

Improve Your Maths Skills for Life, Learning and Work

The Functional Skills Maths programme is designed to help adults develop practical mathematical skills that can be used confidently in everyday life, in the workplace and further study.

Whether you are looking to improve your confidence with numbers, gain a recognised qualification, support your children with homework, progress to further education, or meet employment requirements, this course offers a supportive and flexible learning environment to help you achieve your goals.

Courses are available from Entry Level 1 through to Level 2, allowing learners to start at the level that is right for them.

What Will You Study?

Number

- Add, subtract, multiply and divide
- Fractions, decimals and percentages
- Ratio and proportion
- Estimate and check answers

Measurement, Shape & Space
