of urgency must be noted on the record of the decision. In the absence of the chair of a relevant Scrutiny and Improvement committee the consent of the Mayor and in the absence of both the Deputy Mayor will be sufficient.

- (b) Following the decision, the decision taker will provide a full report to the next available Council meeting explaining the decision, the reasons for it and why the decision was treated as a matter of urgency.

5. Virement

Virement shall be undertaken only in accordance with the Financial Procedure Rules set out in this Constitution.

6. In-year changes to policy framework

The responsibility for agreeing the budget and policy framework lies with the Council and decisions by the Cabinet, a committee of the Cabinet an individual member of the Cabinet or officers, Neighbourhood Action Partnerships or joint arrangements discharging executive functions must be in line with it. No changes to any policy framework may be made by those bodies or individuals except those changes:

- (a) which will result in the closure or discontinuance of a service or part of service to meet a budgetary constraint;
- (b) necessary to ensure compliance with the law, ministerial direction or government guidance;
- (c) in relation to the policy framework in respect of a policy which would normally be agreed annually by the Council following consultation, but where the existing policy document is silent on the matter under consideration;
- (d) which relate to policy in relation to schools, where the majority of school governing bodies agree with the proposed change.

7. Call-in of decisions outside the budget or policy framework

- (a) Where a Scrutiny and Improvement committee is of the opinion that a Cabinet decision is, or if made would be, contrary to the policy framework, or contrary to or not wholly in accordance with the Council's budget, then it shall seek advice from the monitoring officer and/or chief financial officer.
- (b) In respect of functions which are the responsibility for the Cabinet, the monitoring officer's report and/or chief financial officer's report shall be to the Cabinet with a copy to every member of the Council. Regardless of whether the decision is delegated or not, the Cabinet must meet to decide what action to take in respect of the monitoring officer's report and to prepare a report to Council in the event that the monitoring officer or the chief finance officer conclude that the decision was a departure, and to the Corporate Resources and Governance Scrutiny and Improvement Committee if the monitoring officer or the chief finance officer conclude that the decision was not a departure.
- (c) If the decision has yet to be made, or has been made but not yet implemented, and the advice from the monitoring officer and/or the chief financial officer is that the decision is or would be contrary to the policy framework or contrary to or not wholly in accordance with the budget, the Corporate Resources and Governance Scrutiny and Improvement Committee may refer the matter to Council. In such cases, no further action will be taken in respect of the decision or its implementation until the Council has met and considered the matter. The Council shall meet within 5 days of the request by the Corporate Resources and Governance Scrutiny and Improvement Committee. At the meeting it will receive a report of the decision or proposal and the advice of the monitoring officer and/or the chief financial officer. The Council may either:
 - (i) endorse a decision or proposal of the Cabinet decision taker as falling within the existing budget and policy framework. In this case no further action is required, save that the decision of the Council be minuted and circulated to all councillors in the normal way; or
 - (ii) amend the council's financial procedure rules or policy concerned to encompass the decision or proposal of the body or individual responsible for that executive function and agree to the decision with immediate effect. In this case, no further action is required save that the decision of the Council be minuted and circulated to all councillors in the normal way; or
 - (iii) where the Council accepts that the decision or proposal is contrary to the policy framework or contrary to or not wholly in accordance with the budget, and does not amend the existing framework to accommodate it, require the Cabinet to reconsider the matter in accordance with the advice of either the monitoring officer/chief financial officer.

Reports about other matters will set out the details and outcome of consultation as appropriate. The level of consultation required will be appropriate to the nature of the matter under consideration.

2.5 Who can put items on the Cabinet agenda?

- (a) The Leader of the Council will decide upon the schedule for the meetings of the Cabinet. However, there may only be up to 2 such items per Cabinet meeting.
- (e) The monitoring officer and/or the chief financial officer may include an item for consideration on the agenda of a Cabinet meeting and may require the proper officer to call such a meeting in pursuance of their statutory duties. In other circumstances, where any two of the head of paid service, chief financial officer and monitoring officer are of the opinion that a meeting of the Cabinet needs to be called to consider a matter that requires a decision, they may jointly include an item on the agenda of a Cabinet meeting. If there is no meeting of the Cabinet soon enough to deal with the issue in question, then the person(s) entitled to include an item on the agenda may also require that a meeting be convened at which the matter will be considered.

- (a) Any member of a Scrutiny and Improvement Committee shall be entitled to request that an item be added to the work programme for investigation or give notice to the Chief Executive that he or she wishes an item relevant to the functions of the Scrutiny and Improvement Committee to be included on the Agenda. The relevant Committee must ensure that it is included on the next available agenda.
- (b) Any three Members of the Council who are not Members of the Scrutiny and Improvement Committee may give written notice to the Chief Executive that they wish an item to be included on the Agenda of a relevant Scrutiny and Improvement Committee. They may ask witnesses to attend to address them on any matter under consideration and may pay to any advisers, assessors and witnesses a reasonable fee and expenses for doing so.

11. Reports from Overview and Scrutiny

- (a) Once recommendations on proposals for development have been formed through investigations, a formal report will be submitted to the relevant Scrutiny and Improvement Committee for consideration. If satisfied that it is proper to do so the Scrutiny and Improvement Committee shall submit any report to the Chief Executive for consideration by the Cabinet (if the proposals are consistent with the existing budgetary and policy framework), or to the Council as appropriate (e.g. if the recommendation would require a departure from or a change to the agreed budget and policy framework).
- (b) If the relevant Scrutiny and Improvement Committee cannot agree on one single final report to the Council or Cabinet as appropriate, then up to one minority report may be prepared and submitted for consideration by the Council or Cabinet with the majority report.
- (c) The Council or Cabinet shall consider the report of the Scrutiny and Improvement Committee within one month of it being submitted to the Chief Executive.

12. Making sure that Overview and Scrutiny reports are considered by the Cabinet

- (a) Once an Overview and Scrutiny report on any matter has been submitted to the Chief Executive in accordance with Paragraph 11 above, it shall be included on the Agenda of the next available meeting of the Cabinet, unless the matter is scheduled to be considered by the Cabinet within a period of four weeks from the date the report was adopted by the relevant Scrutiny and Improvement Committee. In such cases, the report shall be considered by the Cabinet when it considers that matter. If for any reason the Cabinet do not consider the report within four weeks then the matter will be referred to the next following Council for review.

13 Rights of Scrutiny and Improvement Members to Documents

- (a) In addition to their rights as Councillors, Members of Scrutiny and Improvement Committees have the right to documents, and to notice of meetings as will be set out in the Access to Information Procedure Rules in Part 4 of the Constitution.
- (b) Nothing in this paragraph prevents more detailed liaison between the Cabinet and the Overview and Scrutiny function as appropriate depending on the particular matter under consideration.

14 Members and Officers Giving Account

- (a) The Scrutiny and Improvement Committees and any scrutiny panel which they commission may scrutinise and review decisions made or actions taken in connection with the discharge of any Council functions relevant to their remit. As well as reviewing documentation, in fulfilling the scrutiny role, it may require any Member of the Cabinet, head of paid service and/or any senior officer (or in respect of paragraph (iv) only below, any other officer who may be accompanied by a senior officer of their choice) to attend before it to explain in relation to matters within their remit:
 - i. any particular decision or series of decisions;
 - ii. the extent to which the actions taken implement Council policy; and/or
 - iii. their performance
 - iv. to give evidence on any matterand it is the duty of those persons to attend.

15. Attendance by Others

The Scrutiny and Improvement Committees or any Scrutiny Panel which they commission may invite people other than those people referred to in paragraph 14 above to address it, discuss issues of local concern and/or answer questions. It may for example, wish to hear from residents, stakeholders and Members and Officers in other parts of the public sector and shall invite such people to attend.

16. Call-In

Call-in should only be used in exceptional circumstances. These are where Members of the Corporate Resources and Governance Scrutiny and Improvement Committee have evidence which suggests that the executive decision maker did not take the decision in accordance with the following principles:-

- (a)
 - (i) proportionality (i.e. the action must be proportionate to the desired outcome);
 - (ii) due consultation and the taking of professional advice from Officers;
 - (iii) respect for human rights;
 - (iv) a presumption in favour of openness;
 - (v) clarity of aims and desired outcomes (including performance review) and
 - (vi) an explanation of what options have been considered and giving the reasons for decisions.
- (b) when a decision is made by the Cabinet, an individual Member of the Cabinet or a committee of the Cabinet, or a key decision is made by an officer with delegated authority from the Cabinet or a neighbourhood action partnership or under joint arrangements, the decision shall be published, including where possible by electronic means, and shall be available at the main offices of the Council normally within two days of being made.
- (c) the publication will bear the date on which it is published and will specify that the decision will come into force, and may then be implemented on the expiry of five working days after the publication of the decision, unless the Overview and Scrutiny function objects to it and initiates the call-in procedure.
- (d) during that period, the Proper Officer shall call-in a decision for scrutiny by the Corporate Resources and Governance Scrutiny and Improvement Committee, if so requested by the Chair or any three Overview and Scrutiny Members and then shall notify the decision maker of the call-in and call a special meeting of the Corporate Resources and Governance Scrutiny and Improvement Committee; inviting officers and Cabinet Members or relevant decision makers to attend as appropriate.

- (e) if, having considered the decision, the Corporate Resources and Governance Scrutiny and Improvement Committee is concerned about it, then it may refer it back to the decision making person or body for reconsideration, setting out in writing the nature of its concerns, or refer the matter to the Full Council. If referred to the decision maker he/she/it shall then reconsider within a further five working days, amending the decision or not, before adopting a final decision. The Members who requested the call-in shall be entitled to attend at the proceedings of the Corporate Resources and Governance Scrutiny and Improvement Committee and to be informed of the date of the meeting at which the matter will be discussed.
- (f) if following an objection to the decision, the Corporate Resources and Governance Scrutiny and Improvement Committee does not for any reason consider, or refer the matter back to the decision maker (as the case may be), the decision shall take effect on the date of the next following Corporate Resources and Governance Scrutiny and Improvement Committee meeting.
- (g) if the matter was referred to Full Council and the Council does not object to a decision which has been made, then no further action is necessary and the decision will be effective in accordance with the provisions below. However, if the Council does object, it has no locus to make decisions in respect of an executive decision unless it is a Cabinet decision which is contrary to the policy framework, or contrary to or not wholly consistent with, the budget. Unless that is the case, the Council will refer any decision to which it objects back to the decision making person or body, together with the Council's views on the decision. That decision making person or body shall choose whether to amend the decision or not before reaching a final decision and implementing it. Where the decision was taken by the Cabinet as a whole or a committee of it or a Neighbourhood Action Partnership or joint arrangement, the matter will be referred to the next following meeting of the Cabinet (or its committee) or Neighbourhood Action Partnership or joint arrangement. Where the decision was made by an individual, the individual will reconsider within five working days of the Council's request
- (h) if the Council does not consider the matter for any reason, or if it does but does not refer the decision back to the decision making body or person, the decision will become effective on the date of the next following Council meeting
- (i) where a call-in has been initiated and the need for a decision is required before the date upon the next following meeting of the relevant Cabinet, (or its committee) or Neighbourhood Action Partnership or Council, then the Chief Executive shall call a special meeting of the relevant Cabinet, committee or Council as the case may be.

Contract Value and Aggregation

- 5.4. For the purposes of calculating a Contract where the Council does not pay a Supplier, or another Contracting Authority is responsible for paying or holding grant funding for example, the value of pecuniary interest to the Supplier must be used for the purposes of calculating the Contract value to determine which Rules apply.
- 5.5. Where the estimated pecuniary interest is equal to or above the UK Tender Threshold relevant at that time, a Delegated Power must be completed to commence a process.
- 5.6. Where the estimated pecuniary interest is £10,000 and above, a Delegated Power must be completed to award a Contract in accordance with section 9.8.
- 5.7. Procuring Officers must seek confirmation from Finance that there are sufficient funds available for the duration of a proposed Contract. Procuring Officers should also consider possible inflationary factors when calculating the spend across multiple years.
- 5.8. Where a Contract or Council requirement does not include a total price, the estimated value will be the amount of the consideration payable each month multiplied by 48 for an Aggregated total.
- 5.9. The exception to section 5.8 is where the Procuring Officer is aware that the requirement, will be less than 48 months and less than £10,000.
- 5.10. If purchasing collaboratively the total spend of all organisations must be Aggregated to determine the value of the whole requirement and whether it exceeds the [UK Procurement Thresholds](#).
- 5.11. Council Officers must calculate the value of separate but similar requirements of the same type over a period of time. These must then be Aggregated to establish the value of the whole requirement to determine whether it falls within the UK Procurement Thresholds. Contact the Corporate Procurement team for further guidance.
- 5.12. Council Officers must never deliberately split the components of its requirements to avoid these Rules or UK Procurement Thresholds.
- 5.13. For the purposes of these Rules, a period for Aggregation will be no more than 48 months.

- 5.21. Officers must inform the relevant Executive Director for the service if they are dealing with a Contract for the Council and have been offered such a gift or hospitality.

Preparing for a Procurement

- 5.22. In preparing for a procurement process, Officers must,
 - 5.22.1. Consider in-house provision to deliver the requirements.
 - 5.22.2. Ensure that no [Framework Agreement](#) is available to source the requirements.
 - 5.22.2.1. Where a Framework Agreement exists and is proposed not to be used, justification must be provided.
 - 5.22.3. Consider how, where practicable, barriers can be removed that may prevent smaller and VCSE organisations bidding for the opportunity.

- being procured is consistently delivered.
- 5.22.9. Ensure that a Key Decision has been recorded and published if the value is over £250,000.
 - 5.22.10. Ensure that Cabinet approval has been received if the value is over £250,000
 - 5.22.11. Ensure that if the total Contract value is £250,000 or more, a Forward Plan is completed.
- 5.23. Within approved budgets and schemes of delegation, Officers must place orders against an appropriate contract which has been entered into by the Council or to which the Council legally has access through approved consortia arrangements, joint Contracts with other Local Authorities or Central Government Contracts.
- 5.24. Advice must be sought from the Corporate Procurement team at the earliest opportunity before commencing a procurement process that exceeds the UK Procurement Thresholds as identified at [Appendix B](#).

required and in accordance with all relevant procurement legislation including the Social Value Act 2012.

- 5.34. All specifications must be exact, concise, and explicit, providing a clear and unambiguous description of the Council's requirements. This ensures that Suppliers fully understand what is being procured and can respond appropriately and competitively.
- 5.35. Procuring Officers should avoid over specifying requirements as this can inflate costs and divert focus from the core objectives.
- 5.36. Procuring Officers should, in the case of a retendered service, consult with the Contact Manager and any other relevant stakeholders to determine any future requirements when specifying Goods, Services, Health Care Services or Works, identifying where future improvements, efficiencies and innovations can be achieved.
- 5.37. When defining specifications for Goods, Services, Health Care Services or Works, Procuring Officers must actively consider opportunities to reduce carbon impact throughout the lifecycle of the Contract. This includes where appropriate, incorporating environmental performance requirements, promoting the use of low-carbon materials and technologies, and aligning specifications with relevant sustainability standards.
- 5.38. Procuring Officers must consider any relevant Council Strategies when defining requirements prior to commencing a procurement process as appropriate.
- 5.39. Pilot schemes may be undertaken in order to identify the suitability of potentially new ways of delivering services. The term of any pilot scheme should not reasonably exceed the time required to assess the suitability of said scheme.
- 5.40. The pilot must be clearly defined in its period/length, scope, cost and required outcomes (which must be measurable) and it must have a clearly identified lead officer. Regular monitoring must be conducted to allow necessary adjustment and evaluation throughout the pilot scheme and if the outcomes are not being met a right to terminate must be included.
- 5.41. The Corporate Procurement team and Legal Services must be consulted prior to embarking on a pilot project to ensure compliance with all necessary legislation and to establish whether there is a need for a Contract.

Council.

- 5.44. Social value considerations shall apply to all Council Contracts with a value exceeding £100,000. For lower value Contracts, social value may be incorporated where it is proportionate, and where the scope, nature of the contract, and the markets understanding of social value justify its inclusion.
- 5.45. All applicable Quotations and Tenders shall include the Council's Social Value Charter (or equivalent) and an appropriate social value measurement tool. Bidders shall set out clearly how they intend to meet the requirements of the Council's Social Value Charter, providing specific, measurable and evidence-based social value commitments that will be delivered as part of the contract.

6. Defining the Contract Terms

Terms and Conditions

- 6.1. Consideration must be given to establishing Contract terms and conditions to minimise the risks associated with the purchase of Goods, Services, Health Care Services or Works to be provided to the Council, with the default position being that the Council's own Standard Terms and Conditions shall be used in the first instance (unless it is otherwise advised by the Council's Legal Services team that its Standard Terms and Conditions would not be appropriate for the project in question).
- 6.2. Procuring Officers must ensure that the appropriate terms and conditions of Contract are in place for any purchase made.
- 6.3. Procuring Officers should ensure that purchases are subject to the Council's Standard Terms and Conditions and approved by Legal Services wherever possible. These shall be included with each purchase order or invitation to Quotation or Tender.
- 6.4. Where the inclusion of the Council's Standard Terms and Conditions is not possible, either because they are not appropriate, or alternatively because the Contractor insists upon the use of their own terms and conditions, an industry standard, or a model Contract, those terms and conditions must be reviewed and approved by Legal Services before they can be accepted.
- 6.5. In some circumstances, owing to the nature of the proposed Contract, the interests of the Council will be adequately protected by the issue of an official purchase order form. The Procuring Officer must seek confirmation from Legal Services that this is appropriate.
- 6.6. For all Contracts, Legal Services must be consulted to advise whether the Council's Standard Terms and Conditions are appropriate before inviting Tenders.
- 6.7. Where the value of the proposed Contract is £350,000 and above, the Contract must be executed under seal by Legal Services.
- 6.8. Procuring Officers must ensure that the terms and conditions of Contract stipulate that the Contractor will retain Contract documentation in line with the Council's and National Auditing Office requirements.
- 6.9. The Procuring Officer must ensure that where TUPE Regulations may apply, the terms and conditions of Contract contain the Council's Standard Terms and Conditions relating to TUPE information (where appropriate).
- 6.10. For Contracts under which access will be provided to Council and personal information, Procuring Officers must ensure that the terms and conditions of Contract stipulate that the Contractor will provide undertakings in relation to the adequacy of their information security and data protection measures required under the Data Protection Act 2018 and the General Data Protection Regulations (GDPR, including the UK GDPR) and, if appropriate, enter into any requisite confidentiality and/or third party access agreements as deemed necessary.

- 6.11. Procuring Officers must ensure that [Bidders](#) are advised of the Council's duties to disclose information where requested under the Freedom of Information Act.
- 6.12. The Council shall reserve the right to cancel the procurement process at any time, and this right will be included within the information forming part of the Quotation / Tender documentation.

Contractor Default

- 6.13. Procuring Officers must ensure that in a Contract for the supply of Goods, Services, Health Care Services or Works, a clause is inserted to reserve the right of the Council to terminate the Contract in full or in part and provide the Council with the option to fulfil the requirement using an alternative Supplier, where the Contractor fails to complete the Contract within the time specified or in the manner determined in the terms and conditions.
- 6.14. Procuring Officers must ensure that in a Contract for the supply of Goods, Services, Health Care Services or Works, a clause is inserted to reserve the right of the Council to recover any additional costs resulting from Contractor Default. As the contract is being developed active consideration should be given to the inclusion of penalty clauses to transfer risk to bidders for failure to fully deliver on the contract.
- 6.15. Procuring Officers must ensure that in a Contract for Goods, Services, Health Care Services or Works which amounts to £350,000 or more in value, the Contract shall provide for the payment of [Liquidated Damages](#) by the Contractor where they fail to complete the Contract within the time specified or the manner determined in the terms and conditions. Procuring Officers may also choose to include the appropriate provisions within the Contract to provide for the payment of Liquidated Damages by the Contractor where the value of the Goods, Services, Health Care Services or Works amounts to less than £350,000, but this is not an express requirement.

Guarantees and Performance Bonds

- 6.16. The Procuring Officer must consult Legal Services on all tenders where the total value is £350,000 or above to determine if a bond, parent company guarantee or other security is required. Where a bond is required, the value of the bond must be agreed with Legal Services.
- 6.17. In Contracts for Works, the Council will usually specify that a Contract performance bond will be required if the value or amount of the Contract is £350,000 or above, in addition to the retention of a proportion of the Contract sum, until the work has been satisfactorily completed and maintained. Such a bond is to be released on the practical completion of the Works. If the Procuring Officer considers it to be appropriate a Contract performance bond may be required for Works under £350,000.
- 6.18. The Procuring Officer must obtain prior consent from the Corporate Director for Resources or Director of Finance if the value of the proposed Contract for works is

£350,000 or above and security or bond is not required.

- 6.19. In a Contract for the supply of Goods, Services or Health Care Services, which amounts to £350,000 or more in value the Council will require a Contractor to give sufficient security for the due performance of the Contract. Such security or bond shall be released upon the completion of the Contract. If the Procuring Officer considers it is appropriate, then a bond may be required if the Contract value is less than £350,000.

- 7.7. Where the procurement is not subject to the Procurement Act, the advertisement should be proportionate to the scope of the requirement but not less than 21 days from the deadline of submission of applications unless otherwise agreed by the Corporate Procurement team.
- 7.8. When a Contract is awarded at or above £30,000 (inclusive of VAT) a Contract Details Notice must be published on the CDP, Procuring Officers must inform the Corporate Procurement team who will be responsible for completing this.

- 7.12. Where applicable, Procuring Officers may set proportionate minimum standards relating to Bidders legal and financial capacity, such as turnover thresholds or insurance requirements, provided these are justified and proportionate to the scope and risk of the Contract. Similarly, technical and professional ability may be assessed through evidence of past performance, qualifications, accreditations, or references.

Part 5 - Codes and Protocols

REDCAR AND CLEVELAND BOROUGH COUNCIL

CODE OF CONDUCT FOR MEMBERS AND CO-OPTED MEMBERS

Introduction

This code applies to you as a Member of Redcar and Cleveland Borough Council when you act in your role as a Member and it is your responsibility to comply with the provisions of this code.

You are a representative of this Council and the public will view you as such. Your actions will impact on how the Council as a whole is viewed. Your actions can have both positive and negative impacts on the Council.

This code is adopted to comply with the requirement for Redcar and Cleveland Borough Council to promote and maintain high standards of conduct by its Members under Section 27 of the Localism Act 2011("the Act"). You are obliged to comply with all the requirements of this code and must co-operate with any investigation which is undertaken as part of the arrangements for dealing with Code of Conduct complaints. Any failure to comply with an investigation will, in itself, amount to a breach of this Code.

Definitions

For the purposes of this Code of Conduct, a "councillor" means a member or co-opted member of a local authority or a directly elected mayor. A "co-opted member" is defined in the Localism Act 2011 Section 27(4) as "a person who is not a member of the authority but who

- a) is a member of any committee or sub-committee of the authority, or;
- b) is a member of, and represents the authority on, any joint committee or joint sub-committee of the authority;

and who is entitled to vote on any question that falls to be decided at any meeting of that committee or sub-committee".

For the purposes of this Code of Conduct, "local authority" includes county councils, district councils, London borough councils, parish councils, town councils, fire and rescue authorities, police authorities, joint authorities, economic prosperity boards, combined authorities and National Park authorities.

Purpose of the Code of Conduct

The purpose of this Code of Conduct is to assist you, as a councillor, in modelling the behaviour that is expected of you, to provide a personal check and balance, and to set out the type of conduct that could lead to action being taken against you. It is also to protect you, the public, fellow councillors, local authority officers and the reputation of local government. It sets out general principles of conduct expected of all councillors and your specific obligations in relation to standards of conduct. The LGA encourages the use of support, training and mediation prior to action being taken using the Code. The fundamental aim of the Code is to create and maintain public confidence in the role of councillor and local government.

General principles of councillor conduct

Everyone in public office at all levels; all who serve the public or deliver public services, including ministers, civil servants, councillors and local authority officers; should uphold the [Seven Principles of Public Life](#), also known as the Nolan Principles.

Building on these principles, the following general principles have been developed specifically for the role of councillor.

In accordance with the public trust placed in me, on all occasions:

- I act with integrity and honesty
- I act lawfully
- I treat all persons fairly and with respect; and
- I lead by example and act in a way that secures public confidence in the role of councillor.

In undertaking my role:

- I impartially exercise my responsibilities in the interests of the local community
- I do not improperly seek to confer an advantage, or disadvantage, on any person
- I avoid conflicts of interest
- I exercise reasonable care and diligence; and
- I ensure that public resources are used prudently in accordance with my local authority's requirements and in the public interest.

Application of the Code of Conduct

This Code of Conduct applies to you as soon as you sign your declaration of acceptance of the office of councillor or attend your first meeting as a co-opted member and continues to apply to you until you cease to be a councillor.

This Code of Conduct applies to you when you are acting in your capacity as a councillor which may include when:

- you misuse your position as a councillor
- your actions would give the impression to a reasonable member of the public with knowledge of all the facts that you are acting as a councillor;

The Code applies to all forms of communication and interaction, including:

- at face-to-face meetings
- at online or telephone meetings
- in written communication
- in verbal communication
- in non-verbal communication
- in electronic and social media communication, posts, statements and comments.

You are also expected to uphold high standards of conduct and show leadership at all times when acting as a councillor.

Your Monitoring Officer has statutory responsibility for the implementation of the Code of Conduct, and you are encouraged to seek advice from your Monitoring Officer on any matters that may relate to the Code of Conduct. Town and parish councillors are encouraged to seek advice from their Clerk, who may refer matters to the Monitoring Officer.

Standards of councillor conduct

This section sets out your obligations, which are the minimum standards of conduct required of you as a councillor. Should your conduct fall short of these standards, a complaint may be made against you, which may result in action being taken.

Guidance is included to help explain the reasons for the obligations and how they should be followed.

General Conduct

1. Respect

As a councillor:

1.1. I treat other councillors and members of the public with respect.

1.2. I treat local authority employees, employees and representatives of partner organisations and those volunteering for the local authority with respect and respect the role they play.

Respect means politeness and courtesy in behaviour, speech, and in the written word. Debate and having different views are all part of a healthy democracy. As a councillor, you can express, challenge, criticise and disagree with views, ideas, opinions and policies in a robust but civil manner. You should not, however, subject individuals, groups of people or organisations to personal attack.

In your contact with the public, you should treat them politely and courteously. Rude and offensive behaviour lowers the public's expectations and confidence in councillors.

In return, you have a right to expect respectful behaviour from the public. If members of the public are being abusive, intimidatory or threatening you are entitled to stop any conversation or interaction in person or online and report them to the local authority, the relevant social media provider or the police. This also applies to fellow councillors, where action could then be taken under the Councillor Code of Conduct, and local authority employees, where concerns should be raised in line with the local authority's councillor- officer protocol.

2. Bullying, harassment and discrimination

As a councillor:

2.1. I do not bully any person.

2.2. I do not harass any person.

2.3. I promote equalities and do not discriminate unlawfully against any person.

The Advisory, Conciliation and Arbitration Service (ACAS) characterises bullying as offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient. Bullying might be a regular pattern of behaviour or a one-off incident, happen face-to-face, on social media, in emails or phone calls, happen in the workplace or at work social events and may not always be obvious or noticed by others.

The Protection from Harassment Act 1997 defines harassment as conduct that causes alarm or distress or puts people in fear of violence and must involve such conduct on at least two occasions. It can include repeated attempts to impose unwanted communications and contact upon a person in a manner that could be expected to cause distress or fear in any reasonable person.

Unlawful discrimination is where someone is treated unfairly because of a protected characteristic. Protected characteristics are specific aspects of a person's identity defined by the Equality Act 2010. They are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Equality Act 2010 places specific duties on local authorities. Councillors have a central role to play in ensuring that equality issues are integral to the local authority's performance and strategic aims, and that there is a strong vision and public commitment to equality across public services.

3. Impartiality of officers of the council

As a councillor:

3.1. I do not compromise, or attempt to compromise, the impartiality of anyone who works for, or on behalf of, the local authority.

Officers work for the local authority as a whole and must be politically neutral (unless they are political assistants). They should not be coerced or persuaded to act in a way that would undermine their neutrality. You can question officers in order to understand, for example, their reasons for proposing to act in a particular way, or the content of a report that they have written. However, you must not try and force them to act differently, change their advice, or alter the content of that report, if doing so would prejudice their professional integrity.

4. Confidentiality and access to information

As a councillor:

4.1. I do not disclose information:

- a. given to me in confidence by anyone**
- b. acquired by me which I believe, or ought reasonably to be aware, is of a confidential nature, unless**
 - i. I have received the consent of a person authorised to give it;**
 - ii. I am required by law to do so;**
 - iii. the disclosure is made to a third party for the purpose of obtaining professional legal advice provided that the third party agrees not to disclose the information to any other person; or**
 - iv. the disclosure is:**
 - 1. reasonable and in the public interest; and**
 - 2. made in good faith and in compliance with the reasonable requirements of the local authority; and**
 - 3. I have consulted the Monitoring Officer prior to its release.**

4.2. I do not improperly use knowledge gained solely as a result of my role as a councillor for the advancement of myself, my friends, my family members, my employer or my business interests.

4.3. I do not prevent anyone from getting information that they are entitled to by law.

Local authorities must work openly and transparently, and their proceedings and printed materials are open to the public, except in certain legally defined circumstances. You should work on this basis, but there will be times when it is required by law that discussions, documents and other information relating to or held by the local authority must be treated in a confidential manner. Examples include personal data relating to individuals or information relating to ongoing negotiations.

5. Disrepute

As a councillor:

5.1. I do not bring my role or local authority into disrepute.

As a Councillor, you are trusted to make decisions on behalf of your community and your actions and behaviour are subject to greater scrutiny than that of ordinary members of the public. You should be aware that your actions might have an adverse impact on you, other councillors and/or your local authority and may lower the public's confidence in you or your local authority's ability to discharge your/its functions. For example, behaviour that is considered dishonest and/or deceitful can bring your local authority into disrepute.

You are able to hold the local authority and fellow councillors to account and are able to constructively challenge and express concern about decisions and processes undertaken by the council whilst continuing to adhere to other aspects of this Code of Conduct.

6. Use of position

As a councillor:

6.1. I do not use, or attempt to use, my position improperly to the advantage or disadvantage of myself or anyone else.

Your position as a member of the local authority provides you with certain opportunities, responsibilities, and privileges, and you make choices all the time that will impact others. However, you should not take advantage of these opportunities to further your own or others' private interests or to disadvantage anyone unfairly.

7. Use of local authority resources and facilities

As a councillor:

7.1. I do not misuse council resources.

7.2. I will, when using the resources of the local authority or authorising their use by others:

- a. act in accordance with the local authority's requirements; and**
- b. ensure that such resources are not used for political purposes unless that use could reasonably be regarded as likely to facilitate, or be conducive to, the discharge of the functions of the local authority or of the office to which I have been elected or appointed.**

You may be provided with resources and facilities by the local authority to assist you in carrying out your duties as a councillor.

Examples include:

- office support
- stationery
- equipment such as phones, and computers
- transport
- access and use of local authority buildings and rooms.

These are given to you to help you carry out your role as a councillor more effectively and are not to be used for business or personal gain. They should be used in accordance with the purpose for which they have been provided and the local authority's own policies regarding their use.

8. Complying with the Code of Conduct

As a Councillor:

8.1.I undertake Code of Conduct training provided by my local authority and comply with protocols and policies set out within the Council's constitution.

8.2.I cooperate with any Code of Conduct investigation and/or determination.

8.3.I do not intimidate or attempt to intimidate any person who is likely to be involved with the administration of any investigation or proceedings.

8.4.I comply with any sanction imposed on me following a finding that I have breached the Code of Conduct.

It is extremely important for you as a councillor to demonstrate high standards, for you to have your actions open to scrutiny and for you not to undermine public trust in the local authority or its governance. If you do not understand or are concerned about the local authority's processes in handling a complaint you should raise this with your Monitoring Officer.

Protecting your reputation and the reputation of the local authority

9. Interests

As a councillor:

9.1.I register and disclose my interests.

Section 29 of the Localism Act 2011 requires the Monitoring Officer to establish and maintain a register of interests of members of the authority.

You need to register your interests so that the public, local authority employees and fellow councillors know which of your interests might give rise to a conflict of interest. The register is a public document that can be consulted when (or before) an issue arises. The register also protects you by allowing you to demonstrate openness and a willingness to be held accountable. You are personally responsible for deciding whether or not you should disclose an interest in a

meeting, but it can be helpful for you to know early on if others think that a potential conflict might arise. It is also important that the public know about any interest that might have to be disclosed by you or other councillors when making or taking part in decisions, so that decision making is seen by the public as open and honest. This helps to ensure that public confidence in the integrity of local governance is maintained.

You should note that failure to register or disclose a disclosable pecuniary interest as set out in **Table 1**, is a criminal offence under the Localism Act 2011.

Appendix B sets out the detailed provisions on registering and disclosing interests. If in doubt, you should always seek advice from your Monitoring Officer.

10. Gifts and hospitality

As a councillor:

10.1. I do not accept gifts or hospitality, irrespective of estimated value, which could give rise to real or substantive personal gain or a reasonable suspicion of influence on my part to show favour from persons seeking to acquire, develop or do business with the local authority or from persons who may apply to the local authority for any permission, licence or other significant advantage.

10.2. I register with the Monitoring Officer any gift or hospitality with an estimated value of at least £50 within 28 days of its receipt.

10.3. I register with the Monitoring Officer any significant gift or hospitality that I have been offered but have refused to accept.

In order to protect your position and the reputation of the local authority, you should exercise caution in accepting any gifts or hospitality which are (or which you reasonably believe to be) offered to you because you are a councillor. The presumption should always be not to accept significant gifts or hospitality. However, there may be times when such a refusal may be difficult if it is seen as rudeness in which case you could accept it but must ensure it is publicly registered. However, you do not need to register gifts and hospitality which are not related to your role as a councillor, such as Christmas gifts from your friends and family. It is also important to note that it is appropriate to accept normal expenses and hospitality associated with your duties as a councillor. If you are unsure, do contact your Monitoring Officer for guidance.

Appendices

Appendix A – The Seven Principles of Public Life

The principles are:

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must disclose and resolve any interests and relationships.

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty

Holders of public office should be truthful.

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

Appendix B Registering interests

Within 28 days of becoming a member or your re-election or re-appointment to office you must register with the Monitoring Officer the interests which fall within the categories set out in **Table 1 (Disclosable Pecuniary Interests)** which are as described in “The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012”. You should also register details of your other personal interests which fall within the categories set out in **Table 2 (Other Registerable Interests)**.

“Disclosable Pecuniary Interest” means an interest of yourself, or of your partner if you are aware of your partner's interest, within the descriptions set out in Table 1 below.

“Partner” means a spouse or civil partner, or a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners.

1. You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest, or of any change to a registered interest, notify the Monitoring Officer.
2. A ‘sensitive interest’ is as an interest which, if disclosed, could lead to the councillor, or a person connected with the councillor, being subject to violence or intimidation.
3. Where you have a ‘sensitive interest’ you must notify the Monitoring Officer with the reasons why you believe it is a sensitive interest. If the Monitoring Officer agrees they will withhold the interest from the public register.

Non participation in case of disclosable pecuniary interest

4. Where a matter arises at a meeting which directly relates to one of your Disclosable Pecuniary Interests as set out in **Table 1**, you must disclose the interest, not participate in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest, just that you have an interest. Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a disclosable pecuniary interest.
5. Where you have a disclosable pecuniary interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it.

Disclosure of Other Registerable Interests

6. Where a matter arises at a meeting which **directly relates** to the financial interest or wellbeing of one of your Other Registerable Interests (as set out in **Table 2**), you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest.

Disclosure of Non-Registerable Interests

7. Where a matter arises at a meeting which **directly relates** to your financial interest or well-being (and is not a Disclosable Pecuniary Interest set out in Table 1) or a financial interest or well-being of a relative or close associate, you must disclose the interest. You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.
8. Where a matter arises at a meeting which **affects** –
 - a. your own financial interest or well-being;
 - b. a financial interest or well-being of a relative or close associate; or
 - c. a financial interest or wellbeing of a body included under Other Registrable Interests as set out in **Table 2**

you must disclose the interest. In order to determine whether you can remain in the meeting after disclosing your interest the following test should be applied

9. Where a matter (referred to in paragraph 8 above) **affects** the financial interest or well-being:
 - a. to a greater extent than it affects the financial interests of the majority of inhabitants of the ward affected by the decision and;
 - b. a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest

You may speak on the matter only if members of the public are also allowed to speak at the meeting. Otherwise you must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation.

If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

10. Where you have an Other Registrable Interest or Non-Registrable Interest on a matter to be considered or is being considered by you as a Cabinet member in exercise of your executive function, you must notify the Monitoring Officer of the interest and must not take any steps or further steps in the matter apart from arranging for someone else to deal with it.

Appendix C – the Committee on Standards in Public Life

The LGA has undertaken this review whilst the Government continues to consider the recommendations made by the Committee on Standards in Public Life in their report on [Local Government Ethical Standards](#). If the Government chooses to implement any of the recommendations, this could require a change to this Code.

The recommendations cover:

- Recommendations for changes to the Localism Act 2011 to clarify in law when the Code of Conduct applies
- The introduction of sanctions
- An appeals process through the Local Government Ombudsman
- Changes to the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012
- Updates to the Local Government Transparency Code
- Changes to the role and responsibilities of the Independent Person
- That the criminal offences in the Localism Act 2011 relating to Disclosable Pecuniary Interests should be abolished

The Local Government Ethical Standards report also includes Best Practice recommendations. These are:

Best practice 1: Local authorities should include prohibitions on bullying and harassment in codes of conduct. These should include a definition of bullying and harassment, supplemented with a list of examples of the sort of behaviour covered by such a definition.

Best practice 2: Councils should include provisions in their code of conduct requiring councillors to comply with any formal standards investigation and prohibiting trivial or malicious allegations by councillors.

Best practice 3: Principal authorities should review their code of conduct each year and regularly seek, where possible, the views of the public, community organisations and neighbouring authorities.

Best practice 4: An authority's code should be readily accessible to both councillors and the public, in a prominent position on a council's website and available in council premises.

Best practice 5: Local authorities should update their gifts and hospitality register at least once per quarter, and publish it in an accessible format, such as CSV.

Best practice 6: Councils should publish a clear and straightforward public interest test against which allegations are filtered.

Best practice 7: Local authorities should have access to at least two Independent Persons.

Best practice 8: An Independent Person should be consulted as to whether to undertake a formal investigation on an allegation, and should be given the option to review and comment on allegations which the responsible officer is minded to dismiss as being without merit, vexatious, or trivial.

Best practice 9: Where a local authority makes a decision on an allegation of misconduct following a formal investigation, a decision notice should be published as soon as possible on its website, including a brief statement of facts, the provisions of the code engaged by the allegations, the view of the Independent Person, the reasoning of the decision-maker, and any sanction applied.

Best practice 10: A local authority should have straightforward and accessible guidance on its website on how to make a complaint under the code of conduct, the process for handling complaints, and estimated timescales for investigations and outcomes.

Best practice 11: Formal standards complaints about the conduct of a parish councillor towards a clerk should be made by the chair or by the parish council, rather than the clerk in all but exceptional circumstances.

Best practice 12: Monitoring Officers' roles should include providing advice, support and management of investigations and adjudications on alleged breaches to parish councils within the remit of the principal authority. They should be provided with adequate training, corporate support and resources to undertake this work.

Best practice 13: A local authority should have procedures in place to address any conflicts of interest when undertaking a standards investigation. Possible steps should include asking the Monitoring Officer from a different authority to undertake the investigation.

Best practice 14: Councils should report on separate bodies they have set up or which they own as part of their annual governance statement and give a full picture of their relationship with those bodies. Separate bodies created by local authorities should abide by the Nolan principle of openness and publish their board agendas and minutes and annual reports in an accessible place.

Best practice 15: Senior officers should meet regularly with political group leaders or group whips to discuss standards issues.

Officers' Code of Conduct

1. Introduction

- 1.1 This Code of Conduct is intended to apply to all employees of Redcar & Cleveland Borough Council. It explains the standards of behaviour required under the law, under Conditions of Service, and under Standing Orders, Financial Regulations and Accounting Instructions. This Code should be read in conjunction with the constitution, Protocol on Member/Officer Relations and all Employment Policies.
- 1.2 The Nolan Committee identified seven principles which apply to all aspects of public life, and therefore to all Redcar & Cleveland Borough Council employees. These general principles are:

Selflessness

Holders of public office should take decisions solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their family, or their friends.

Integrity

Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official duties.

Objectivity

In carrying out public business, including making appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.

Accountability

Holders of public office are accountable for their decisions and actions to the public, and must submit themselves to whatever scrutiny is appropriate to their office.

Openness

Holders of public office should be as open as possible about all the decisions and actions they take. They should give reasons for their decisions, and restrict information only when the wider public interest clearly demands.

Leadership

Holders of public office should promote and support these principles by leadership and example.

Honesty

Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

The Code of Conduct incorporates these principles.

2. General Conduct

- 2.1 The public is entitled to expect the highest standards of conduct from all employees who work for local government. The role of such employees is to serve the Council in providing advice, implementing its policies and delivering services to the local community. In performing their duties, they must act with selflessness, integrity, objectivity, honesty and impartiality and in line with the Nolan Principles as outlined above.
- 2.2 Employees shall base their conduct on a consideration of the public interest, and resolve any conflict with their personal interests, at once, and in favour of the public interest.
- 2.3 Employees shall conduct themselves in a manner which maintains and strengthens the public's trust and confidence in the integrity of the Council and never take any action which would bring the Council, or its members or officers into disrepute.
- 2.4 Subject to its rights under the conditions of appointment not being prejudiced, the Council does not wish to limit unduly the activities of staff in their leisure time. The Council does, however, require that efficiency and due performance of official duties shall not be impaired by private work in leisure time, and it requires at all times to be satisfied that its interests are not being detrimentally affected in this respect.
- 2.5 The Council must be in a position to rebut with confidence any allegation that the integrity of its administration is being impaired because of the leisure time activities of any of its staff. Implicit in this is the requirement that there must be no question of staff undertaking activities in circumstances which might lead to suspicion of undue or improper favour being granted, or undue or improper influence exercised, in relation to contracts or any kind of consent, permission, licence etc., which members of the public seek from the Council.
- 2.6 Employees should always remember their responsibilities to the public and ensure courteous, efficient and impartial service delivery to all groups and individuals within the community.
- 2.7 Employees are responsible to the Council through its senior managers. All employees are required to discharge the duties and responsibilities of their posts, including giving advice to members in appropriate cases. Mutual respect between employees and Members is essential to good local government. Close personal familiarity between employees and individual

Members can damage the relationship and prove embarrassing to other employees and Members.

- 2.8 Employees must generally act only the basis of a request/instruction from their line manager or other relevant officer. Where there is a request from Members which is non-routine and/or appears to be outside of normal process, or there other concerns about its appropriateness, then Employees must raise this with their line manager or a senior officer in order to confirm what steps should be taken. In most cases, it will be appropriate to direct requests via the Members Enquiry system so the request can be logged and monitored.

3. Probity and Propriety

- 3.1 Employees should demonstrate:-

- A probity in handling assets and resources entrusted to them;
- B care in safeguarding property, assets and confidential information to ensure they are not stolen, abused or damaged;
- C proper observance of the Council's rules and procedures, particularly when accounting for finances;
- D economy to avoid waste and extravagance; and
- E personal honesty in claiming expenses and ensuring that official assets and resources are not used for private advantage.

4. Private Paid Work

- 4.1 The following conditions must be strictly observed by any Officer who proposes to undertake or who undertakes private paid work for any person, firm or Company:-
- 4.2 Officers graded above spinal column point 28 shall devote their whole time service to the work of the Council and shall not engage in any other business or take up any other additional appointment without the written consent of the Chief Officer after consultation with the Chief Personnel Officer.
- 4.3 Private work must not be undertaken during working hours nor on official premises even after working hours.
- 4.4 In addition to there being no impairment of the proper execution of official duties, there must be no interference with any requirement to work contractual overtime on such duties.
- 4.5 Private work on projects or activities which may be subject to the Council's statutory supervision or consent must not be undertaken.

- 4.6 Private work must not be undertaken for any person, firm or Company, who is an applicant to the Council for a statutory consent or permission, for a discretionary licence (excluding licences which are issued automatically subject to the application being in order), or for any other purpose, where the application is or would be dealt with by the department in which the officer is serving. Officers undertaking private work for any person, firm or Company are responsible for ascertaining from them whether they are applicants to the Council for Statutory consents or permission.
- 4.7 Private work must not be undertaken for any person, firm or Company in contractual relationship with, or commissioned by, the Council, or concerned in any property transaction with the Council, or for any person known or believed by the officer undertaking the private work is serving in a Department materially concerned with such contractual relationship, commission or property transaction. Officers proposing to undertake private work for any person, firm or Company are responsible for ascertaining from them whether any contractual or commission relationship with the Council exists, or whether they are concerned in any property transaction with the Council.
- 4.8 Private work must not be undertaken by an officer for another officer where either
- i) the officer is responsible for supervising that Officer OR
 - ii) the officer is responsible to that Officer
- 4.9 Private work must not be undertaken for any person, firm or Company with whom an officer deals in the course of his/her official duty.

5. Private Unpaid Work

- 5.1 If an officer wishes to undertake private work for which no payment or other reward is made but which would otherwise be prohibited under (4) above, or is for a voluntary body in receipt or likely to receive grant aid from the Authority, the officer must inform the Chief Officer who may relax such of the restrictions as may be thought appropriate. Such relaxation's are to be confirmed in writing.

6. Personal Interests of Officers

- 6.1 Employees should declare to an appropriate Manager, and register in writing, where appropriate, membership of any organisation not open to the public without formal membership and commitment of allegiance which has secrecy about rules of membership or conduct.
- 6.2 Employees must not misuse their official position or information acquired in the course of their employment to further their private interest or the interests of others.

- 6.3 Employees must declare to an appropriate manager any financial and/or non-financial interests that they consider could bring about conflict with the authority's interests.

7. Interest of Officers in Contracts

- 7.1 The Local Government Act 1972 places the following requirement on Officers:
"The Proper Officer of the Council shall record in a book to be kept for the brief purpose particulars of any notice given by an Officer of the Council under Section 117 of the Local Government Act 1972 of a pecuniary interest in a contract and the book and such notice shall be open during office hours to be inspected by any Member of the Council."

- 7.2 Section 117 of the Local Government Act 1972 refers to the need for Officers to declare their interest and the interest of spouses in contracts negotiated between the Borough Council and third parties. This particular Section specifies as follows:

"If it comes to the knowledge of an Officer employed, whether under this Act or any other enactment, by a Local Authority that a contract in which he has any pecuniary interest, whether direct or indirect (not being a contract to which he himself is a party), has been, or is proposed to be, entered into by the Authority or any Committee of the Authority, he shall as soon as practicable give notice in writing to the Authority of the fact that he is interested therein.

An Officer shall be treated as having indirectly a pecuniary interest in a contract or proposed contract, if:

a) He or any nominee of his is a member of a Company or other body with which the contract was made or is proposed to be made or which has a direct pecuniary interest in the other matter under consideration; or

b) He is a partner, or is in the employment, of a person with whom the contract was made or is proposed to be made or who has a direct pecuniary interest in the other matter under consideration

In the case of married persons living together the interest of one spouse shall, if known to the other, be deemed to be also an interest of the other."

NOTE: Where the Act refers to "he" you should of course, read "he or she".

Any Officers affected by section 117 must complete the appropriate form.

8. Political Interests

- 8.1 In this context, relevant interests will include any significant political activity, as defined in the Nolan report, that is office-holding, public speaking and candidature for election, undertaken in the last five years. Any such activity should be disclosed in the register of interests and, where it may conflict, or appear to conflict, with public office, that person should take no part in the relevant discussion, decision or action.
- 8.2 Employees serve the Authority as a whole and must serve all Councillors equally and ensure that the individual rights of Councillors are respected. It follows they must serve all members and not just those of the majority political group and must ensure that the individual rights of all members are respected.
- 8.3 Where an employee is requested to advise a full meeting of a political group or its executive, the Chief Executive must be informed by the employee in advance of the meeting.
- 8.4 The posts of certain employees are classified as being “politically restricted”. All employees, whether holding politically restricted posts or not, must not allow their own personal or political opinions to interfere with their work.
- 8.5 Any political assistants which might be appointed by the Council are exempt from the standards set in paragraphs 8.2 - 8.4

9. Anti-Corruption and Bribery

- 9.1 Bribery and/or Corruption have no place in the activities of the Council. The Council's policy is to conduct all of its business in an honest and ethical manner and employees must not promise, give, request, accept or receive a financial or other advantage to induce or reward a person with respect to the improper performance of a relevant function or activity.
- 9.2 It is a criminal offence for employees to corruptly receive or give any gift, loan, fee, reward or advantage for doing, or not doing, anything or showing favour, or disfavour, to any person.
- 9.3 Employees must ensure they use public funds entrusted to them in a responsible and lawful manner. In particular, employees should not seek to obtain financial advantage for themselves or any other person or organisation through the improper use of the Council's financial resources or application of its systems or procedures. They must report any circumstances where it appears any officer or Member may be seeking to take action in respect of matters in which they have a vested interest.
- 9.4 The above should be read in conjunction with the Council's Anti-corruption and Bribery Policy.

10. Gifts

- 10.1 A potential source of conflict between private and public interests is the offer of gifts, hospitality, or benefits in kind to employees in connection with their official duties.
- 10.2 Subject to 10.4 and 10.5 below, employees should refuse any gift offered to them or to any family member, by any person or organisation that has dealings with the Council. In the event of receiving a legacy or bequest in circumstances where services have been provided by the Authority, an employee should consult his or her Head of Service.
- 10.3 When a gift has to be refused, this should be done with tact and courtesy. If the gift is simply delivered to an employees place of work, there may be a problem returning it, in which case it should be reported to the appropriate Head of Service immediately.
- 10.4 Employees will be allowed to keep gifts of a promotional nature on the conclusion of any courtesy visit to a factory or firm of a sort normally given by that firm. Employees will also be allowed to keep gifts of a token value such as diaries, pens, calendars etc.
- 10.5 In situations where small gifts are proffered as a “thank you”, and when a refusal may cause upset, and when the gift could not be interpreted as an inducement, then employees may accept gifts up to £50.00 in value.

11. Hospitality

- 11.1 A reasonable amount of hospitality is a normal part of the courtesies of public life, but it is important not to create the appearance that this may amount to an improper influence, which would thus undermine public confidence.
- 11.2 Hospitality is sometimes offered to representatives of the Authority and is accepted at official, i.e. Council, level because that is reasonable in all the circumstances.
- 11.3 Where hospitality is offered to individual employees, special caution is needed where the host is seeking to do business with the Council or to obtain a decision from it. It is important to avoid any suggestion of improper influence. The question is one of judgement, and the following check list of questions should help staff to decide whether a gift or an offer of hospitality should be accepted or tactfully rejected:-
 - A Is the donor, or event, significant in the local community or the Redcar & Cleveland area?
 - B Are you expected to attend because of your position in the community?
 - C Will the event be attended by others of a similar standing in the community or in other communities?
 - D What is the motivation behind the invitation?

- E Would acceptance of the invitation be, in any way, inappropriate or place you under pressure in relation to any current or future issue involving the Council?
 - F Could you justify the decision to the Council, press and public?
 - G Is the extent of the hospitality or the nature of the gift reasonable, proportionate and appropriate?
 - H How will you respond to the hospitality?
 - I Are you comfortable with the decision?
- 11.4 Officers should also be careful in attending exhibitions or seminars, or visiting manufacturers, etc. There is an increasing trend towards linking such visits to major sporting events, shows, concerts, etc. Such devices may clearly be attempts to legitimise offers of hospitality in the guise of business activities.
- 11.5 When a particular person or body is in issue or dispute with the Council e.g. an arbitration arising from a contract, then offers of hospitality should be refused, even if at other times they might be regarded as acceptable.
- 11.6 Where an offer of a gift or hospitality has been made, employees must immediately record the offer on the appropriate form (available on the Intranet in the 'Forms' section) and submit the form to their Head of Service or Director who will endorse the form and forward it for inclusion within the Register of Gifts and Hospitality. Heads of Service or Directors who are offered a gift or hospitality will complete the form and submit it to another Director for endorsement. The Chief Executive will submit forms to the Monitoring Officer for endorsement.

12. Inventions by Officers

- 12.1 Any Officer who in the course of his employment produces an invention or design shall, at the request of the Council, assign the patent to the Council or, if the invention or design has not been patented, assist the Council in obtaining a patent in the name of the Council
- 12.2 It is not desirable that patents should be taken out for the personal benefit of Officers of the Council whose duty it is to devise improvements or to examine and report on the suggestions or inventions of others.

13. Books and Articles by Officers

- 13.1 The writing of books or articles for payment on subjects relating to an Officer's work for the Council requires the permission of the Council and there shall appear a statement in a prominent position in every such book or article to the effect that the opinions are those of the Author and do not necessarily represent the opinions of the Council and that the Council accept no responsibility for the Authors' opinions or conclusions.

- 13.2 Paragraph 13.1 shall not apply to books and articles on purely technical or scientific subjects and persons employed by the Council shall be at liberty to write and publish books and articles on these subjects and, if they so wish, to indicate therein that they are Officers of, or otherwise connected with, the Council provided that it is clearly stated that any opinions are those of the Author and do not necessarily represent the opinions of the Council.
- 13.3 Officers shall not use the data or other resources of the Council in preparing books and articles unless given the express written permission of their Chief Officer.

14. Talks and Lectures to Organisations outside the Council

- 14.1 Subject to the prior written approval of their appropriate Chief Officer, Officers may give talks or lectures on the work of the Council to organisations outside the Council. Any fees received can be retained by the Officers concerned. Departments must keep detailed records of talks given and any fees received. It is the individual Officer's responsibility to deal with the tax and national insurance implications of such fees.
- 14.2 The foregoing does not cover any situation where an employee is invited to give a lecture or course of lectures as tuition for any class of students in higher or further education. In such cases the employee will be regarded as a visiting lecturer and the fees payable will be the subject of a separate contractual agreement. In such cases the employee must apply for leave of absence without pay. This does not apply in cases where no fee is paid or where a single lecture has been arranged as part of a contribution to tuition being provided to a class by some other party.

15. Relationships

- 15.1 Employees should always remember their responsibilities to the community they serve, and ensure courteous, efficient and impartial service delivery to all groups and individuals within that community as defined by the policies of the Authority.
- 15.2 All employees have a general duty to deal with colleagues with respect, that is, to be open, honest and courteous; have due consideration for others health, safety and personal welfare and avoid harassment, discrimination or abuse of any kind.
- 15.3 All relationships of a business or personal nature with external contractors or suppliers must be declared to your Chief Officer at the earliest opportunity. Orders and contracts must be awarded in accordance with the Council Standing Orders and Procedures, and no special favour should be shown to businesses run by, for example, friends and relatives.

16. Speaking to the Media

- 16.1 Generally there are three ways in which contact with the media can arise:-

- 16.2 Firstly a journalist may make contact on a new or 'breaking' issue possibly through an item from a council agenda, a national report which is being localised, or an issue which affects the borough.

Consult your Line Manager to check what your response should be. Always take a note of the reporter's name, who they represent and a contact telephone number. If you say you are going to ring back make sure you do. Recognising that contact may be made when you are under pressure, remember that reporters, just like you, have a job to do. So please do be polite.

A call to the Communications Team should be made if the issue is anything other than purely factual. The Unit will need to know for use in any follow-up media inquiries on the same issues and to ensure the Authority gives a co-ordinated response.

- 16.3 Secondly contact may be made when the answer is a clear cut factual one. Again consult with your line manager and ring back. Do not be side-tracked on the call back, stick to the question originally asked. Again ensure the Communications Team are informed of your actions.
- 16.4 Thirdly, if you want to publicise an event, project or issue you are involved with always think ahead. Prepare advance publicity first. Always contact the Communications Team who will send out Press Releases. No releases should be sent out by individual Departments, without sanction from the Communications Team.
- 16.5 If you do have clearance for any of the above scenarios, and are ready to comment, don't rush. Remember a minute or two will not make any difference to the caller, whatever they may say. Do not be afraid to write down your response, and read it out. If it is a radio or TV interview, ask beforehand what questions you will be asked. When the interview begins, don't be side-tracked, stick to your brief. Try and talk in short, concise sentences and avoid a ramble.

17. Whistleblowing

- 17.1 The Council's whistleblowing arrangements are set out in its Whistleblowing Policy. Generally employees with issues of concern should raise these with their Line Manager. If this is felt to be inappropriate employees could consult a more senior manager or their Assistant Director/Director. On rare occasions staff may need to take their concerns outside the normal management structure. The possible routes available for employees are:-
- A To contact the HR Department.
 - B To contact the Chief Executive.
- 17.2 If employees need to take their concerns outside the Authority they should seek advice before doing so and contact:
- C Their Trade Union through their union representative

D Using the number displayed in Anti-Fraud Policy notices or the documentation received on the induction course

- 17.3 Employees should be aware that an employee who raises an issue should not be subject to sanctions, harassment or abuse. If this is found to be the case the disciplinary procedure will be invoked.

18. Equality Issues

- 18.1 All employees of the Council must ensure that policies relating to equality issues are complied with in addition to the requirements of the law. All members of the public, customers and other employees have a right to be treated with fairness and equity, and in line with the Council's Equality Policy.

19. Disclosure of Information and Confidentiality

- 19.1 In the interests of open government, the law requires that certain types of information must be available to members, auditors, government departments, service users and the public. The Council itself may decide to be open about other types of information. Employees must be aware of the Council's rules concerning the disclosure of information, and act accordingly.
- 19.2 During the course of their work, employees may come into possession of sensitive or personal information. They should not disclose this information to others except in accordance with the Council's procedures. If employees are uncertain as to the Council's procedures in a particular circumstance, they should consult with their Service Manager or relevant Director, as appropriate.
- 19.3 The confidentiality of information received in the course of an employee's duties should be respected and must never be used for personal gain. Employees must not knowingly pass information on to others who might use it in such a way.

Protocol On Member/Officer Relations

1.0 **PROMOTING AN ETHICAL CULTURE**

- 1.1 The Council has in place Codes governing Members and Officers Conduct. The Code of Conduct for Members is a statutory one and is contained in this Constitution. These Codes reflect the emphasis which is placed on issues of ethical values and standards, as promoting public confidence in Local Government and having a practical value from a Corporate Governance point of view. The Council believes that ethical organisations perform best and the Council is striving to develop a culture which promotes complementary values and standards amongst its Members and Officers. These values and standards are set out in the relevant codes but can be described as follows:-

MEMBERS

- Selflessness
- Integrity
- Objectivity
- Accountability
- Openness
- Honesty
- Leadership
- Respect for Others
- Duty to Uphold the Law
- Personal Judgement

OFFICERS

- Impartiality
- Honesty and Integrity
- Objectivity
- Accountability
- Political Neutrality
- Mutual Respect
- Professionalism
- Fairness
- Equal Treatment
- Stewardship
- Respect for Confidences

- 1.2 As an organisation, the Council will carry out its duties and provide its local services in a way which is customer orientated and which embraces the above values.

2.0 **GUIDANCE**

- 2.1 The purpose of this protocol is to offer guidance to Members and Officers of the Council about their relationship so that the citizens the Council serves receive the most efficient and effective service that the organisation can achieve. It will not cover every eventuality but seeks to cover issues which most commonly arise. The principles set out at the beginning of the Protocol however can be used in cases not covered by this advice.
- 2.2 The Protocol is outward looking as well as providing guidance on the Member/Officer relationship. Members and Officers frequently represent the

organisation and when doing so it is expected that Members and Officers will continue to esteem the values and standards set out in the Protocol and act accordingly.

3.0 THE MEMBER/OFFICER RELATIONSHIP

3.1 Members and Officers work best as a team and their roles whilst complementary are different and distinct.

3.2 Elected Members have three important roles which should be clearly recognised as they carry with them distinctive requirements:-

- to provide strong political leadership for the community which they serve which is well informed by high quality arrangements for consultation and communication
- to represent their constituents both individually and collectively by fully participating in Overview and Scrutiny of the Council's activities via its Scrutiny and Improvement Committees and giving voice to the views of the community that they serve
- to act impartially and with integrity when bestowing or withholding benefits within the borough.

3.3 Whilst Elected Members will be governed by different considerations in respect of their three roles, the traditional legal position of Local Authority Officers is that they are employees of and serve, the whole Council, offer support to and advise the Council, and the constituent parts of its decision-making machinery; implement Council decisions and may themselves take decisions formally delegated to them through the approved Scheme of Delegation. All Officers are required to be politically neutral and for Senior Officers and others this is enforced through the political restrictions of the 1989 Local Government and Housing Act.

3.4 As with Elected Members, it is important to recognise the differing roles of certain officers:

- the Chief Executive and the Executive Directors, along with the Section 151 and Monitoring Officers, together form the Executive Management Team which provides a formal interface between Members and Officers and has a leading role in relation to policy co-ordination and performance management
- Assistant Directors and/or Heads of Service who are directly responsible for the day-to-day delivery of services within the Council's established policy and decision-making framework
- Officers within services themselves who are primarily accountable to their Assistant Director/Head of Service and when assisting Members should always do so within the parameters of whatever authority they have been given.

3.5 Members and Officers understand their respective groupings and responsibilities and in dealing one with another will at all times comply with their respective Codes of Conduct.

4.0 **THE MAYOR/DEPUTY MAYOR AND OFFICERS OF THE COUNCIL**

4.1 The Mayor is the first citizen of the Borough and the embodiment of the rights and responsibilities of **the** democratically elected local body.

4.2 The Mayor is subject to the Code of Conduct but also has the following responsibilities under the Constitution:

1. to uphold and promote the purposes of the Constitution, and to interpret the Constitution when necessary;
2. to preside over meetings of the Council so that its business can be carried out efficiently and with regard to the rights of Councillors and the interests of the community;
3. to ensure that the Council Meeting is a forum for the debate of matters of concern to the local community and the place in which Members who are not on the Cabinet are able to hold the Cabinet to account;
4. to promote public involvement in the Council's activities;
5. to be the conscience of the Council; and
6. to attend such civic and ceremonial functions of the Council as he/she determines appropriate.

4.3 The Mayor will be assisted by Democratic Services and, where appropriate, a Mayor's Attendant who shall ensure that the rights and dignities of the Office of Mayor are promoted by assisting the Mayor in undertaking mayoral or civic events or other engagements.

4.4 The Mayor shall receive honest and impartial advice from the Proper Officer of the Council in the discharge of his or her duties under the Constitution. The Proper Officer will assist the Mayor to interpret the terms and requirements of the Constitution so that the Mayor may discharge his or her duties to preside over meetings of the Council.

4.5 All Officers of the Council will seek to support the Mayor in the promotion of public involvement in Council activities and civic and ceremonial events whilst always bearing in mind the requirement for Officers to be accountable to the whole of the Council at all times.

4.6 The Deputy Mayor will support, assist and substitute for the Mayor in fulfilling all of his/her responsibilities.

5.0 **THE LEADER OF THE COUNCIL/MEMBERS OF THE CABINET AND OFFICERS**

- 5.1 The Leader of the Council is elected following the ordinary election of councillors and Cabinet members are appointed by the Leader. Collectively they make up the Cabinet and are responsible for the “in year” decisions that are required to run the Council on a day-to-day basis. The Council itself cannot deprive the Cabinet of its right to take the “in year” decisions provided that those decisions are made in accordance with the budget and policy framework which the Council has approved. The Leader of the Council will chair the Cabinet and will lead the Cabinet in its important role. The Deputy Leader of the Council acts as a Vice-Chair of the Cabinet.
- 5.2 All Members of the Cabinet have special responsibility for functions which are set out in the Constitution. Cabinet members are individually and collectively responsible for their specific areas which are crosscutting in nature to achieve a holistic approach to the delivery of services and the development of policy.
- 5.3 The business of the Cabinet comprises:
- reports from the Executive Management Team
 - reports from the Head of Paid Service, the Chief Financial Officer or the Monitoring Officer
 - reports from Scrutiny and Improvement Committees referred to the Cabinet
 - proposals for the Forward Plan
 - Cabinet proposals referred back by the Corporate Resources and Governance Scrutiny and Improvement Committee following the exercise of call-in
 - Cabinet proposals referred back by the Council which fall to the Cabinet to determine
 - proposals referred to it by the Council, which fall to the Cabinet to determine.
- 5.4 Any Member of the Council may ask the Leader of the Council to put an item on the agenda of the Cabinet meeting for consideration and if the Leader of the Council agrees, it will be considered at the next available meeting. The Notice of the Meeting will give the name of the Councillor who asked for the item to be considered and he or she will be invited to attend the meeting.
- 5.5 Cabinet decisions are made collectively principally through meetings of the Cabinet with the Chief Executive, the Executive Management Team and Heads of Service. Prior to the publication of the Cabinet Business Papers, an informal briefing meeting will be held between the Chief Executive and the Executive Management Team and Cabinet Members to determine the agenda for the forthcoming Cabinet meeting. This agenda meeting is programmed

into the Cabinet timetable. Reports for the formal Cabinet meeting will be published in the Cabinet Business Papers in accordance with the Access to Information Rules. Cabinet Members are entitled to be briefed on reports prepared by the Executive Management Team before the informal briefing with the Chief Executive. This is because the executive arrangements under which the Council operates make Cabinet members responsible for their policy areas. The Chief Executive is Principal Advisor to the Leader of the Council and Deputy Leader of the Council.

5.6 In discharging their respective roles, Cabinet Members and Members of the Executive Management Team will observe the following arrangements:-

- a) As visible and accountable elected representatives with defined responsibilities set out in the Constitution, Cabinet members need to be properly briefed on all significant aspects of the work contained within their remit. Directors, as Principal Advisers will ensure a proper flow of information so that Cabinet members can effectively undertake their duties.
- b) Good communications can best be achieved through planned and programmed meetings and briefing arrangements. On the basis that Directors should be ensuring that the information needs of Cabinet members are met, Cabinet Members should in turn seek to avoid making requests for unanticipated briefings or detailed information gathering exercises, which can unbalance planned departmental workloads.
- c) Cabinet Members should channel requests for information, advice and other support via the relevant Director or via such arrangements as are agreed and established between the Cabinet Members and the Director. In the absence of prior agreement, the Cabinet Members should not normally approach other departmental staff directly with requests for information (except in cases of urgency) or seek to commission work from individual staff, as this can create conflict with day-to-day line management accountabilities.
- d) Whilst Cabinet members will wish to work with Directors and Senior Management in the development of policies and programmes, they should recognise that there are categories of officer level meetings both inside and outside the Council, where attendance by a Cabinet member (or other Councillor) may not be appropriate.
- e) Cabinet members (and other Councillors) have collective responsibility to the Council for the employment policies of the Council and the Council acts as the employing body for all Council staff. Employment policies, having been set by the Council, are implemented by Directors and Cabinet and/or other Members should avoid becoming over-involved in issues of individual performance of officers, or individual cases of e.g. grievance, disciplinary action or harassment as such

action brings with it the risk of undermining management arrangements and approved employment policies. Cabinet and other members have the right however to bring to the notice of relevant Directors any instances within their area of responsibility where they have evidence that there are problems of inefficiency or ineffectiveness and to be kept informed of what course of action is being pursued in such circumstances.

- f) Cabinet members are expected to justify and account for any proposals relevant to their portfolio to the Council and to Scrutiny and Improvement Committees. When fulfilling this responsibility, Cabinet members should take appropriate advice from relevant Directors and Directors should ensure that the full and proper professional, legal and financial advice is provided to Cabinet members.
 - g) When new policies and proposals are brought forward, Cabinet members may wish to discuss contents of such reports and the framing of recommendations with the relevant Director. Whilst Cabinet members may wish to make suggestions on content and drafting to achieve clarity of presentation, simplify jargon or better explain issues, they should not attempt to edit out or over-ride any content of a report which Directors feel it is important to put before the Council. This is especially relevant for matters of a professional and technical nature and all members of the Executive Management Team, Assistant Directors and Heads of Service must be able to retain a right to report direct to the Council and all Committees where they consider it necessary.
 - h) A number of officers exercise statutory functions or have individual responsibilities. Cabinet members (and other Councillors) should not attempt to interfere with these roles. These include the functions of the Proper Officer (e.g. witnessing and receipt of declarations for acceptance of office, receipt of notices of interests and signature of summons to the Council Meeting); Monitoring Officer (e.g. maintaining the Council's Constitution; ensuring lawfulness and fairness of decision making and supporting the Governance Committee) and Chief Finance/S151 Officer (e.g. ensuring financial prudence of decision making; administering the authority's financial affairs and giving financial advice).
- 5.7 Where reports are placed before a Scrutiny and Improvement Committee for the purposes of advice to the Cabinet member, Cabinet members should attend in order to consult on issues contained within the report. Accordingly the Cabinet members will request the views of the committee and any witnesses the committee may wish to call and then sit in "listening" mode, in order to inform them on a range of views before the item is discussed at the Cabinet.

- 5.8 Where reports are called in for scrutiny, Cabinet members may be required to attend to answer questions. Cabinet members should normally be sufficiently briefed to answer the majority of questions themselves and to be able to provide justification for the recommendations in the report. On more technical and professional issues, however Cabinet members may wish to call on Directors or specialist officers to answer questions and explain the basis of the recommendations.
- 5.9 In discharging their duties generally it will be recognised that the following principles are paramount:
- a) Chief Officers are employed to serve the whole Council and remain ultimately accountable to the whole Council.
 - b) All Officers are required to be politically neutral and for senior and other officers this is enforced through the political restrictions of the Local Government Housing Act 1989. All officers are required to abide by the Council's Officers Code of Conduct.
 - c) Chief Officers have individual responsibilities defined in their job descriptions. In some cases these will include professional or technical responsibilities of a statutory nature (e.g. regulatory functions, Proper Officer functions).
 - d) Chief Officers with professional responsibilities may also have a duty to observe codes and standards set by outside professional bodies, e.g. accountancy, law, structural engineering. There may be occasions on which these require to be treated as over-ruling the views of Cabinet members or Council policy decisions (and should such circumstances arise) Chief Officers will need to report the position via the decision making process.
 - e) The Chief Executive and the Executive Management Team have a collective responsibility to advise the Council on its priorities, allocation of resources and forward programmes.
 - f) Officers should conduct themselves with integrity, impartiality and honesty. They should give honest and impartial advice to the Leader and Cabinet members without fear or favour and make all the information relevant to a decision available to them. They should not deceive or knowingly mislead Cabinet members or other Councillors or the public or withhold information that may be relevant to a decision.

6.0 **CHAIRS AND MEMBERS OF SCRUTINY AND IMPROVEMENT COMMITTEES AND OFFICERS**

- 6.1 The primary role of the Chair and Members of the Scrutiny Committees is to scrutinise the decisions of the Cabinet. The Council's Overview and Scrutiny function is discharged through its Scrutiny and Improvement Committees.

- 6.2 The scrutiny process will operate on the basis of a call-in procedure regulated in accordance with the provisions of the Overview and Scrutiny Procedure Rules.
- 6.3 The Principal Adviser to the Corporate Resources and Governance Scrutiny and Improvement Committee will be the Governance Manager, who is the Council's statutory Scrutiny Officer under s9FB of the Local Government Act 2000. He or she, or an officer nominated by them, will meet the Chair to discuss any items which may have been called-in and will arrange for the attendance of any Cabinet members, senior officers or other parties at the proposed Corporate Resources and Governance Scrutiny and Improvement Committee meeting at which the called-in item or items are to be discussed.
- 6.4 The Overview and Scrutiny function will be provided with an appropriate level of support.
- 6.5 Lead Officers have the responsibility to assist the Overview and Scrutiny function with the preparation of their programme for Policy Development and to advise on the preparation of agenda items as set out in the Overview and Scrutiny Procedure Rules.
- 6.6 The Chair and Members of Scrutiny and Improvement Committees along with all other Councillors, and co-opted Members must observe the Code of Conduct for Members. Over and above these requirements Members have a responsibility for ensuring that the Scrutiny process operates fairly and openly.
- 6.7 The Chairs and Members of the Scrutiny and Improvement Committees expect that the Cabinet members and Officers are as open as possible with the Committees subject to legal confidentiality as set out in the Access to Information Procedure Rules. The Chair and Members of Scrutiny and Improvement Committees will still need to demonstrate the same "need to know" in respect of access to information as other Councillors.
- 6.8 Chairs of Scrutiny and Improvement Committees and Scrutiny Panels should keep separate their role as Chair and as constituency Councillor and should seek to ensure that no conflicts of interest arise. He/she should not seek to use his/her position to influence events unduly. The Overview and Scrutiny function acts in an inquisitorial capacity and no Scrutiny and Improvement Member should make comments which give the impression that they have made their minds up before having completed their consultation or enquiries.
- 6.9 In accordance with the Code of Conduct, Members must not use Council resources for party political purposes. They must uphold the political impartiality of the officer body and not ask officers to act in any way which would conflict with the officers obligation to act impartially. In dealings with their Lead Officer, the Chair and Members of Scrutiny and Improvement Committees will have to be aware of the resource consequences of any proposals. In some instances requests for research in pursuit of scrutiny may have to be refused on the grounds of expense or time. It may be that under

circumstances where information is under confidential review by the Cabinet, it will not normally be available on request to Members undertaking Overview and Scrutiny until the Cabinet has had an opportunity to discuss the matter.

- 6.10 Scrutiny and Improvement Committees may call on the Leader of the Council, the Deputy Leader of the Council or other Cabinet Members and senior officers to answer questions on decisions made by the Cabinet or by officers under delegated powers relating to executive functions. This can be done in accordance with the Overview and Scrutiny Procedure Rules.

7.0 CHAIRS AND MEMBERS OF OTHER COMMITTEES AND OFFICERS

- 7.1 Whilst it is important that there should be a close working relationship between the Chair Person and/or Vice Chair Person of the Committee and a Director and other officers for any department which reports to that Committee, such a relationship should never be allowed to become too close or appear to be so close as to bring into question the officers ability to deal impartially and fairly with other Members, other party groups or the public.
- 7.2 Whilst the Chair and/or Vice-Chair of the Committee will be consulted as part of the process of drawing up the agenda for a forthcoming meeting, it must be recognised that in some circumstances the Director will be under a duty to submit a report on a particular matter. Any issues arising between a Chair and/or Vice-Chair and a Director in this area will be referred to the Chief Executive for resolution in conjunction with the Leader of the Council.

8.0 OFFICERS AND POLITICAL GROUPS

- 8.1 There is recognition for Political Groups and it is common practice for such groups to give preliminary consideration to matters of Council business in advance of such matters being considered by the relevant Council decision making body. Officers may properly be called upon to support and contribute to such deliberations by political groups subject to the same rules as to impartiality and integrity.
- 8.2 The support which officers may properly be called upon to provide can range from a briefing meeting with a Chair or spokesperson prior to the Cabinet or Committee meeting, to a presentation to a full political group meeting. Whilst in practice such officer support is likely to be in most demand from whichever political group is for the time being in control of the Council, such support is available to all such groups.
- 8.3 It is important to be clear about the boundaries to the support which officers can supply in this type of process. The following need to be borne in mind:-
- a) Officer's support in these circumstances must not extend beyond providing information and advice in relation to matters of *Council business*. Officers must not be involved in advising on matters of group business. They should remain politically neutral. The observance of this distinction will be assisted if officers are only

expected to be present and remain in attendance at group meetings when matters of Council business are being discussed. There is a convention that there shall be no political discussion undertaken in the presence of the officer.

- b) Political group meetings whilst they form part of the preliminary Council decision making are not empowered to make decisions on behalf of the Council. Conclusions reached at these meetings do not therefore rank as Council decisions and it is essential that they are not interpreted or acted upon as such. However it must be remembered that the deliberations of such meetings have been considered by the courts in looking at the motivation behind decision making.
- c) Where officers provide information and advice to a group meeting in relation to a matter of Council business, this cannot act as a substitute to providing all necessary information and advice to the relevant Council meeting when the matter in question is considered formally.
- d) Special care needs to be exercised whenever officers are involved in providing information and advice to a group meeting which include persons who are not members of the Council. These people will not be bound by the Code of Conduct for Members (in particular the provisions concerning the Declaration of Interests and confidentiality) and for this and other reasons officers may not be able to provide the same level of information and advice as they would to a Members only meeting.
- e) Officers must respect the confidentiality of any group and they should not relay any information which they become party to as part of this process to any other group.
- f) Any issues of concern which arise in respect of this process shall be raised with the Chief Executive who will then discuss them with the relevant group leaders.
- g) All Members should appreciate that the only basis upon which the Council can lawfully provide support services (e.g. stationery, typing, printing, photocopying, transport, etc.) to Members, is to assist them in discharging their role as Members of the Council. Such support services must therefore only be used on Council business. It should never be used in order to support Members in connection with any party political or campaigning activity or for Members private purposes. Members should not ask officers to provide support services other than those which are to be used for Council business purposes.

9.0 **WARD MEMBERS AND OFFICERS**

9.1 Members' role in a representative democracy means that they have a primary, overall responsibility and accountability to the Council as a whole, whilst representing their constituents and local communities.

9.2 Ward Councillors are the means by which the views and interests of those people who elect them are brought into the Council. They may take a lead role in developing local networks of organisations and individuals, and be

“a people's champion of their local community, defending the public interest in the Council. They will bring their constituents' views, concerns and grievances to the Council through the Council's structure.”

9.3 This “champion role” is exercised by Members working in a number of roles:-

- **Signposting** – Members know how the system works and who to contact. They are well placed to advise local people about local issues and can point people in the right direction;
- **Scrutinising** – Members can help local people to make progress by overseeing and intervening on their behalf in decision making or policy development;
- **Advocacy** – Members have the necessary status, skills and ability to tackle failure. When things go wrong or break down, as elected representatives, they are well placed to intervene and to seek redress on behalf of local people; and
- **Representing** – Members can spot emerging issues and trends. They will know when a series of individual issues indicates that there is a real failure in the system that needs to be taken up by the Council itself and they can feed views into the local authority.

9.4 Whichever of these roles Ward Councillors perform, they need to be properly supported if they are to be effective. Democratic Services and other relevant Officers will support Ward Councillors by (amongst other things) providing information and documentation (subject to the following paragraphs of the protocol regarding access to information and Council documents); undertaking research about local issues; putting them in contact with individuals and groups in their Wards and adjoining Wards; maintaining the information for members via the intranet or other resources; co-ordinating a support service in connection with computers and new technology.

9.5 All Officers and, where appropriate, Cabinet Members, should consult with Ward Members on issues which relate to their Ward. Such issues may typically include:

- Changes in service delivery

- Neighbourhood issues
 - Regeneration initiatives
 - Planning Applications and proposals.
- 9.6 All Officers should identify any issues which may have implications for more than one Ward and consult with all the Ward Members who may be affected.
- 9.7 All Officers should always try to ensure, so far as it is reasonably practicable to do so, that Members have a realistic timescale in which to respond to consultation on matters affecting or relating to their Ward or constituents. Where, however, urgent action is required to address a particular issue which, for instance, does not realistically allow time for Ward Members to consult their constituents, Officers should inform the Members concerned as soon as possible of any actions taken.
- 9.8 All Officers acting within the remit of their delegated powers should ensure that they identify at an early stage any issues which should be drawn to the attention of Ward Members or which should form part of a prior consultation exercise with them.
- 9.9 Whenever a public meeting is organised by or on behalf of the Council to consider a local issue all the Members representing the Ward or Wards affected should as a matter of course be invited to attend the meeting. Similarly, whenever the Council undertakes any form of consultative exercise on a local issue, the Ward Members should be notified at the outset of the exercise.
- 9.10 Although there are some teams or individual members of staff whose roles, by their nature, involve regular contact with Members because they provide them with direct support (e.g. Democratic Services, Community Development Officers etc), in general terms, Members should not seek to instruct individual officers within wider services to carry out work or take specific action without going through normal channels and lines of management.
- 9.11 Members must not seek to become involved in directing or requesting action by officers in situations where they may have a close personal or other relationship with any relevant person or organisation, or where the public is likely to reasonably perceive that they have a conflict of interest.

10. **MEMBERS' ACCESS TO INFORMATION AND THE COUNCIL DOCUMENTS**

- 10.1 Members are free to approach any Council Department to provide them with such information, explanation and advice (about that Department's functions) as they may reasonably need in order to assist them in discharging their role as Members of the Council. This can range from a request for general information about some aspect of a Department's activities to a request for specific information on behalf of a constituent. Such approaches should normally be directed to the relevant Director or another nominated Senior Officer of the Department concerned although this should not in any way

prevent appropriate information gathering from taking place by means of contact with relevant Community Development or other Officers, in the usual way. A Member may also, inspect any document which has been considered by the Council and be supplied with a copy of such document. Access to documents and information is governed by the Access to Information Procedure Rules in the Constitution.

- 10.2 As regards the legal rights of Members to inspect Council documents, these are covered partly by statute and partly by common law.
- 10.3 Members have a statutory right to inspect any Council document which contains material relating to any business which is to be transacted at a Council, Cabinet in public or Committee meeting. This right applies irrespective of whether the Member is a member of the Cabinet or Committee concerned and extends not only to reports which are to be submitted to the meeting, but also to any relevant background papers. This right does not however apply to documents relating to certain items which may appear on the "Not for Publication" part of the agenda for meetings. The items in question are those which contain exempt information relating to e.g., employees, occupiers of Council property, applicants for grants and other services, the care of children, contract and industrial relations negotiations, advice from Counsel, advice received, information obtained and action to be taken in connection with proceedings affecting the Authority and criminal investigations. A Member should also not knowingly inspect and/or call for a copy of any document relating to a matter in which he/she is professionally interested or in which he/she has any pecuniary interest. In addition, the Chief Legal Officer or any Solicitor to the Council may decline to allow inspection of any document which is, or in the event of legal proceedings, would be protected by privilege arising from the relationship of Solicitor and Client.
- 10.4 The common law right of Members is much broader and is based on the principle that any Member has a prima facie right to inspect Council documents so far as his/her access to the documents is reasonably necessary to enable the Member properly to perform his/her duties as a Member of the Council. This principle is commonly referred to as the "need to know" principle.
- 10.5 In some circumstances (e.g. a Committee Member wishing to inspect non-personal or non-confidential documents relating to the functions of that Committee) a Member's "need to know" will normally be presumed. In other circumstances (e.g. a Member wishing to inspect Council documents which contain personal or confidential information about third parties, such as Council Tenants) there will be a presumption against disclosure and a Member will be expected to justify the request in specific terms. In certain cases, additional guidance regarding the circumstances when inspection may or may not be allowed may also have been approved by the Council.
- 10.6 Whilst the exercise of this common law right principally depends therefore upon the Member's ability to demonstrate that he/she has the necessary

“need to know” and that there are no legitimate reasons for non-disclosure, a Member has no right to “a roving commission” to go and examine documents of the Council. Mere curiosity is not sufficient. The crucial question is the determination of the “need to know”. This question must initially be determined by the particular Director of Service whose Department holds the document in question (with advice from the Chief Legal Officer). In the event of dispute, the question falls to be determined by the relevant Council body e.g. a Committee in connection with whose functions the document is held.

- 10.7 As a general requirement, where a request to inspect or copy Council documents is likely to involve the significant use of resources, approval to the use of those resources should be requested by following the need to know determination procedure specified in the preceding paragraph.
- 10.8 Whilst the term “Council document” is very broad, and, prima facie, includes for example any document produced with Council resources, it does not cover draft documents or documents which do not relate to business to be considered by or transacted at a Council, Cabinet or Committee meeting. It is also accepted by convention that a Member of one party group will not have a “need to know” and therefore a right to inspect, a document which forms part of the internal workings of another party group.
- 10.9 Further and more detailed advice relevant to particular circumstances regarding Members’ right to inspect Council documents may be obtained from the Chief Legal Officer.
- 10.10 Finally any Council information provided to a Member must only be used by the Member for the purpose for which it was provided i.e. in connection with the proper performance of the Member’s duties as a Member of the Council. Members necessarily acquire much information that has not yet been made public and is still confidential. It is betrayal of trust to breach such confidences. Members should never therefore disclose or use confidential information for the personal advantage of themselves or of anyone known to them, or to the disadvantage or the discredit of the Council or anyone else.

11. NON-COUNCILLOR MEMBERS OF COUNCIL BODIES

- 11.1 In accordance with legislative requirements, the Council may appoint diocesan and parent governor representatives to all meetings of the Children and Families Scrutiny and Improvement Committee dealing with matters of education. These representatives may only vote on education issues (as outlined in the Overview and Scrutiny Procedure Rules), although they may speak on non-education topics.
- 11.2 In particular, those representatives have the right to vote on any decision relating to schools maintained by the authority and pupils who attend local authority maintained schools or who are educated by the authority in some other way.

- 11.3 These education representatives are also allowed to vote on matters which affect how funds which have already been earmarked for education are to be spent, such as:
- how much of the education budget is devoted to schools compared to e.g. adult education;
 - what proportion of the schools budget is retained centrally by the local education authority to provide services for schools and pupils, and what proportion is delegated to individual school budgets;
 - what proportion of the school budget retained centrally is devoted to each of the 4 main funding areas (school improvement, pupil access, special education provisions and strategic management) and how much is contributed to Government grants for other specific activities;
 - the formula by which individual school budgets are calculated
- 11.4 Education representatives should not vote on:
- any decision which determines the local education authority's total education revenue or capital budget;
 - any matter which would require the Council to raise the Council Tax
 - any matter in which the representative has a pecuniary interest. This would include a direct impact on the school at which the representative is, or was, a parent governor or where the representative's child or children are taught, for example, whether that school or another school should be given priority for the replacement of temporary classrooms.
- 11.5 Other non-Councillor representatives may be appointed to the Council's Scrutiny and Improvement Committees or Scrutiny Panels, but with no rights to vote whatsoever. The Council's other Committees may also co-opt non-Councillor representatives without voting rights.
- 11.6 All non-Councillor representatives appointed to the Council's bodies, whether they have voting rights or not, should comply with the Council's Code of Conduct for Members, particularly with regard to personal conduct; the declaration of interests; acceptance of gifts and hospitality; use of Council facilities and the basic principles of mutual trust and respect between Councillors and Officers.
- 11.7 All non-Councillor representatives should abide by and be subject to the provisions of this Protocol insofar as they can sensibly be applied to them when fulfilling their duties as representatives on Council Committees.

- 11.8 All non-Councillor representatives will be subject to the same requirements and restrictions as Members in respect of access to Council documents and information.

12. **PUBLICITY MATERIAL AND PRESS RELEASES**

- 12.1 The guiding principles as to the publication of publicity material and the issuing of press releases by local authority staff are to be found in the Local Government Act 1986 and the related Code of Recommended Practice on Local Authority Publicity as revised by the Secretary of State on 2 April 2001. For practical purposes the LGIU publication *The Right Side of the Law* is adopted.

- 12.2 The following is an extract from the 1986 Act:

“A local authority shall not publish any material which, in whole or in part, appears to be designed to affect support for a political party.

In determining whether material falls within the prohibition regard shall be had to the content and style of the material, the time and other circumstances of publication and the likely effect on those to whom it is directed and in particular the following matters:

- *whether the material refers to a political party or to persons identified with a political party or promotes or opposes a point of view on a question of political controversy which is identifiable as the view of one political party and not of another;*
- *where material is part of a campaign the effect which the campaign appears to be designed to achieve.”*

- 12.3 The Council is not therefore permitted to fund the publication of publicity material and/or the production of press releases which are party political. To assist in defining this the following checklist can be used:

- party political logos should not be used
- party political names should not be used except where they are necessary in describing a position
- publicity should not be used to publicise individual Councillors unless they are acting on behalf of or representing the Council.

- 12.4 The names of non-Cabinet Members, and a short quote from them, may be included in press releases relating to a ward-specific issue in their ward or, in the case of Group Leaders, to a Council/Borough-wide issue. This may only occur where the Members concerned are speaking on behalf of the Council or in support of Council policy.

- 12.5 If these rules are respected there is no reason whatsoever as to why effective publications and other material cannot be produced and issued without contravening the law. Such material can be written by paid officers and printed by the local authority.
- 12.6 Any publication or press release which breaches any of the above will be deemed political and will need to be funded by the political party and Officers will not be able to participate.
- 12.7 Members acting as spokespersons for the Council, when responding to the press and media and making public statements on behalf of the Council should liaise with the Authority's Public Relations Officer on the form and content of any response or statement.
- 12.8 Members must not use Council resources for political purposes except as permitted by the members Code of Conduct. If members wish to purchase Council material for use for political purposes, a request should be made to the Monitoring Officer who will consider each request on its merit. By way of guidance, images involving Council staff, customers or citizens of the Borough will be very carefully considered as there are clear sensitivities in the use of such images in a party political publication. This will include the requirement to confirm that such usage is in compliance within Data Protection requirements and legislation.

13. **CORRESPONDENCE**

- 13.1 Correspondence between an individual Member and an Officer should not normally be copied (by the Officer) to any other Member unless a prior protocol to that effect has been agreed e.g. as in the case of advice on Members' interests. Where exceptionally, without such agreement being in place, it is necessary to copy correspondence to another Member, this should be made clear to the original Member. In other words, a system of "silent" or "blind" copies should not be employed.
- 13.2 Official letters on behalf of the Council should normally be sent out under the name of the appropriate Officer, rather than under the name of a Member. It may be appropriate in certain circumstances (e.g. representations to a Government Minister) for a letter to appear under the name of a Member, but this should be the exception rather than the norm. Letters which for example, create obligations or give instructions on behalf of the Council should never be sent out under the name of a Member.

14. **DEALING WITH PLANNING MATTERS**

- 14.1 The public perception of probity in planning decision making is critical if the system is to remain effective and retain the confidence of its users. The Council has local guidance governing planning matters. It applies to both Members and Officers.

15. **MEDIATION BY THE MONITORING OFFICER**

- 15.1 This Protocol seeks to encourage best practice and to promote greater clarity and certainty between the various relationships. If any elected Member is unsure about any matter, they should contact the relevant Group Leader and/or the Monitoring Officer for appropriate advice and assistance. If any Officer is unsure about any matter, they should contact the relevant Chief Officer and/or the Monitoring Officer.
- 15.2 If there is any disagreement in the interpretation of this Protocol, the opinion of the Chief Executive and/or Monitoring Officer will prevail.

Protocol for Decision Making of the Cabinet

The following protocol has been instituted in relation to briefings, agenda meetings and meetings of the Cabinet.

The portfolio holders within the Cabinet have responsibility under the Constitution to discharge the duties bestowed by the portfolio and are entitled to be kept fully briefed by officers on matters pertaining to those portfolios.

With that overarching duty upon officers in mind, the following process will be adopted.

1. Chief Officers (or a senior representative) will host diaried briefing sessions with their individual portfolio holders to discuss:
 - departmental and operational issues
 - forward plan issues
 - specific reports.
2. Cabinet Members will then be able to network with Cabinet colleagues on the matters and take informal soundings.
3. At the diaried meetings the specific reports presented by Chief Officers will be those the Chief Officer intends to take to Cabinet. The Cabinet Member must have regard to Officer advice (including any advice from the Chief Executive, Chief Financial Officer or Monitoring Officer).
4. The report will then go forward to the Chief Executive's briefing meeting. All Members of the Cabinet will be present but the meeting will be used as an agenda marshalling meeting and not for detailed debates on the reports.
5. Selected reports will then go forward to the Cabinet Meeting for decision. Category 1 items will be discussed in full.
6. Minutes of the Cabinet will be published on the web. Individual decisions of portfolio holders will also be published on the web. Scrutiny then have five working days to call in the items for discussion at the Corporate Resources and Governance Scrutiny and Improvement Committee. If the matter is not called in following the expiration of the five working days, officers can implement them.

Protocol on Cabinet Member Reports

1.0 Introduction

- 1.1 Under the Constitution Cabinet Members have responsibility for all matters within their portfolio and are entitled to receive support, advice and information from relevant Chief Officers (and other officers) to enable them to carry out their duties effectively. This is because, under the Constitution Cabinet Members are accountable to the Council for all the Council's activities within their portfolio.
- 1.2 This protocol provides guidance to enable Cabinet Members to enable them to give account in a democratic, fair and effective way.

2.0 Process for Giving Account and Cabinet Member Reports

- 2.1 Overview and Scrutiny is the principle way in which Cabinet Members are held to account. This can be through call-in but this is only in exceptional circumstances. Most of the time, giving account will be through Cabinet Members attending Scrutiny and Improvement meetings and contributing views and information to enable scrutiny to do its work effectively. Cabinet Members will work positively with Scrutiny and Improvement Committees and policy development (ie devising new policies) and policy review (ie improving existing policy). This is how continuous improvement forms part of elected members responsibilities.
- 2.2 Cabinet Members will also from time to time give account to the full Council by giving reports on the work they have been doing in their portfolio. Members can ask questions and raise issues on the report and receive a response from the Cabinet Member. No motions can be moved during these sessions but Cabinet Members may be asked if they are prepared to give commitments to take action on any matter covered by the report.
- 2.3 Each Cabinet Member will give an annual report to the Full Council. These reports will be spread over the Council meetings in February March and April in each year.

3.0 Time Limits and Order of Questions

- 3.1 The Cabinet Members reports will appear in the Council Agenda. A period of a maximum of ten minutes will be set aside for each report and a further ten minutes for any questions upon it. Questions will be taken in order. Questions will be succinct and answers will be addressed to the issues raised.
- 3.2 The Mayor will have power to extend the period for questions as the Mayor shall see fit.

Monitoring Officer Protocol

1. The Monitoring Officer undertakes to discharge his or her responsibilities outlined in this paper with determination and a manner which will enhance the reputation of the Council. In general terms his or her ability to discharge these duties depends on excellent working relations with colleagues and members but also the flow of information and access to debate particularly at early stages.
2. The following arrangements and understanding between the Monitoring Officer and colleagues and members are designed to help ensure the effective discharge of his/her functions:
 - (a) If not a member of the Chief Officer's Management Team the Monitoring Officer will have advance notice of those meetings and agenda and reports and the right to attend and speak.
 - (b) Advance notice of pre-arranged meetings whether formal or informal between Chief Officers and members of the Executive or Committee Chairmen will be given to Monitoring Officer where any procedural vires or other constitutional issues are likely to arise.
 - (c) Chief Officers will alert the Monitoring Officer to all emerging issues of concern including legality, probity, vires and constitutional issues.
 - (d) The Monitoring Officer or his/her staff will have copies of all reports to members.
 - (e) The Monitoring Officer is expected to develop good liaison and working relations with the District Auditor and the Ombudsman including the giving and receiving of relevant information whether confidential or otherwise.
 - (f) The Monitoring Officer will have a special relationship with the Leader of the Council, the Mayor, Chair of the committee undertaking the Standards Function and the Overview and Scrutiny function and will ensure the Head of Paid Service and Chief Financial Officer have up-to-date information regarding emerging issues.
 - (g) The Monitoring Officer will be expected to make enquiries into allegations of misconduct and if appropriate will make a written report to the Governance Committee unless the Monitoring Officer determines a report is not warranted.
 - (h) The Head of Paid Service, Chief Financial Officer and Monitoring Officer will meet regularly to consider and recommend action in connection with current governance issues and other matters of concern regarding probity.
 - (i) In carrying out any investigation (whether under Regulations or otherwise). The Monitoring Officer will have unqualified access to any information held by the Council and any employee who can assist in the discharge of his/her functions.
 - (j) The Monitoring Officer will have control of a budget sufficient to enable him/her to seek Counsel's opinion on any matter concerning his/her functions.
 - (k) The Monitoring Officer will be responsible for preparing a training programme for members on the ethical framework subject to the approval of the Governance Committee.

- (l) The Monitoring Officer will report to the Council from time to time on the Constitution and any necessary or desirable changes following consultation in particular with the Head of Paid Service and Chief Financial Officer.
- (m) In consultation with the Mayor the Monitoring Officer may defer the making of a formal report under Section 5 LGHA 1989 where another investigative body is involved.
- (n) The Monitoring Officer will make a report to the Council from time to time as necessary on the staff, accommodation and resources they require to discharge his/her functions.
- (o) The Monitoring Officer will appoint sufficient deputies to keep him or her briefed on emerging issues.

PETITIONS SCHEME

Petitions

The council welcomes petitions from those who live, work or study in the Borough and recognises that petitions are one way in which people can let us know their concerns. All petitions sent or presented to the council will receive an acknowledgement from the council within 10 working days of receipt. This acknowledgement will include our process for dealing with the petition. We will treat something as a petition if it is identified as being a petition, or if it seems to us that it is intended to be a petition.

Paper petitions can be sent to:

Legal and Governance
Redcar and Cleveland House
Kirkleatham Street
Redcar
TS10 1RT

Petitions can also be presented to a meeting of the council. These meetings take place on a 6 weekly basis. If you would like to present your petition to the council, or would like your councillor or someone else to present it on your behalf, please contact Democratic Services on 01642 44413 at least 10 days before the meeting and they will talk you through the process. If your petition has received 1500 signatures or more (this is reduced to 500 signatories or petitioners where the petition relates to a local issue, affecting no more than 2 electoral wards within the authority's area) it will also be scheduled for a council debate and if this is the case we will let you know whether this will happen at the same meeting or a later meeting of the council.

You can also submit and sign petitions online on the Council's website (see Petitions on the A-Z guide). When the petition has closed, it will be processed in accordance with the Petition's protocol at Appendix 1.

What are the guidelines for submitting a petition?

Petitions must be submitted and signed by those who live, work or study within the Borough.

Petitions must include:

- a clear and concise statement covering the subject of the petition. It should state what action the petitioners wish the council to take
- the name and home address, or place of work or study and signature of any person supporting the petition.

Petitions should be accompanied by contact details, including an address, for the petition organiser. This is the person we will contact to explain how we will respond

to the petition. The contact details of the petition organiser will not be placed on the website. If the petition does not identify a petition organiser, we will contact signatories to the petition to agree who should act as the petition organiser.

Petitions which are considered to be vexatious, abusive or otherwise inappropriate will not be accepted. In the period immediately before an election or referendum we may need to deal with your petition differently – if this is the case we will explain the reasons and discuss the revised timescale which will apply. If a petition does not follow the guidelines set out above, the council may decide not to do anything further with it. In that case, we will write to you to explain the reasons.

What will the council do when it receives my petition?

An acknowledgement will be sent to the petition organiser within 10 working days of receiving the petition. It will let them know what we plan to do with the petition and when they can expect to hear from us again. The Council's Protocol for dealing with Petitions is attached at Appendix 1.

If we can do what your petition asks for, the acknowledgement may confirm that we have taken the action requested and the petition will be closed. If the petition has enough signatures to trigger a council debate, or a senior officer giving evidence, then the acknowledgment will confirm this and tell you when and where the meeting will take place. If the petition needs more investigation, we will tell you the steps we plan to take.

If the petition applies to a planning or licensing application, is a statutory petition (for example requesting a referendum on having an elected mayor), or on a matter where there is already an existing right of appeal, such as council tax banding and non-domestic rates, other procedures apply. Further information on all these procedures and how you can express your views is available here <http://www.redcar-cleveland.gov.uk/>

We will not take action on any petition which we consider to be vexatious, abusive or otherwise inappropriate and will explain the reasons for this in our acknowledgement of the petition.

How will the council respond to petitions?

Our response to a petition will depend on what a petition asks for and how many people have signed it, but may include one or more of the following:

- taking the action requested in the petition
- considering the petition at a council meeting
- holding an inquiry into the matter
- undertaking research into the matter
- holding a public meeting
- holding a consultation
- holding a meeting with petitioners

- referring the petition for consideration by a council Scrutiny and Improvement committee*
- calling a referendum
- writing to the petition organiser setting out our views about the request in the petition

*Scrutiny and Improvement committees are committees of councillors who are responsible for scrutinising the work of the council – in other words, the Scrutiny and Improvement committee has the power to hold the council's decision makers to account.

In addition to these steps, the council will consider all the specific actions it can potentially take on the issues highlighted in a petition.

If your petition is about something over which the council has no direct control (for example the local railway or hospital) we will consider making representations on behalf of the community to the relevant body. The council works with a large number of local partners and where possible will work with these partners to respond to your petition. If we are not able to do this for any reason (for example if what the petition calls for conflicts with council policy), then we will set out the reasons for this to you. You can find more information on the services for which the council is responsible here:

<http://www.redcar-cleveland.gov.uk/>.

If your petition is about something that a different council is responsible for we will give consideration to what the best method is for responding to it. This might consist of simply forwarding the petition to the other council, but could involve other steps. In any event we will always notify you of the action we have taken.

Full Council debates

If a petition contains more than 1,500 signatures of people who live, work or study in the Borough (this is reduced to 500 such signatories or petitioners where the petition relates to a local issue, affecting no more than 2 electoral wards within the authority's area) it will be debated by the full council unless it is a petition asking for a senior council officer to give evidence at a public meeting or unless it is a petition asking for some other outcome. This means that the issue raised in the petition will be discussed at a meeting which all councillors can attend. The council will endeavour to consider the petition at its next meeting, although on some occasions this may not be possible and consideration will then take place at the following meeting. The petition organiser will be given up to five minutes to present the petition at the meeting and the petition will then be discussed by councillors for a period at the discretion of the Mayor or the Chair of the meeting. The council will decide how to respond to the petition at this meeting. They may decide to take the action the petition requests, not to take the action requested for reasons put forward in the debate, or to commission further investigation into the matter, for example by a relevant committee. Where the issue is one on which the council executive are required to make the final decision, the council will decide whether to make recommendations to inform that decision. The petition organiser will receive written confirmation of this decision.

Officer Evidence

Your petition may ask for a Senior Council Officer to give evidence at a public meeting about something for which the officer is responsible as part of their job. For example, your petition may ask a Senior Council Officer to explain progress on an issue, or to explain the advice given to elected members to enable them to make a particular decision.

If your petition contains at least 750 signatures of people who live, work or study in the Borough (this is reduced to 100 such signatories or petitioners where the petition relates to a local issue, affecting no more than 2 electoral wards within the authority's area), the relevant Senior Officer will give evidence at a public meeting of a council Scrutiny and Improvement committee. The authority has determined that such petitions must relate to the Chief Executive, a Director or a Head of Service of the authority. Please note that where the petition raises issues of competence or misconduct, the petition will be referred to the Chief Executive (or to the Chief Personnel Officer in respect of the Chief Executive) and will be considered under the authority's Disciplinary Procedures, and not under this Petitions Procedure. The committee may also decide to call the relevant councillor to attend the meeting. Committee members will ask the questions at this meeting, but you will be able to suggest questions to the chair of the committee by contacting Democratic Services on 01642 444413 up to three working days before the meeting.

What can I do if I feel my petition has not been dealt with properly?

If you feel that we have not dealt with your petition properly, the petition organiser has the right to request that the council's Scrutiny and Improvement committee review the steps that the council has taken in response to your petition. It is helpful to everyone, and can improve the prospects for a review if the petition organiser gives a short explanation of the reasons why the council's response is not considered to be adequate.

The committee will endeavour to consider your request at its next meeting, although on some occasions this may not be possible and consideration will take place at the following meeting. Should the committee determine we have not dealt with your petition adequately, it may use any of its powers to deal with the matter. These powers include instigating an investigation, making recommendations to the council executive and arranging for the matter to be considered at a meeting of the full council.

Once the appeal has been considered the petition organiser will be informed of the results within 5 working days.

Petitions Scheme Appendix 1

**PROTOCOL FOR HANDLING PETITIONS BY THE
COUNCIL**

1. The Policy & Performance Team Leader will receive all petitions from members of the public either directly or via the Ward Member(s), formally acknowledge receipt to the lead petitioner(s) and inform him/her of this process. A copy of the acknowledgement will be sent to all Member(s). Acknowledgement should take place within 10 working days of receipt of the petition.
2. Where the Council's Petition Scheme specifies that a petition must contain a minimum number of signatures, then that number of signatures must be from people who live, work or study in the Borough. All other petitions must be signed by people who live work or study in the Borough.
3. The Policy & Performance Team Leader will take a copy of the petition and pass the original, together with a copy of the acknowledgement letter, to the appropriate Chief Officer.
4. The Policy & Performance Team Leader will advise the Chief Officer, the Cabinet Member(s), the Chair(s) of the appropriate Overview & Scrutiny Committee(s) and other relevant officers if there are any specific concerns relating to a petition (see emboldened paragraph below).
5. If the matter can be resolved quickly and informally by notifying the lead petitioner(s) of some scheduled action on the matter, or if some other basic action(s) on the part of the Department concerned would allow the matter to reach an acceptable conclusion to both parties, the Chief Officer, following discussion with and agreement from the appropriate Cabinet Member(s), should seek to carry out these actions. A confirmation of what has been agreed should be sent in writing to the lead petitioner(s) and copied to the Policy & Performance Team Leader and the Ward Members. This communication should also seek to confirm that the lead petitioner(s) are satisfied that the matter has been concluded and should provide contact details if they wish to take the matter further.
6. If the Cabinet Member, in discussion with the Chief Officer, feels the petition cannot be speedily resolved to the lead petitioner's satisfaction, they will instruct the Chief Officer to call an informal meeting which they will both attend, along with any other relevant officers, the lead petitioner(s) and the Ward Member(s). The meeting will be chaired by the Cabinet Member and will not be the decision-making forum but will enable the chairperson to hear any differing opinions and clarify any matters of fact. Once s/he has had the opportunity to consider the content of the meeting and any other relevant information, the Cabinet Member will give guidance to the Chief Officer about the viability of any solution(s) necessary.

7. The Chief Officer concerned should contact the lead petitioner(s) within 10 working days of the acknowledgement letter, to attempt resolution of the matter or in order to arrange an informal meeting.
8. Following the informal meeting, a record of the deliberations and any proposed solution(s) will be prepared and disseminated by the Chief Officer to the Policy & Performance Team Leader and all attendees of the meeting.
9. However, if in consultation with the Chief Officer, the Cabinet Member feels that the issue is sufficiently complex or important enough to warrant examination by an overview & scrutiny committee, the Cabinet Member will consult with the Chairperson of the relevant Scrutiny and Improvement committee to ascertain whether it is possible for the petition to be heard by the committee and on what date. If there is agreement that the relevant Scrutiny and Improvement committee should consider the matter, the lead petitioner(s) will be contacted accordingly.
10. The Cabinet member will also notify the Policy & Performance Team Leader and the Chief Officer, that the petition will be considered by a Scrutiny and Improvement committee. The Chief Officer will ensure that the Policy & Performance Team Leader is provided with a covering report within the requisite time period and is advised of any Members/groups/individuals who should be notified about the date, time and venue of the overview & scrutiny meeting.
11. The petition will be heard at a specially convened meeting of the appropriate overview & scrutiny committee(s) and not as part of a regular business meeting. If the petition is to be heard by more than one overview & scrutiny committee a special joint meeting will take place. One of the Chairs of the overview & scrutiny committees that have been brought together to hear the petition will be responsible for chairing the joint meeting. The Policy & Performance Team Leader will inform the lead petitioner(s) and Ward Member of the meeting (offering them the opportunity to attend the relevant committee(s) and for the Ward Member to present the petition on behalf of the petitioners).
12. The Policy & Performance Team Leader will write to the lead petitioner(s) and Ward Member inviting them to meet the Chair of the overview & scrutiny committee and the Head of Democracy thirty minutes before the start of the meeting in order to agree the "ground rules" for the hearing. A copy of the outline "ground rules" will be enclosed with the correspondence. These ground rules will include:
 - Who will be allowed to address the meeting (this will usually be the lead petitioner(s), the Ward Member and the leader of any counter petition).
 - The duration of any single address to the Committee.
 - The sequence of these addresses to Committee.

- The general code of conduct of the meeting (e.g. only one person to speak at any one time, all comments to be addressed through the Chair, the Chair's decision is final).
13. The Chair will also explain the nature of overview & scrutiny and its powers to the petitioners. This will include:
 - The fact that overview & scrutiny is not a decision-making body
 - That overview & scrutiny will attempt to gather all the relevant information and advise those making the decision (i.e. the Cabinet regarding "in year" policy or budget implementation or the Council regarding new policy or budget issues)
 - That, at the conclusion of the meeting, overview & scrutiny may either make a positive recommendation or suggest further consultation or information gathering.
 14. At the meeting, the Scrutiny and Improvement committee will hear the lead petitioner's views on the matter and the professional advice of officers. It will scrutinise the perceived need for action, whilst being mindful of professional advice, budgetary and other implications of any recommended action
 15. At the end of the meeting, the Democratic Services Officer attending will record the conclusions reached and any recommendation for further action. This information will be sent in a letter to the lead petitioner(s) with a copy to the Ward Member, the Cabinet Member and the Chief Officer. If the subject matter of the petition is also to be resolved by the Cabinet, the date of that Cabinet meeting and the corresponding meeting of the Scrutiny and Improvement committee will be provided.
 16. Petitions for Debate (By the Full Council)

If you want your petition to be reported to and debated at a meeting of the Council, it must contain at least 1,500 signatories or petitioners (this is reduced to 500 signatories or petitioners where the petition relates to a local issue, affecting no more than 2 electoral wards within the authority's area). Should you wish to do so you will be allowed up to 5 minutes to make an oral presentation about your petition. The petition will then be discussed by councillors for a period at the discretion of the Mayor.
 17. Petitions to Hold an Officer to Account

If you want your petition to be considered at a meeting of an Scrutiny and Improvement committee, where an officer, identified either by name or by post title, will be required to answer questions on the conduct of a particular matter, your petition should contain at least 750 signatories or petitioners (this is reduced to 100 signatories or petitioners where the petition relates to a local

issue, affecting no more than 2 electoral wards within the authority's area). Should you wish to do so you will be allowed up to 5 minutes to make an oral presentation about your petition. The petition will then be discussed by councillors for a period at the discretion of the Chair.

The authority has determined that such petitions must relate to the Chief Executive, a Director or a Head of Service of the authority. Please note that where the petition raises issues of competence or misconduct, the petition will be referred to the Chief Executive (or to the Chief Personnel Officer in respect of the Chief Executive) and will be considered under the authority's Disciplinary Procedures, and not under this Petitions Procedure.

18. Appeals

- If the petition organiser is not satisfied with the outcome of the authority's consideration of his/her petition, he/she may appeal to the Corporate Resources and Governance Scrutiny and Improvement Committee by notifying the Petitions Officer of his/her intention to appeal within 20 working days of being notified of the authority's decision on the petition.
- Within 10 working days of receipt of intention to appeal, the Petitions Officer will determine which is the relevant Scrutiny and Improvement Committee and will notify the petition organiser of the time, date and place of the next convenient meeting of the Scrutiny and Improvement Board and will invite the petition organiser to attend the meeting and to address the Committee for up to 5 minutes on why he considers that the authority's decision on the petition is inadequate.
- At that meeting, the Scrutiny and Improvement Board will invite the petition organiser and Ward Councillors to make their representations and to explain why s/he considers that the Cabinet Member's response was insufficient. The Corporate Resources and Governance Scrutiny and Improvement Committee may not over-ride the Cabinet Member, but the Cabinet Member must consider any recommendations made by the Corporate Resources and Governance Scrutiny and Improvement Committee.

This protocol will need to be actively overseen by the Policy & Performance Team Leader with reference to petitions concerning the behaviour of individuals, families and other groupings and all other situations where the motivation behind one or more of the petitions may reasonably be suspected of being racist, sexist, in any other way in contravention of the Council's commitment to equality and equity, or in possible contravention of the Human Rights Act or the principles of natural justice. In each case, it is the responsibility of the Policy & Performance Team Leader to investigate and make recommendations, either in public or in private, to Members of the relevant Committees and Departments in accordance with the Information Procedure Rules set out in the Constitution.

Corporate Complaints Procedure

Complaints and Compliments Procedures

In order to ensure that the Council complies with statutory requirements the Council has five Complaints procedures:

- Corporate Complaints and Compliments Procedure
- Complaints Procedure for Adult Social Care
- Complaints Procedure for Children's Social Care
- Complaints arising in Schools
- Vexatious Complainants Procedure

There are policies and/or procedures relating to each of these and they can be obtained by visiting our website <https://www.redcar-cleveland.gov.uk/about-the-council/compliments-and-complaints-procedures> or by contacting the Corporate Complaints Officer.

Protocol on the Use of Members' IT Facilities

1. Introduction

- 1.1 The Council provides Councillors with computer equipment to use at home, and otherwise outside of Council buildings, to facilitate the performance of their duties as Councillors. The Council is committed to the development of E-Government and will be working over the coming years to increase the range of information which is available to Councillors electronically and to enable Councillors to conduct more of their business remotely. The use of this computer equipment can make Councillors much more effective but there are risks associated with such use. This protocol sets out the conditions on which such computer equipment is provided, in order to minimise those risks both to the Council and to individual Councillors.
- 1.2 The computer equipment consists of:
 - Laptop computer with MS Windows, MS Office and Lotus Notes installed
 - Printer
 - Remote access to the Council's network.
- 1.3 Each Councillor is required to sign a copy of this protocol as a condition of being provided with the computer equipment and must comply with the terms of this protocol.

2. Security of the Computer Equipment.

- 2.1 The Councillor accepts responsibility for the safe-keeping of the computer equipment and shall make reasonable arrangements for the safe-keeping of the computer equipment.
- 2.2 The Councillor shall ensure that no-one other than the Councillor is given access to the computer equipment and shall not allow any other person to use the computer equipment.
- 2.3 Access to the Council's information systems via the computer equipment is subject to password security. The Councillor shall ensure that no-one other than the Councillor is given access to those Council information systems and shall not reveal any such password to any other person.

3. Use for Council Business

- 3.1 The computer equipment is provided to the Councillor specifically to facilitate the discharge of the Councillor's functions as a Councillor. The Councillor must therefore not use the computer in any manner which will prevent or interfere with its use for that purpose.
- 3.2 The Council has obtained the necessary software licenses for the use of the computer equipment by the Councillor for Council business only.

- 3.3 Accordingly, the Councillor must not:
- misuse the computer equipment in such a manner as to cause it to cease to function;
 - install or use any equipment or software which may cause the computer equipment to malfunction;
 - subject to de minimus acceptable use as to which the opinion of the Monitoring Officer will be conclusive:
 - use the computer equipment for private business purposes;
 - use the computer equipment for personal or family purposes.

- 3.4 The Councillor must:
- Ensure that the computer equipment is maintained in a working condition;
 - Report any faults promptly to the appropriate officer of the Council;
 - Provide regular access to Council officers to service, maintain and repair the computer equipment.

- 3.5 The Council is prohibited from publishing any material of a party-political nature. The Councillor must not, therefore, use the computer equipment for the preparation of any material of such nature.

4. Bringing the Council into Disrepute

- 4.1 The Councillor shall not use the computer equipment, or permit its use, in any manner which may bring the Council or the Councillor into disrepute.
- 4.2 Specifically, where the Council provides web-sites for Councillors, the Council reserves editorial control of such websites and the right to remove or require the removal of any material which is unlawful, defamatory or likely to cause offence or bring the Council into disrepute.

5. Inspection and Audit

- 5.1 The Council reserves the right to inspect the computer equipment at any time. The Councillor is required to give Council officers access at any reasonable time for such inspection and audit, which may be undertaken remotely and without notice to the Councillor. Councillors are advised that the computer equipment includes a history file which records its use, and particularly any websites which it has accessed.

6. Costs

- 6.1 The Council will meet the cost of providing the computer equipment, together with a limited supply of paper and printer cartridges. Further supplies can be obtained from Democratic Services on telephone extension 4413. The Council may decline to provide further supplies beyond a certain allowance, where the use of such supplies appears to be excessive for Council use.
- 6.2 The Council provides a telephone line for the Councillor to dial in to the Council offices to access the central systems for information, E-mail or Internet access.

- 6.3 Each Councillor is responsible for his/her own electricity bill. When turned on, the computer consumes about the same amount of electricity as a 100 Watt light bulb.

7. Return and Recovery of the Computer

- 7.1 The computer equipment remains the property of the Council.
- 7.2 The Council reserves the right to require the Councillor to return the computer equipment at any time and the right to recover the computer equipment from the Councillor.
- 7.3 The Councillor is required to return the computer equipment to the Council upon ceasing to be a Councillor.

8. Confidentiality

- 8.1 The Councillor will be able to access confidential Council information using the computer equipment. The Councillor is responsible for ensuring the continued security of any such confidential information which he/she receives, including the security of any storage of such information on the computer equipment. The Councillor is reminded of his/her obligations under the Council's Code of Conduct for Councillors not to disclose such confidential information to any third party.
- 8.2 Some of the information accessed may be personal information relating to individuals. The unauthorised processing or disclosure of such information is prohibited under the Data Protection Act and the Councillor is responsible for ensuring that there is no such unauthorised disclosure from the computer equipment.

9. Restriction of Use

- 9.1 The Council reserves the right to restrict the use of the computer equipment if it has reason to believe that the use of the computer equipment is likely to offend any provision of the Protocol. In particular, the Council reserves the right to:
- remove or disable any software or equipment;
 - remove any information stored on the computer equipment.

I confirm that I have received the computer equipment referred to in this Protocol and that I understand the contents of the Protocol.

Protocol on Recording, Filming, Photographing and Broadcasting Redcar and Cleveland Borough Council Meetings

1. General.

Redcar and Cleveland Borough Council is committed to good governance and to open and transparent decision making. The Council welcomes the attendance of the press and public at all of its meetings when they are open to the public.

This protocol provides guidance to the press and public on the use of mobile phones, social media (use of web-based technologies to share information and to interact with online communities, e.g. blogs, Twitter, Facebook, YouTube and SMS text messaging), filming, photographing, recording and broadcasting of Council, Cabinet, Committee, Sub-committee, Board and Panel meetings which are open to the public

2. Attendance at Meetings of the Council.

The press or public may attend any meeting of the Council, Cabinet, a Committee, Sub-committee, Board, or Panel whilst that meeting is in open session. They may record, film, photograph and broadcast the proceedings of any of these meetings. The “press” is widely defined and includes citizen journalists, bloggers, social commentators and film crews as well as more traditional print media. There is no requirement for accreditation.

3. Facilities for the Press and Public.

The Council will make “reasonable” facilities available to assist anyone wishing to record, film, photograph or broadcast proceedings of its meetings. This may include providing a table at each meeting for use by the press to assist with taking their reports. The Council may also designate an area in the public area of a meeting room or in the public gallery of the Council chamber for use by anyone wishing to record, film, photograph or broadcast proceedings. Space in these areas will be limited, and the Council cannot guarantee that space will be available.

The Council will not provide any additional kit or equipment (including electric points) to enable the recording, filming, photographing or broadcasting of proceedings, beyond the normal microphone systems employed at the meeting. The Council will not generally facilitate additional internet access. If and to the extent that Wi-Fi is available in the meeting room, the Council will not be liable for any disconnection, suspension, interruption or termination to the Wi-Fi service.

4. What May be Recorded etc?

Any meeting of the Council, Cabinet, all Committees, Sub-committees, Board and Panels and any joint committees with other local authorities may be recorded, filmed, photographed or broadcast whilst these meetings are in public session only. However, any such activity, broadcast, commentary or expression of views is subject to UK law, including the laws of defamation, public order, data protection and human rights legislation.

All recordings must be overt (i.e. clearly visible to anyone attending the meeting).

Those filming or recording the proceedings must not edit them in such a way that could lead to the misinterpretation or misrepresentation of the proceedings or comments made by the attendees.

5. Restrictions on Recording etc.

(a) Meetings during which the presence of the press and public are excluded

The press and the public must be excluded, by resolution, from a meeting, where the transaction of business on the agenda is likely to involve the disclosure of confidential information and information which is prohibited from being disclosed by any enactment or by a court order ('exempt information').

Where the transaction of business on the agenda is likely to involve the disclosure of exempt information as defined by law and it is resolved to exclude the press and public, then all rights to film, record, photograph or broadcast the meeting are suspended, and recording equipment used for the purpose of reporting the meeting must be removed from the meeting while the meeting is in closed session.

(b) Members of the public attending the meeting who do not wish to be recorded, filmed, photographed or broadcasted

If required, a separate public area may be designated for people who do not wish to be filmed, photographed, recorded or appear in any broadcast. In the Council Chamber, this area may typically be towards the rear of the public gallery.

Persons who film, photograph, record, or broadcast meetings are requested to focus only on Councillors, Officers and the public who are directly involved in the conduct of the meeting.

Where a member of the public is permitted to address a meeting the Chair will ask each individual to give their permission to being filmed, recorded, photographed or to appear in a broadcast or in any other means used by the press or public for enabling persons not present to see or hear proceedings at the meeting as it takes place or later. Where permission is refused, the Chair will instruct that any recording, filming, photographing etc. cease whilst the person is addressing the meeting. Failure to comply with this instruction will be deemed to constitute disruptive behaviour which may result in expulsion from the meeting.

(c) Use of Mobile Devices and oral commentary

To minimise disruption to others attending the meeting, all attendees must ensure that their phone or other mobile devices are set to silent mode during the meeting. Whilst written reporting or written commentary is permitted during a meeting, no oral commentary or oral reporting is permitted, as this could be disruptive to the proceedings of the meeting.

(d) Children

Without the express permission of their parents or guardian, the recording, filming etc. of children who may be in attendance is strictly prohibited.

(e) Seating

To assist the meeting to run smoothly without unnecessary interruption, members of the press and public should remain seated whilst undertaking any filming, photography etc.

6. Exclusion from a Meeting on the Grounds of Disruptive or Intrusive Behaviour

As far as possible, every effort will be made by the Council to ensure that the press and public are able to exercise their rights to film, record etc. However, should such activity become overly intrusive or disruptive to the point where it is considered to interfere with the proceedings, or the conduct of business, or the decision making process, then the Mayor (in the case of Council meetings) or the Chair (in the case of Cabinet, Committees etc. meetings) will warn the person to desist. If the instruction is not respected, the person will be asked to leave the meeting.

If the activity is disruptive or distracting to the good order and conduct of the meeting, the Mayor or Chair may rescind permission for the press and public to record, photograph, film, broadcast or use any other means for enabling persons not present, to see or hear proceedings at the meeting as it takes place, or later. The Mayor or Chair's ruling is final.

Examples of disruptive behaviour may include:

- moving to areas outside of the designated area within the public gallery, or such other area as may have been set aside, for the purpose of recording, filming, photographing or broadcasting the meeting, without the permission of the Mayor or Chair;
- generating excessive noise in making a recording or during the setting up or re-siting of equipment during the meeting;
- use of intrusive lighting or use of flash photography;
- attempting to address the meeting without permission or asking for statements to be repeated for the purposes of recording;
- seeking to record, film, photograph or broadcast members of the public against their wishes.

7. Permission and Notice of Attendance

Whilst no prior permission is required to film, record, photograph or broadcast a meeting in open session, it is requested that any person wishing to film or audio record a public meeting notify Democratic Services (01642 444413) in advance so that reasonable facilities to support this can be provided for the public meeting and so that an announcement to this effect may be made at the start of the meeting

8. Claims or liabilities

Any person or organisation choosing to film, photograph, record or broadcast any meetings of the Council, Cabinet etc. is responsible for any claims or other liability resulting from their activities and by choosing to film, photograph, record or broadcast proceedings they accept that they are required to indemnify the Council, its Members and Officers in relation to any such claims or liabilities.

9. Deemed acceptance of this policy's requirements

Any person or organisation choosing to film, photograph, record or broadcast any meetings of the Council, Cabinet etc. is deemed to have accepted the requirements of this policy.

10. Notices

A notice will be displayed in meeting rooms providing information to those wishing to record, film, photograph or broadcast meetings and for members of the public.

Local Guidance For Councillors And Officers Dealing With Planning Matters

1. Introduction

- 1.1** The public perception of probity in planning decision-making is critical if the system is to remain effective and retain the confidence of its users. For planning applications, decisions are normally made by the Council's Regulatory Committee. Planning policy is established by full Council. It is important to demonstrate impartiality in all planning decisions. To this end, Redcar & Cleveland Borough Council is publishing this local guidance which applies to any member (Councillor) or officer who deals with planning matters. It is published to be read alongside the Council's Code of Conduct for members, the Redcar & Cleveland Code of Conduct for Employees, the Royal Town Planning Institute Code of Professional Conduct for Officers.
- 1.2** In the interests of probity, in the event that a Councillor considers that he or she has or may have breached this guidance e.g. by indicating in any way support or objection to a proposal in advance of a meeting of the Council at which the proposal is to be considered, the appropriate course of action is for the Councillor to declare the breach or potential breach at the earliest opportunity at the beginning of the meeting and to withdraw from the meeting when the proposal is to be considered.

2. The roles of Officers and Members

- 2.1** Both officers and Members serve the public. Councillors are responsible to the electorate whilst officers are responsible to the Council as a whole. Councillors have the legal authority to make decisions. This authority is exercised in the Council's Committees, Cabinet and at meetings of the Full Council. Many types of decisions are delegated to officers.
- 2.2** Officers advise Members and implement the Council's decisions. Their advice is based upon professional judgement rather than political considerations. At all times they are expected to act with competence, honesty and integrity. Professional officers are bound by the Codes of Conduct of their respective professional institutes and in addition the Council requires them to exercise their professional judgement impartially and to the best of their ability and to discharge their duty with due care and diligence and without discrimination. An officer's own personal or political opinions must not interfere with their work for the authority.
- 2.3** It is important that the relationship between Officers and Members is based upon mutual trust and understanding. This relationship must never be abused or compromised.

3. Lobbying

3.1 Lobbying, or seeking to influence a decision, is part of the political process. Those potentially affected by a planning decision or their agents will often seek to influence the decision by approaching Council Members. Whilst there is nothing improper in this, such lobbying can call into question the impartiality and integrity of individual Members if they give the impression of support or opposition, or declare their voting intention prior to formal consideration of the matter. To declare a voting intention without having all the relevant information, views and advice before them would be unfair. Thus, Members are advised:

- To take care in expressing any opinion on a planning proposal until they have received a formal report from officers at Regulatory Committee. Prior to that it is best to offer only procedural advice and refer lobbyists to professional officers. Representations made to officers can then be included in any formal report.
- Officers may give an indication of their likely recommendation to Committee based upon policy contained in statutory plans and Government advice etc.
- During any discussion with lobbyists Members should make clear that their comments are not those of the Council and are provisional pending other evidence and officer advice.
- Members may visit sites before Committee but they should have regard to the principles set out above. They should avoid situations where they could be subject to undue pressure by an applicant, agent or objectors.
- Councillors should not debate or negotiate detailed planning issues with lobbyists.
- Councillors should not lobby other Members.
- Councillors should not put any officer under pressure to make a particular recommendation.
- Given that the point at which a planning decision is made cannot occur before the Committee meeting when a formal report is presented, political group meetings prior to the Committee meeting should not influence how Councillors sitting on the Regulatory Committee should vote.
- It is appropriate for Ward Members or any Member having detailed knowledge of a particular matter to address the Committee but those Members should not organise support or opposition or lobby other Members.
- Councillors should not act as advocates or agents for planning applications or other planning matters to be determined by the Council.

- Instances of lobbying should be declared on the appropriate form which will be placed on the relevant case file. (Forms can be obtained from the Development Control Section, from the Council's intranet or copied from Appendix 1 of this report).

4. Pre-application discussions

4.1 Pre-application discussions are encouraged in order to achieve the best planning outcome for all. These discussions may continue after determination of an application if there are reserved or outstanding matters or amendments to be dealt with.

4.2 These discussions should always be undertaken by officers who should make it clear that they are expressing a professional officer opinion and thus the discussions are held without prejudice.

4.3 The following guidelines should be adhered to:

- Pre-application discussions should always be conducted at appropriate officer level. However, it should be made clear that the views expressed may be subject to review at a more senior level or by Members at Committee
- Advice should be consistent with Statutory Plans, Government Planning Policy Guidance and Statements and any other material considerations.
- Officers should make a detailed written note of any pre-application meetings as soon as practicable.
- Confirmation of the advice given should always be supplied in writing when requested by or on behalf of the applicant or when deemed appropriate by the Section Manager.
- Where Members attend any such meetings they should be seen to be advised by professional officers of appropriate seniority. Members' involvement should be authorised by the main Committee.
- The involvement of Members should be recorded in any subsequent Committee report.
- In the case of potentially contentious meetings, 2 or more officers will attend.

5. Parish Council Membership

5.1 Some Borough Councillors are also Parish or Town Councillors. This may present problems where the Parish or Town Council is consulted on an application or policy matter especially if the Councillor comes under pressure to indicate support or objection to a proposal in advance of a decision by the Regulatory Committee, Cabinet or Full Council.

5.2 It is possible that a Councillor in this position could vote in a different way at the Regulatory Committee, Cabinet or Full Council meeting when all relevant

information is available in the officer's report.

5.3 Borough Councillors who serve both Councils are advised;

- That Councillors should clearly explain to Parish and Town Councils that they do not form a view upon planning applications or planning policy until the relevant information is before them at the Borough Council.
- That they can continue to offer advice and assistance when planning matters are considered by the Parish Council but they should avoid giving any indication of support or objection in advance of a decision by the Borough Council. In particular, they should emphasise to Parish/Town Councils that in the organisation of Parish Town Council business the impartiality of Borough Councillors must not be prejudiced by the Parish/Town Council requiring or expecting Borough Councillors to speak or vote on planning matters or in any other way to express a view on a proposal in advance of a decision by the Borough Council.
- That they can pass on the views of the Parish Council and explain the reasons for those views when the Borough Council considers the application.

6. Ward interests

- 6.1** Councillors have a special duty to their ward constituents but an overriding duty to the wider community. For this reason they should not favour any individuals or groups and they should represent their constituents as a body. Where a ward member has publicly supported a particular outcome, that member should make an open declaration to the Regulatory Committee and withdraw whilst the application is determined.

7. Declaration of interests

- 7.1** The Local Government Act, 1972 and the National Code of Conduct must be adhered to scrupulously so that not only is impropriety avoided but so too is any appearance or grounds for suspicion of improper conduct.
- 7.2** Members need to register and declare certain interests and this is covered in the Code of Conduct for Members. The guiding rule for both Councillors and officers is that they must not use their position to further private or personal interests rather than the public interest or give grounds for any suspicion in that connection.
- 7.3** Where a Member declares a prejudicial and/or pecuniary interest he or she must withdraw from the relevant proceedings and not seek improperly to influence them.

8. Hospitality

- 8.1** Whilst a reasonable amount of entertainment is a normal part of public life, it is important that the offer or acceptance of hospitality is not perceived as the execution of improper influence on individuals. All such offers must be recorded on the appropriate form.

9. Development proposals submitted by Councillors or Officers of the Council

9.1 Serving Councillors and officers of the Council should not act as agents for people pursuing a planning matter with the local authority.

9.2 Members or officers connected with the Council's Planning Service, or their close friends or relatives will from time to time submit their own proposals to the Council. In doing so, they should declare their interest to the Monitoring Officer and they should take no part in the Council's handling of that matter. Declarations of interest should be logged on the relevant planning files.

10. The decision

10.1 Within Redcar & Cleveland, there are two categories of decision on planning and related applications:

- those delegated by the Regulatory Committee to Officers.
- those made by the Regulatory Committee

10.2 Planning Policy decisions are generally made by Full Council

10.3 In instances where the decision is made at Committee, or Full Council, officers will prepare a full and structured report setting out the relevant points and in the case of applications, the development plan policies, site or related history and other material considerations including any representations made in respect of the application. The officers' report will include a clear recommendation.

10.4 The law requires that decisions should be made in accordance with the Development Plan unless material considerations indicate otherwise (S38(6)) of the Planning and Compulsory Purchase Act 2004). Where Members make a decision contrary to officer recommendation, Members will clearly specify the planning reason(s) for that decision and these will be minuted.

11. Committee site meetings

11.1 Site inspections by the Committee can be helpful in reaching a decision on issues where site circumstances are fundamental to the decision. Site inspections should only be called where the impact of the proposed development is difficult to visualise from the plans and other supporting material. The reason for each committee site visit shall be minuted and recorded on the file.

11.2 Visits will be conducted in a formal manner in compliance with the Human Rights Act 1998. The Chair or Vice-Chair will open the meeting and advise those present of the purpose of the meeting and how it will be conducted. Officers will highlight issues relevant to the site inspection.

11.3 Subject to the permission of the landowner being forthcoming, members of the public, Ward Councillors and Parish and Town Councillors and representatives may observe proceedings but not take part in any discussion and they will not be permitted to address the Committee on site.

- 11.4** At the end of the site visit, the Regulatory Committee will return to Belmont House or other appropriate venue to make a decision on the application.
- 11.5** Each year a review will be undertaken of decisions made following a Committee site visit and the results and analysis presented to the Regulatory Committee.
- 12 Public speaking at Committee**
- 12.1** Redcar & Cleveland Borough Council permits public speaking at its Regulatory Committee (applications) meetings, subject to the following

- Where possible those wishing to speak should advise an officer in the Development Control team, in advance of the Regulatory Committee meeting that they wish to speak on an application. (Contact names and numbers appear on any correspondence from the Council in connection with the planning application). Speaking will only be permitted if the application is one which will go before Regulatory Committee and the individual concerned has a legitimate interest in the application. Comments should be limited to material planning considerations and comments of a personal or discriminating nature will not be permitted. Prior notice should be given if it is intended to show plans, photographs or other illustrative material and copies must be deposited with the Council. Where there are several members of the public wishing to make the same points, the Chair may ask them to elect up to three spokespersons.
- Those wishing to speak should arrive at the Regulatory Committee meeting at least 15 minutes before its start and report to the democratic services officer or planning clerk. A note will be taken of their details and the Chair of the Committee advised accordingly.
- Generally, the Chair will ensure that those applications on which people wish to speak are taken early on in the agenda.
- Such applications will be dealt with as follows: The Chair will ask the officer(s) to present their report. Following that, the order of speaking is:
- Objector(s)/Supporter(s) (3 minutes each maximum) the number of objectors/supporters allowed to speak will be at the discretion of the Chair but will generally not exceed 3 for each side). The Chair will not allow repetition of points.
- Ward Members (3 minutes each maximum)
- Parish/Town Council Representatives (3 minutes maximum)
- The applicant or their Agent (3 minutes maximum)

- 12.2** Following the above, the Chair will ask the Officer(s) if there are any further points they wish to make in response to the points raised. The Committee will then debate the application and a decision will be made. Very occasionally, a decision may be deferred for more information. Members of the Committee may ask specific questions of a speaker for clarification, but speakers will not be allowed to join in the Committee debate, or to speak from the floor before or after their 3 minute slot.
- 12.3** A short leaflet will be made available to members of the public attending Regulatory Committee meetings, explaining briefly the procedures followed. A copy is forwarded when objectors are notified of the Committee date.
- 12.4** If a member of the public interrupts the proceedings, the Chair should warn that person. If the person continues the disruption, the Chair shall order an adjournment of the meeting. If deemed necessary the Chair shall order that the disruptive person be removed to enable the meeting to be resumed.
- 13. Regular reviews of decisions**
- 13.1** A sample of sites of implemented planning permissions should be visited and assessed once per year by the Regulatory Committee, as recommended in the Audit Commission's document "Building in Quality". The sample should include examples from a broad range of categories and the results formally considered in order to inform the need for amendment to policies or practices.
- 13.2** A system of peer reviews exists between planning officers of the Tees Valley Authorities. Redcar & Cleveland will continue to play its part in this.
- 14. Complaints about the Planning Process**
- 14.1** The Council has adopted a complaints procedure for all service areas which can be utilised to make any complaint about the process of delivering the Planning Service. Full details are contained in "Complaints, Comments, Compliments" published by the Council's Democratic Services Section.
- 14.2** Complaints in respect of any Council Member are handled by the Council's Monitoring Officer and the Governance Committee.
- 14.3** All complaints will be monitored for the purpose of identifying trends.
- 15. Training**
- 15.1** Officers who are members of professional institutions are required to complete a prescribed amount of Continuing Professional Development (CPD) and the Council's Investors in People designation requires all officers to keep up to date with their training.
- 15.2** The Nolan Committee recommends that "All Members of an authority's Regulatory Committee should receive training in the planning system, either before serving on the Committee or as soon as possible after their appointment to the Committee." The Government endorses this recommendation and together with the Local Government Association, the Improvement and Development Agency and the Royal Town Planning

Institute has devised a proposed syllabus covering all aspects of planning for Members' training. The Council's Regulatory Committee has indicated its intention to comply with the recommendation and Members should therefore make every effort to attend training events organised on their behalf to meet these recommendations. No Member will be permitted to vote at the Regulatory Committee before completing at least the necessary induction training, provided by the Head of Planning & Development. Regulatory Committee has resolved that this 'qualifying' training shall be renewed at least every 3 years (or as otherwise required by changes in legislation or planning practices and procedures).

Protocol and Guidance for Directors of Council Companies and Joint Ventures

1. Introduction

This guidance is for those who may have a role in connection with the Council's trading companies and joint ventures. It helps them and the Council (as shareholder) to recognise the interests involved and to avoid a conflict between them.

The guidance sets out:

2. Why this guidance matters
3. Recognising the different roles
4. Avoiding the problem – the appointment of directors
5. Recognising the interests involved
6. Behaviours, codes of conduct and responsibilities
7. Handling conflicts of interests

Appendix 1 - further information on the general duties of a company director

2. Why this guidance matters

- 2.1 Being a director of a local authority company requires those appointed to the roles to operate in a different legal framework to that of the Council. It can lead to real conflicts between the duty owed to the company and the interests of the Council.
- 2.2 It can also lead to conflicts of interest on a personal level which makes holding some roles in the Council unviable whilst continuing as a director. It is necessary to make different assumptions about how things operate and what issues you need to have demonstrated you took into account, and what had no influence.
- 2.3 Too often, this is not understood until problems arise, resulting in reputational and financial damage and in some cases, external intervention directly impacting on the Council.

3. Recognising the roles

- 3.1 **Officer of the council:** the first duty of an officer of the Council is to the Council itself, using their knowledge and professional expertise, and the Council's information and resources, to give advice, make decisions under delegation, and to deploy resources to deliver the Council's objectives. This is a contractual duty and may be waived by the Council in relation to officers who are appointed as Directors when they are acting in their capacity as Directors.
- 3.2 **Member of the council:** a member of the Council is democratically elected to represent their communities and may be appointed to the formal roles of

bodies within the Council's decision-making structure to make decisions and to share policy on behalf of the Council. Such roles may involve executive decision making or scrutiny. Elected members are under a legal duty to always act in the best interests of the Council. If appointed as a director of a company, they would also be under a legal duty to act in the best interests of the company. This presents a possible conflict of interest which would be impossible to resolve.

- 3.3. **Director of a company:** a director's first duty is to the interests of the company not to the Council. The Institute of Directors' Corporate Governance Guidance and Principles states "an important principle of company law is that directors have a duty to promote the success of the company as a whole. Appendix 1 provides further information on the general duties of a company director. They are specifically prohibited from directing the activities of the company in favour of themselves or particular shareholders and/or stakeholders"
- 3.4 By the nature of these various roles, each has an in-built interest, a fiduciary duty to the body concerned. A conflict of interest arises where these roles and duties coincide. Situations can inevitably arise where the same person will be a decision maker or advisor both for the Council and one of its companies. Examples of this includes matters of reporting, contractual discussions, investment requests or resourcing agreements.
- 3.5 Council appointed directors should make themselves available for Council scrutiny committees and other Council governance forums, which oversees the company. They are not obliged to disclose commercially confidential information about the company.

4. **Avoiding conflicts**

Right person, right role – guidance for the Council in appointing directors

- 4.1 The Council can minimise the risk of a conflict by considering carefully at the outset who it appoints as a director. For example, a particular professional role (e.g. Head of Service) with the skills and experience that such a role requires, may suggest that the post would be an ideal choice. However, this could significantly limit what the postholder is then able to do within the Council as regards decision making, access to information and influence.
- 4.2 In general, the more senior the officer, the more likely it is that their 'day job' for the Council may conflict with a company director role or would need to be inhibited to a counterproductive extent in trying to balance the two.
- 4.3 In accordance with the latest LLG CIPFA Solace Code of Practice for Good Governance for Local Authority Statutory Officers, the Head of Paid service (Chief Executive), Monitoring Officer and Chief Finance Officer (Section 151 Officer) **must not hold directorships** on Council owned companies or joint ventures but retain their role to avoid conflicts of interest and act in the public

interest and in the interests of the Council. Steps are currently being taken to address any issues that might currently exist on this issue.

- 4.4 Personal factors may also present a conflict. For instance, where an Officer or Member (or a relative or close friend of theirs) has an interest in a competitor to the company concerned.
- 4.5 Appointments should take account of:
- The benefits of appointing independent directors to the entity
 - The need to avoid officers also being appointed to positions within the company, if such eventuality is likely to lead to a conflict of interest
 - Achieving as wide a range of skills as possible relevant to the company's purpose and aims.
- 4.6 Given the nature of their roles and the likelihood of conflicts of interest it may not be appropriate for certain officers to be appointed as directors and careful consideration should be given by the Council before an appointment is made. Such positions include Corporate Directors and Heads of Service whose service areas relate to the aims of the company.
- 4.7 Prior to the appointment of any officers as directors, consideration should be given as to whether any ethical walls are necessary. For example, restricting an officer's involvement in the 'Council side' of any projects or initiatives that overlap with the aims and activities of the company/joint venture; or their access to confidential information relating to such projects, initiatives and activities. These should be discussed and agreed with the Monitoring Officer.
- 4.8 A Director will also need to be mindful of the sensitivity of the information gained within the company and take care not to disclose this inappropriately within the Council.

5. Recognising potential conflicts

- 5.1 Examples of where conflicts can arise include:
- **No scrutiny of own decisions/performance:** holding a council role which involves potential oversight and scrutiny of the entity, while also holding a position within the entity.
 - **Council decision affecting the company:** an Officer as director making/advising the Council on a decision under delegated powers for the Council, that affects the company. The director could provide information to the Council on behalf of the company if invited to do so.
 - **Personal/private interests:** holding a position as a Director while having a private financial or non-financial interest which may conflict or maybe perceived to conflict with the role. For example, Director (or their relative/close friend) has an interest in a supplier or competitor to the company.
 - **Gifts & hospitality:** Directors receiving benefits from third parties (e.g. potential suppliers to the company) such as gifts and hospitality.

- **Access & use of information, opportunity:** the exploitation by a director of any asset, information or opportunity related to the company. It could be a breach of a director's duty to the company either to disclose confidential company information to the Council, or to disclose confidential council information to the company. Section 175 of the Companies Act 2000 terms this the avoidance of the "exploitation of any property, information or opportunity" whether the company gains advantage from property, information or opportunity.

- 5.2 Officers may be clear about their roles within the Council and the company. However, they must also be aware of what those roles mean for their use of market sensitive information or other confidential intelligence that might be of interest to the other entity but to which they would not be otherwise entitled. The officer needs to be very clear about which role they are performing and not to disclose or otherwise act on the awareness of any such information in the secondary setting.
- 5.3 Directors should actively consider the potential for conflicts of interest, identify and act to resolve them. This means considering and registering their standing interests at the point of appointment. They must consider the "declaration of interests" item on each council or company board meeting agenda and think through what the business on that agenda means for any interests they may have.
- 5.4 It is also important to consider the sources of information (particularly confidential information) that the Director can access or may receive as part of their roles and the extent to which this is appropriate or requires mindfulness of their fiduciary duties. The same applies to managers who may oversee staff who may be working on projects which may impact their company role. The Monitoring Officer can advise on the potential for conflicts of interest.
- 5.5 Where a potential conflict of interest may arise, then in addition to declaring it at the relevant meeting, the appointee should not vote on the matter.

6. Behaviours, Codes and Responsibilities

- 6.1 Officers are subject to the Seven Principles of Public Life ("the Nolan Principles and to the Code of Conduct for Employees Values Behaviours Framework) This applies not only when acting within the Council but when serving on a Council company. This is in addition to the responsibilities under local government and company law. Regard must also be had to the Articles of Association for each company and the conflicts of interest requirements within them.
- 6.2 In accordance with the Nolan Principles, Officers, even when serving as directors must always demonstrate:
- Selflessness
 - Integrity
 - Objectivity

- Accountability
- Openness
- Honesty
- Leadership

The Code of Conduct for Employees requires Officers to declare any professional or personal relationships with contractors, any financial or non-financial interests which could conflict or be seen to conflict with the council's interests. Officers must also seek approval before undertaking any outside work, which includes any paid or unpaid work, including voluntary work undertaken in addition to council employment. This includes appointments as Director to a Council company/joint venture.

- 6.4 The Code is also clear that information obtained in the course of employment should not be used to further private interests or improper or commercial gain or for fraudulent or malicious activities.

Articles of Association

- 6.5 Each of the Council's companies/joint ventures will have its own Articles of Association and these may include their particular requirements for handling conflicts of interest.

7. Handling Conflicts of interest

- 7.1 In matters of reporting, contractual discussion, investment requests or resourcing agreements, there is the potential for the same person to be a decision maker or advisor both for the Council and the company. It will become an actual conflict whenever that scenario occurs in practice.
- 7.2 Company directors have a legal duty to avoid a situation where they have, or may have, an interest that conflicts with the interest of the company. Company law and articles of association do allow provisions for directors and shareholders to authorise a conflict in some circumstances. However, an Officer cannot waive their duty to act in the public interest when exercising their duties to the Council.
- 7.3 This will on occasion create an inescapable conflict of interest between someone's role as an Officer of the Council and as a director of a company. In practice, once a person is appointed as a director of the company/joint venture, their prime duty is to the company and their involvement in decision-making/voting on the company board must reflect that.

Process in relation to declaration of conflicts:

- 7.4 The following process should be followed in relation to the declaration of conflicts
- i) **Outset declaration:** Directors to the company should complete a declaration of interests form before their appointment is made;

- ii) **Training:** training on identifying conflicts should be given to Directors as arranged or commissioned by the Monitoring Officer;
- iii) **Potential conflicts:** where an Officer considers a potential conflict exists between their Council and their company role, they should confidentially discuss with the Monitoring Officer (or their nominated Deputies) to determine whether a conflict exists on the Council side and with the Company Secretary on the company side.
- iv) **Declaring the interest:** the Director should follow the Council's and company's normal procedures for declaring and registering an interest. It is important that Officers take full note of the content of agendas and whether the business to be transacted raises any potential conflicts. There will be a point on each agenda where interests should be declared.
- v) **stand down from discussion:** having declared a conflict of interest, there should be no taking part in a decision about the issue.
- vi) **Ethical wall:** in the case of an officer who may have a conflict between their roles, the Monitoring Officer may consider implementing an "ethical wall" between the person and their access to information or their influence towards fellow officers; this would be recorded and proportionate to the circumstance.
- vii) **Annual update of registers of interest:** there should be an annual reminder to each Officer to update their registers of interest to encourage continued thinking about potential or emerging interests.

[Being a company director - GOV.UK](#)

As a director, you must perform a set of 7 duties under the [Companies Act 2006](#). These still apply if:

- you're not active in your role as director
- someone else tells you what to do
- you act as a director but have not been formally appointed
- you control a board of directors without being on it

Company's constitution

You must follow the company's constitution and its articles of association. These are written rules about running the company, agreed by the members, directors and the company secretary.

The constitution sets out what powers you have as a director, and the purpose of those powers.

Promote the success of the company

You must act in the company's best interests to promote its success. You must consider the:

- consequences of decisions, including the long term
- interests of its employees
- need to support business relationships with suppliers, customers and others
- impact of its operations on the community and environment
- company's reputation for high standards of business conduct
- need to act fairly to all members of the company

If the company becomes insolvent, your responsibilities as director will apply towards the creditors, instead of the company. A creditor is anyone owed money by the company.

Independent judgement

You must not allow other people to control your powers as a director. You can accept advice, but you must use your own independent judgement to make final decisions.

Exercise reasonable care, skill and diligence

You must perform to the best of your ability. The more qualified or experienced you are, the greater the standard expected of you.

You must use any relevant knowledge, skill or experience you have (for example, if you're a qualified accountant).

Avoid conflicts of interest

You must avoid situations where your loyalties might be divided. You should consider the positions and interests of your family, to avoid possible conflicts.

You should tell other directors and members about any possible conflict of interest, and follow any process set out in the company's articles of association.

This duty continues to apply if you're no longer a director. You must not take advantage of any property, information or opportunity you became aware of as a director.

Third party benefits

You must not accept benefits from a third party that are offered to you because you're a director. This could cause a conflict of interest.

The company may allow you to accept benefits like reasonable corporate hospitality, if it's clear there's no conflict of interest.

Interests in a transaction

You must tell the other directors and members if you might personally benefit from a transaction the company makes. For example, if the company plans to enter a contract with a business owned by a member of your family.

Other duties

Other duties you must perform as a company director include:

- not misusing the company's property
- applying confidentiality about the company's affairs

Liability

- Directors owe numerous duties, or are otherwise exposed to the prospect of **personal liability**, under both the Companies Act 2006 and a wide variety of other laws and regulations, such as insolvency, environmental and health and safety legislation.

- Directors may be liable, to their company or to third parties, under assorted legal theories including contract law and tort law.

When Do Directors Become Personally Liable?

Instances when a director may face personal liability for losses include:

- A breach of directors' duties
- On insolvency, in particular, if there is wrongful trading
- Negligent misrepresentation
- Unfair Prejudice
- Criminal wrongdoing, such as misappropriation of funds or fraud
- When the director has personally guaranteed to borrow

Further details can be found on Directors' duties: general duties under the Companies Act

CRIMINAL RECORD CHECKS FOR ELECTED AND CO-OPTED MEMBERS POLICY

1.0 Purpose and scope

- 1.1 This Policy sets out the Council's requirements for Disclosure and Barring Service (DBS) checks for elected and co opted councillors, including the level of check, who must be checked, how results will be handled, and what happens if there is a positive trace.
- 1.2 The Policy aligns with:
 - a) Best practice recommendations that councillors appointed to committees discharging education or social services functions should undergo enhanced DBS checks.
 - b) The national framework for member conduct under the Localism Act 2011, which allows councils discretion over the content of their Codes of Conduct and arrangements for dealing with breaches.

2.0 Policy statement

- 2.1 The Council has resolved that all councillors must undergo a DBS check at their own cost, at the level specified in Section 4 of this Policy.
- 2.2 No councillor may be appointed to, or continue to serve on, any committee, sub committee, panel or role identified in Section 4.2, unless they hold a valid DBS check at the level required for that role. (NB requirement this preserves political proportionality by requiring groups to nominate eligible members for their seats.)
- 2.3 Failure to comply with this Policy may constitute a breach of the Council's Code of Conduct (see Section 10).

3.0 Legal context and principles

- 3.1 Levels of DBS checks (Basic, Standard, Enhanced with/without Barred Lists) and eligibility are set nationally; Enhanced and Barred List checks can only be requested where the role is eligible in law.
- 3.2 In line with national guidance, councillors considered for appointment to committees and roles that discharge education or social services functions are eligible for an Enhanced DBS check; authorities have been urged to adopt this as best practice pending legislation.
- 3.3 This policy complies with requirements under the Rehabilitation of Offenders Act 1974 and the DBS Code of Practice for handling disclosure information (see Section 7). The Council will also apply this Policy in accordance with the Equality Act 2010.

4.0 Which level of check?

4.1 All councillors – Basic DBS Checks:

All Councillors will be required to undertake a Basic DBS check (self funded) within 28 days of this policy taking effect. Thereafter, the requirement will apply within 28 days of signing the Declaration of Acceptance of Office and checks will be renewed after each set of local elections (currently every 4 years), or via the DBS Update Service.

4.2 Committee Membership & Roles Requiring Enhanced DBS Checks):

A councillor must hold an Enhanced DBS check (with or without the relevant Barred List(s) depending on specific panel duties) to be eligible for appointment to any of the following :

- Corporate Parenting Board
- Adoption and Fostering Panels
- Education appeals or decision making panels involving children's services functions
- Adults' Social Care panels
- Cabinet Member for Children
- Cabinet Member for Adults
- Such other roles, committees, panels or bodies as may be added to this list from time to time by the Monitoring Officer taking into account their functions and the need for DBS checks to be applied

Note: Enhanced DBS checks may only be lawfully requested where a role is eligible and the eligibility criteria in DBS guidance are met; the Monitoring Officer will confirm eligibility before such a check is initiated.

5.0 Costs

- 5.1 Self funding requirement: The Council motion resulted in a resolution that Councillors must pay the DBS application fee and (if chosen) the DBS Update Service subscription. Where the Council makes any payment, this will be deducted from allowances paid by the Council to each Councillor. A consent form will be to provide authority for this deduction to be made.

6.0 Process and timing

- 6.1 Initiation: Democratic Services will provide members with instructions to apply for the required DBS level and to consent to verification. In basic terms, however, enhanced checks will be undertaken via NEREO who provide this service on behalf of the Council. Basic checks must be undertaken by Councillors themselves via <https://www.gov.uk/request-copy-criminal-record>.

To carry out this check they will need:

- Their addresses for the last 5 years and the dates they lived there.
- Their National Insurance number.
- Their passport.
- Their driving license
- At the end of the process, they will need to pay a fee (£21.50 at the time of this document being created)

6.2 Evidence: Once received, Councillors must provide the DBS Certificate or decision confirmation to the Monitoring Officer or their nominated officer. The Council will not retain a copy of the full certificate; only minimal data will be recorded.

6.3 Validity & renewal:

6.4 DBS checks will be undertaken based on the following timetable:

- Basic: 4 year cycle (as above) or Update Service.
- Enhanced: on appointment and then 4 yearly (or Update Service annual subscription).
- Earlier re checks may be required if an Elected Member's role changes or there is cause to review (see Section 8).

7.0 Handling, confidentiality and data protection

7.1 The Council will handle DBS information in accordance with the DBS Code of Practice and data protection law.

7.2 The Monitoring Officer (or a designated senior officer) may view the DBS Certificate or decision confirmation details sufficient to make an eligibility/risk decision.

7.3 Group Leaders (where applicable) will be informed only of the outcome (Eligible/Ineligible and any restrictions), not underlying conviction data.

7.3 The Council will record the certificate number, issue date, level, expiry/renewal date, and the outcome of any risk assessment; it does not keep a copy of the full the DBS Certificate or decision confirmation unless strictly necessary (e.g. for legal proceedings).

7.4 Records will be retained for the shortest period necessary to administer eligibility and audit decisions (normally 18 months after the councillor ceases to hold the relevant role).

8.0 Positive traces and risk assessment

8.1 A “positive trace” means a DBS certificate reveals information (convictions, cautions or relevant police information) that may affect suitability for the role. The Monitoring Officer will conduct a structured risk assessment (Appendix A).

8.2 Where there is a positive trace, the following outcomes may apply:

- Eligible for role – no restrictions (information not relevant to the role).
- Eligible – with conditions (e.g., additional supervision; exclusion from certain visits or case specific activity).
- Ineligible for specific committee(s)/roles - where the risk cannot be mitigated.
- Referral (e.g., to safeguarding partners / LADO where appropriate).

8.3 The Monitoring Officer will consult, where appropriate, with the Executive Director of Adults and Communities or Children and Families as appropriate and will advise the relevant Group Leader (where relevant) or the Leader of the Council (in the case of Cabinet roles) on eligibility only.

9.0 Non compliance and eligibility for appointment

9.1 Subject to 9.3 below, a councillor who fails to obtain or renew the required DBS check cannot be appointed to (or must step down from in the event of a trace resulting in their ineligibility) any committee or role identified in Section 4.2 until compliance is achieved.

9.2 This does not alter political proportionality: for committees the seat remains with the political group, which must nominate an eligible member. For Cabinet roles, the Leader of the Council must appoint an eligible member.

9.3 For reasons of practicality and to ensure that committees/Cabinet may be properly constituted and/or quorate, the Monitoring Officer may exercise discretion to waive these requirements on a temporary basis only, pending the results of an appropriate DBS check being received. (For example, if there are significant delays in DBS check results being received after local elections). This discretion may be exercised on a blanket or individual basis, taking into account the relevant circumstances at the time.

10.0 Relationship to the Code of Conduct

10.1 Compliance with this Policy forms part of members’ standards obligations. Failure to follow the Policy may constitute a breach of the Code of Conduct and be dealt with under the Council’s arrangements made pursuant to Section 28 of the Localism Act 2011.

11.0 Appeals and review

- 11.1 A councillor may request that an Assessment Sub-Committee (drawn from the Governance Committee under the Council's Arrangements for Dealing with Code of Conduct Complaints) should review an eligibility decision. The Committee will consider representations from the councillor, along with advice from the Monitoring Officer and (where relevant) the Independent Person. The Assessment Sub-Committee will not re adjudicate criminal matters; it will review the reasonableness of the eligibility decision.

12.0 Communications and training

- 12.1 Induction will include safeguarding and DBS briefing. Members appointed (or who may seek to be appointed) to education/social care functions must complete safeguarding training, to enhance public confidence.

Part 6 - Members' Allowance Scheme

Redcar and Cleveland Borough Council Members Allowances Scheme 2026-28

INTRODUCTION

The Redcar and Cleveland Borough Council in exercise of the powers conferred by the Local Authorities (Members' Allowances) (England) Regulations 2003 hereby makes the following Scheme.

This Scheme may be cited as The Redcar and Cleveland Borough Council Members' Allowances Scheme and shall have effect for the year commencing on 1st April 2026 and subsequent years, unless amended by the Council.

1. MEMBERS ALLOWANCES BASIC PRINCIPLES

The Council previously fixed the value of the various classes of allowance by reference to the number of full-time equivalent days per annum multiplied by a daily rate calculated on the average national weekly wage as determined by the Local Government Association. Independent consultants were used to originally assess the number of full-time equivalent days attaching to each class. All these figures have been and are now subject to review by the Independent Remuneration Panel.

Members Allowances are paid at monthly intervals.

All allowances are subject to tax and National Insurance deductions and these will be deducted prior to payment. Where members elect to receive reimbursement by way of a single advance payment, they should be aware that should their National Insurance status change within the year (eg reach retirement age) they will not be able to reclaim any refund of NI contributions for their period of office after the change of status.

All payments made under the Members Allowances Scheme are to be made through the payroll system (except on the grounds of urgency or the correction of error as approved by the Chief Financial Officer).

Where a Member leaves office, mid-term and having received any advance payment in relation to any un-discharged period of office then such payments are re-payable to the Council.

A Member who is claiming or receiving any benefit should notify the DWP or other Benefits Office, as their right to receive the benefit may be affected.

Any nationally agreed inflationary pay award for staff be applied similarly to Members in respect of the Basic and Special Responsibility elements of the Members' Allowances Scheme. This will be based on the main pay award used for Council staff, excluding any separate pay award increases that are given to specific groups, for example lower paid staff or Chief Officers. For example, if there is pay award which applies only to those earning below a certain level of salary or salary point, then that will not apply to the Members' Allowance Scheme. If there is a pay award which applies differential rates across the pay spine, the percentage increase to be

applied to the Members Allowance Scheme will be the lowest rate that applies to staff. In the event there is a pay award involving a flat rate payment, this will be converted to a percentage of salary and the lowest percentage applicable across all staff will be applied to the Members Allowances Scheme.

Save for annual inflationary increases as above, annual amounts due to Members are reviewed every two years and are shown at Schedule 1 to the Scheme.

2. BASIC ALLOWANCE

The Council has decided that the Basic Allowance for Members should be calculated by reference to 116 (one hundred and sixteen) full time equivalent daily sessions per annum. Further, the Council has decided that this should be discounted by one third to reflect the voluntary nature of some Councillor's duties. This gives a discounted figure of 77 (seventy-seven) days per annum.

3. SPECIAL RESPONSIBILITY ALLOWANCE

In addition to the payment of a basic allowance to each Member, the following appointments are specified as those to which the Special Responsibility Allowances (SRA) applies and are calculated by reference to the number of full time daily sessions. The discount for the voluntary aspect of council work is not applied to these figures.

OFFICE	DAYS
Leader of the Council	170
Deputy Leader of the Council	91
Cabinet Members	78
Chair of Regulatory Committee	39
Vice Chair of Regulatory Committee	16
Chair of Employment, Health & Safety Committee	23
Vice Chair Employment, Health & Safety Committee	8
Chair of Governance Committee	17
Vice Chair of Governance Committee	5
Chair of Scrutiny & Improvement Committees (x5)	23
Vice Chair of Scrutiny & Improvement Committees (x5)	8
Co-optee to Governance Committee	5
Group Leader	39
Independent Person	flat rate

Not more than one Special Responsibility Allowance (SRA) can be claimed by any one Member (with the exception of the Deputy Mayor's Allowance). If, however, a Member qualifying for an SRA, by virtue of their duties with the Council, is appointed to a position with a joint body, which qualifies for an SRA, the Member is entitled to an additional SRA from the joint body concerned.

The overall number of SRAs and the numbers within sub-class may only be altered by way of a variation of the scheme.

SRAs for Group Leaders are payable only where membership of the Group amounts to ten or more.

The Council Leader's SRA will be payable to the Leader of the ruling group (the group of which the Council Leader is a member) and there will be no further Group Leader Allowance available to a Member of that group.

The number of Group Leader Allowances (in addition to the Leader's Allowance) will be limited three and in the case of equality of membership in the smallest qualifying groups, the allowance should be shared by the relevant Group Leaders.

Not more than half (30 in total) of all Councillors are to be in receipt of an SRA at any given time except in the event there is a need for Group Leader Allowances to be shared in which case the maximum number of SRAs allowed under the scheme will be deemed to have been increased accordingly in order to cater for this situation.

4. JOINT AUTHORITIES

Although attendance allowance is no longer payable by the Council under the Redcar and Cleveland Scheme, Members who have duly attended meetings of Joint Authorities may be eligible to claim attendance allowance either from the Joint Authority or the Council, who will reclaim it from the Joint Authority concerned.

5. CIVIC ALLOWANCES

Personal Allowances are payable as follows: -

ROLE	FTE DAYS	NOTES
Mayor	104 days (of which 9 fte days is the allowance for the Mayor's escort)	To include any SRA payable to the Mayor
Deputy Mayor	26 days	To be additional to any other SRA payable to the Deputy Mayor

This allowance is subject to tax and national insurance deductions and these will be deducted prior to forwarding payments to the Mayor and Deputy. As shown above, the Mayor's allowance includes the allowance for an Escort. The Mayor is responsible for any tax and other disbursements the Mayor makes to the Mayor's Escort.

6. DEPENDENT CARERS ALLOWANCE

The Council has determined to pay an allowance to Members who necessarily incur expenses for the care of dependent relatives whilst discharging their approved duties.

1. That a childcare allowance and a dependent carers' allowance be paid at the same rate as the commissioned care hourly rate subject to maximum payment of 50 hours per month.
2. That the childcare allowance be limited to children 14 years or under and the dependent carers' allowances be payable only where there is medical or social work evidence that care is required.
3. That the allowances be paid in reimbursement of incurred expenditure against receipts, and be restricted to one claim per month in respect of the household of each Member and not payable to a member of the claimant's own household.
4. Care allowance will be payable for care costs incurred as a result of members carrying out approved duties as defined in the scheme.

7. SUBSISTENCE ALLOWANCE AND TRAVELLING EXPENSES

Travel and subsistence allowances can only be paid for duties, which have been approved by the Council before the duty is performed. Approved Duties are defined in legislation as set out in schedule 3.

A subsistence allowance and travelling expenses claim can only be payable to Members in relation to the following approved duties:

- A meeting of the Cabinet
- A meeting of a committee of the Cabinet
- A meeting of the Authority
- A meeting of a committee or sub-committee of the authority
- A meeting of some other body to which the authority make appointments or nominations, or
- A meeting of a committee or sub-committee of a body to which the authority make appointments or nominations;
- A meeting which has both been authorised by the authority, a committee, or sub-committee of the authority or a joint committee of the authority and one or more other authorities, or a sub-committee of a joint committee and to which representatives of more than one political group have been invited (if the authority is divided into several political groups) or to which two or more councillors have been invited (if the authority is not divided into political groups)
- A meeting of a local authority association of which the authority is a member
- Duties undertaken on behalf on the authority in pursuance of any standing order made under section 135 of the Local Government Act 1972 requiring a member or members to be present while tender documents are opened
- Duties undertaken on behalf of the authority in connection with the discharge of any function of the authority conferred by or under any enactment and empowering or requiring the authority to inspect or authorise the inspection of premises
- Duties undertaken on behalf of the authority in connection with arrangements made by the authority for the attendance of pupils at a school approved, for the purpose of section 342 of the Education Act 1996

- Carrying out any other duty approved by the body, or any duty of a class so approved, for the purpose of, or in connection with, the discharge of the functions of the body, or of any of its committees or sub-committees including Representational Duties, subject to the following provisos:
 - That the activity is non-political representational work, in the community, relating to the functions of the authority where there is a demonstrable link between the issue dealt with by the Member and his or her role as a Councillor as evidenced by one or more of the following:
 - (i) a report (verbally or in writing) by the Member to an appropriate Scrutiny meeting;
 - (ii) a reference to a Chief Officer, Ombudsman or other relevant person;
 - (iii) a reference to an appropriate external organisation.
 - That sufficient details of the work are submitted with any claim, so as to enable an appropriate audit of the activity to be undertaken. Officers would be expected to carry out a management check of the claim and activity before processing that claim for payment and any “audit” by the Internal Audit Service would be to ensure that there was appropriate evidence of management checks being undertaken.
- Any other duty approved by the Council connected with the discharge of the Council’s functions or its Cabinet, Quasi Judicial Committees, Scrutiny, Neighbourhood Action Partnerships or other committees from time to time appointed by the Council.

Members are reminded of the need to sign a record of attendance at approved duties.

Subsistence Allowance

Travel and subsistence allowances for Members are payable on the same basis as applicable to Officers and subject to the same or similar requirements on the cost-effective use of public transport where reasonable.

Subsistence allowance can only be claimed for the time necessary to attend approved duties, including necessary travelling time (ie not all the time spend away from the Member’s residence, if some of that time includes non eligible activities).

Subsistence allowances are claimable to enable a Member to perform any approved duty except that:

- Law prescribes some maximum figures and the Council has adopted these.
- Members should note that expenditure must be incurred before subsistence allowance may be claimed.
- Reimbursements supported by receipts and vouchers will be paid in full.
- Claims not supported by receipts and vouchers will not be paid.

The maximum rates are reviewed annually and are set out in Council’s published Scheme.

Where a meal is provided free of charge (except where the Member is in any case required to pay full board) then a deduction shall be made at the rates set out in Schedule 2.

Where a Member travels overnight by train and uses sleeping accommodation, then the subsistence allowances payable for that night will be reduced by one third.

Where a substantial journey has to be undertaken, Members are permitted to leave the previous day if they would otherwise have to leave home before 8.30am. They may return the following day if they would otherwise arrive home after 10.00pm.

Hotel and other accommodation must be booked in advance by through Democratic Services to enable the Council to secure such discounts which may be available to it.

If, for reasons of urgency, a Member makes a booking direct and pays for the accommodation, reimbursement will be limited to the lower of actual cost or the maximum permitted rate and subject to the conditions set out in the above paragraph.

For conferences and any visits abroad, an estimate of the cost of subsistence must be calculated and approval sought from the Leader of the Council or his/her deputy prior to departure. Then subsistence will be paid as follows:

- Reasonable expenditure on production of receipted invoices.
- Normal subsistence rate for any period not covered by receipted invoices.

It is appreciated that, where conference organisers allocate accommodation in advance, the Member has no choice; in other cases, Members are asked to be reasonable in their choice of accommodation.

Travelling Expenses

The Council had determined that, within the limits laid down by regulations, the following scales of travelling expenses will apply:

Rail Travel

- Members should travel by standard class rail unless the Leader of the Council expressly states otherwise.
- Members must make travel arrangements through the Democratic Services Section or the Managing Director (except on grounds of urgency).

Air Travel

- Is permitted where it can be demonstrated to be more cost effective than alternative modes of transport in terms of saving in time, saving in overnight accommodation and subsistence costs. All bookings must be made through the Democratic Services except on the grounds of urgency after consultation with the Chief Financial Officer.

Use of Private Motor Vehicle

- Members who use their private motor vehicle in the course of their approved duties may claim reimbursement of costs in accordance with the rates set out for Officers for the relevant Municipal Year.

Hackney Carriage

- Hackney Carriage (taxi) fares or Private Hire Fares will be reimbursed on the production of a receipt as follows:
- Within the boundaries of the Tees Valley Authorities where no public transport is available (for example to reach a railway station or Redcar and Cleveland House when public transport is not available).
- Outside the boundaries of the Tees Valley Authorities. This is in recognition that generally public transport will not supply the door to door service needed on such occasions.

Hired Vehicles

- Where it is cost effective to do so hired vehicles may be used. Such hire should be arranged through Democratic Services (except in an emergency and in consultation with the Chief Financial Officer).

Other Incidental Travel Costs

- Actual expenditure will be reimbursed for costs incurred on tolls, ferries, and parking fees outside the Borough. Receipts must be obtained.
- Members who wish to purchase a long stay parking permits can do this via the salary sacrifice scheme. For those who wish to use the salary sacrifice scheme, deductions will be made over a period of 12 months.

8. PROVISION OF TELEPHONE AND MOBILE PHONES

The Council has agreed that Members of the Council are entitled to the use of a mobile phone / digital device. The device will be procured by the Council and the rental/call charges paid direct by the Council.

The device must be used solely for Council business and Members must sign a declaration to that effect for tax purposes.

9. TAX AND NATIONAL INSURANCE CONTRIBUTIONS

Members whose only employment is with the Authority will have tax deducted in accordance with the code supplied by the Inland Revenue.

Members who also have other employment may have their tax code applied to the other employment, and tax deducted at basic rate from payments made by this Authority, or they may have their coding split by the Inland Revenue.

Members who are self-employed will normally have tax deducted at basic rate.

More detailed information on allowable expenses for tax should be obtained from the Member's own Tax Office.

National Insurance Contributions are due if a Member received an amount over the lower earnings limit.

10. UNEMPLOYMENT AND OTHER DWP BENEFITS

A Member who is claiming any DWP benefits should notify their Benefit Office, as their right to receive the benefit may be affected by their income received as a Member.

A Member should declare any income received as a Member to the Housing and Council Tax Benefit Section, if they are in receipt of Housing Benefit and/or Council Tax Benefit.

11. COMBINED FIRE AUTHORITY

The constituent Authority is empowered to make payments of Attendance Allowance, and Travel and Subsistence Allowance where elected Members are performing duties authorised by the Council or the Combined Fire Authority. Therefore, Members are unable to claim expenses relating to e.g. Visits to Fire Stations or to visit the Chief Fire Officer, unless the duty is approved by the Combined Fire Authority.

12. TERMS OF OFFICE

Members of the "Old" Council retire on the 4th day after the election.

Retiring Councillors are entitled to the Basic Allowance and appropriate Special Responsibility Allowance up to and including the 4th day after the election.

Members of the "New" Council are entitled to the Basic Allowance from and including the 4th day after the election. Entitlement to appropriate SRA commences from the Annual Meeting at which Councillors are appointed to office carrying such SRA.

A Member elected at a by-election will take office on the day following the by-election.

13. FOREGOING ENTITLEMENT

A Member, upon giving notice in writing to the Chief Financial Officer, may elect to forego any part of his or her entitlement to an allowance under the Scheme.

Allowances foregone, must still be reported by a Member to the DWP when claiming DWP Benefits, as it may affect their entitlement. They should also report this to the Housing and Council Tax Benefit Section if they are in receipt of Housing Benefit and/or Council Tax Benefit.

14. MEMBERSHIP OF OUTSIDE BODIES

The current list may be amended from time to time by, for example, the inclusion of additional Outside Bodies or the deletion of existing ones. Members should, therefore, check with the Democratic Services Section who will retain the most up-to-date list.

Where the Council is required to make appointments to any new outside bodies, those appointments will be a function of the Borough Council, save for those where:

- a. the Outside Body in question requires the appointment of a Cabinet Member; or
- b. the Monitoring Officer, in consultation with all political group leaders, determines that the appointment should be an executive function, referring any disagreement on the issue for consideration via the formal route for constitutional changes.

The approved list is attached as Schedule 3.

15. CLAIMS AND PAYMENTS

Payments shall be made in respect of basic and special responsibility allowances and co-optees allowances in instalments of 1/12 of the amount specified in this scheme on the 25th of each month.

Reimbursements of travel and subsistence will be made on the 25th of each month on the submission of claims and appropriate receipts.

To enable the Authority to recover the VAT element on mileage paid a VAT receipt must be attached to mileage claims. Only one VAT receipt is required, however, that VAT receipt must be dated on or before the first journey on the claim form. If no VAT receipt is attached, then payroll will refuse to pay the claim.

All Members must provide the required driver documentation to comply with the Permitted Driver Policy. No mileage claim will be paid if the appropriate driver documentation has not been provided.

Reimbursement of expenses incurred to enable a Member to attend a meeting or other approved duty will be made following consideration by the Monitoring Officer and provided that it can be demonstrated that they have been necessarily incurred, and upon production of receipts.

Claims for travelling and Subsistence allowances should be submitted on a monthly basis. However, any claim for such allowances **MUST** be received within three months from the date on which the entitlement to that allowance arises.

Where a claim for such an allowance is received outside the three month period, the Authority shall exercise discretion as to whether payment shall be made.

2. The current list may be amended from time to time by, for example, the inclusion of additional Outside Bodies or the deletion of existing ones. Members should, therefore, check with the Democratic Services Section who will retain the most up-to-date list.

Part 7 – Council Management Structure

Section A – Political Management Structure

Redcar & Cleveland Borough Council – Constitution - Political Structure

Section B – Officer Management Structure

Management Structure – Further Detail

Without limiting the foregoing, the functional scope of the Directorates includes:

Chief Executive (Resources Directorate)

As well as being the Head of Paid Service, the Director also has responsibility for the Corporate Resources Directorate. The Director will have corporate responsibility for strategic planning (not to be confused with land-use planning) and policy framework, working to generate income to deliver our vision, while ensuring value for money and efficiency are embedded culturally across the Council.

The directorate covers the core business support functions; finance, legal, governance, communications and IT, procurement, audit, human resources, assets and organisational change. This allows a clear focus on the delivery of our corporate vision and future financial sustainability

Executive Director for Children and Families

The directorate has responsibility for championing the interests of children and young people across all Council services and with all partners. This includes areas such as health and employment. The director is also the corporate champion in relation to safeguarding and will use their expertise to challenge policy and processes to safeguard people of all ages.

The directorate has responsibility for skills, ensuring that we have sufficient capacity to reflect our priority in supporting Foundation for Jobs and providing an effective and joined-up service across all ages, to ensure that our residents can gain the right skills and qualifications to secure employment within the Borough

Executive Director for Adults and Communities

The directorate focus is on building stronger, resilient, self-sufficient communities in our borough, increasing capacity to enable local communities to make lasting change, improve quality of life, prosperity and the environment.

The Executive Director for Adults and Communities leads on developing a culture of co-operation and co-production, respecting and nurturing the skills and talents of local people and enabling them to fulfil their potential.

The director has responsibility for :

- Adult services, where reablement continues to be embedded as the preferred delivery model.

- Neighbourhoods, where we continue to work in partnership with willing volunteers to maintain and enhance the local environment and encourage responsible behaviour to prevent harm and reduce costs.
- Health, where we target our work to improve public health, and collaborate with health partners to provide seamless, efficient services.
- Community services, where effective community development and strong partnership working underpin all services.

The Director has corporate responsibility for embedding a culture of co-production across the Council, maximising social value and strengthening partnership working. They champion and lead the relationship with the voluntary and community sector and take responsibility for promoting and nurturing volunteering in the Borough.

The Director is the corporate lead on emergency planning to ensure the safety of our community.

Executive Director for Growth, Enterprise and Environment

The Executive Director for Growth, Enterprise and Environment is part of the executive management team with responsibility for growth, climate and environment and, in particular, the council's growth strategy, which underpins the future prosperity of the Redcar and Cleveland community as well as long term sustainability of the Council and its ability to deliver services.

In addition to the Executive Directors there is a further senior post, which has a direct reporting line to the Chief Executive as follows.

Director of Public Health

Building on the maturing collaboration we have been developing with health and social care partners across South Tees, we have a shared Director of Public Health with Middlesbrough Council.

The Director of Public Health has a direct reporting line to the Chief Executive and is able to influence policy across the Council but, for operational purposes sits within the Adults and Communities Directorate because of the synergies between the two agendas.
