

## **Interim Review of Polling Districts and Polling Places 2026**

### **Longbeck, Skelton East and Wheatlands Wards**

This partial review of polling districts within Redcar & Cleveland is required following the conclusion of the Community Governance Review which approved changes to the parish boundary of Saltburn, Marske and New Marske Parish Council.

Legislation requires each parish to constitute a separate polling district, therefore, the agreed boundary changes result in the current polling district arrangements no longer complying with statutory requirements. Amendments are therefore necessary to ensure compliance.

The (Acting) Returning Officers for the Redcar Constituency and Middlesbrough South and East Cleveland Constituency have considered the current polling arrangements and have made comments as set out below.
