

Begin Your Career in Education

The Pathway to Education programme has been designed for adults who are interested in working within schools, early years settings, or educational support roles. Whether you are looking to start a new career or develop your existing skills, this pathway provides the qualifications, knowledge and confidence needed to progress into education-related employment.

Alongside nationally recognised qualifications, learners will gain valuable digital skills, personal development training, first aid certification and a funded Enhanced DBS check.

What Will You Study?

Level 2 Certificate in Supporting Teaching and Learning in Schools

Develop the knowledge and skills needed to support children's learning and wellbeing within a school environment, including:

- Understanding child and young person development
- Safeguarding and child protection
- Supporting learning activities
- Promoting positive behaviour
- Working effectively within the school environment

Resilience and Managing Your Workload

- Build personal resilience
- Manage workload effectively
- Maintain wellbeing in the workplace
- Improve organisation and time management skills.

Inclusion and Working with Others

- Promote equality, diversity and inclusion
- Recognise and respond to individual learner needs
- Work positively and professionally with others
- Communicate effectively in a range of settings

Makaton Early Years

Emergency First Aid

Funded Enhanced DBS Check

Level 3 Certificate in Supporting Teaching and Learning in Schools

Build on your knowledge and prepare for more advanced support roles by learning how to:

- Support teaching and learning across the curriculum
- Promote inclusion and equality
- Support pupils with additional needs
- Develop positive relationships with children and young people
- Contribute to assessment and learner progress

Level 2 Certificate in Understanding Behaviour that Challenges

Develop your understanding of behaviour and learn strategies to support positive outcomes by:

- Understanding behaviours that challenge
- Exploring the reasons behind behaviours
- Developing positive behaviour support strategies
- Promoting person-centred approaches
- Building effective communication techniques

Microsoft Word

Microsoft PowerPoint

Microsoft Excel

Microsoft Outlook
